REBERSBURG.

Miss Violetta Wolf has gone back to Dakota, N. Dak., to resume her studies as teacher.

Rev. Wm Willis Sholl and wife returned to Holy Springs, Cumberland county on Friday.

Prof. Henry Elmer Bierly, who is prominently connected with the educational interests of the South, stopped over a week with his mother, Mrs. Joseph Bierly, Rebersburg, being on his way to New York, Boston and Philadelphia, in connection with the business end of the Southern Educational Association of which he is secretary and manager.

Elmer, as we all know him, is one of the many natives of Brush Valley, who are a credit to the county and the state, and yet he is one of the most modest of men. He now occupies a prominent chair in the faculty of the University at Chattanooga, Tennessee, having made a special study of biology and all those branches of science which concern human and animal life, the development of the child into a man, and the destiny of that immortal essence men call the soul, mind, spirit or nepheeh. He has attained an eminence in his profession of which we are all very proud. His motto has been to accomplish everything fully and never leave anything but half done.

Having graduated at Princeton, with the degree of M. A., he was not content, but took special post-graduate courses at Harvard, Boston, Clark and Chicago Universities, while himself engaged in university work in the South. Hence he was fully equipped for the great work in the new south which he now leads. In addition to the duties above enumerated, he is editor of the Southern Educational Review devoted to school supervision and college education; editor of a Southern Educational series and lecturer on child study at Southern Summer schools. With such multifarious duties it requires executive ability of a high order and systematic industry unparalleled.

One of the tires on their car burst which delayed them for some time, but they got it fixed up and went on their way as though nothing happened. One of the fellows said, "he wouldn't get his girl that night," but we hope he did.

UNSIGHTLY ERUPTION ON FACE AND HEAD. Afflicted for Months—Burned and Itched—Used Cuticura and He was Cured in Three Weeks—Not Even a Scar Left.

"As a grateful mother, I feel it my duty to thank you for the cure of my little son who was afflicted, for about eight months with sores all over his head, back of his neck and nearly all his face. We tried kindred remedies without any relief. We even employed a good physician and I am sure he tried his very best to cure my poor suffering little boy. But, alas! instead of getting better he went for the worse. He had been literally covered with scabs and ugly sores and his cries kept us awake throughout the long night, and was constantly trying to put his hands where it hurt. At last when he was about three years old, we saw an advertisement of Cuticura and decided to try the virtues of the Cuticura Remedies. I bought one cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent. I used them according to directions and I am happy to tell you the little sufferer was cured in less than three weeks. This was over a year ago and now his head is covered with a fine growth of luxuriant hair. Strange to say, all those unsightly sores did not even leave a scar. Mrs. G. O. Courville, Plauscheville, La., February 26, 1910."

The suffering which Cuticura Soap and Cuticura Ointment have alleviated among skin-tormented, diseased infants, children and adults have led to their adoption in countless homes as the purest, sweetest and most economical treatment for eczemas, and other itching, burning humors of the skin and scalp. A single set is often sufficient.

Cuticura Remedies are sold throughout the civilized world. Putzer Drug & Chem. Co., Sole Props., Boston. Mailed free. 32-page Cuticura Book. "How to Care for and Treat the Skin and Scalp."

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. J.C.
