FACTS ABOUT HORSES.

The price of horses has, within the past few years, gone up high as in years farther back, and this in spite of more railroads for transportation, electric street cars, and the now numerous automobiles, and horse-labor saving machinery for farming uses, especially in the west. For a period of years beyond the '80s, horses were low in price almost to a slump, but gradually the price went up until now when prices are up to the best of years, before farm labor and motive power were becoming displaced by new agencies in the west. Our own county of Centre is an evidence of this fact, and it is true of every other section of the country. It is within the memory of every citizen of Centre county when horses, according to quality brought from \$100 to \$250 per head in Pennsylvania and other sections of the county, and from the slump of over a decade ago, the price has advanced to the figures when at best in the "good old days." What would the price be if street car service, electric motive power, autos, and so-forth, had to be supplied by the use of horses? By the Year Book of the Department of Agriculture. On January 1st, 1900 there were nearly 14,000,000 horses in the United States, of a value of \$1,000,000,000. On January 1, 1909, the number was nearly 3,000,000. The average value of horses in 1909 was \$44.61, the average value in 1909 was \$95.64. When the figures of 1910 are compiled the average value of the horse will be shown to have reached a record during the past year. What is the explanation of the high prices of horses?

REAPING BENEFIT.

From the Experience of Bellefonte People. We are fortunate indeed to be able to prove by the experience of our neighbors. The public utterances of Bellefonte residents on the following subject will interest and benefit thousands of our readers. Read this statement. No better proof can be had. Mrs. L. Ingras of No. 382 East Bishop street, Bellefonte, Pa., says: "Doan's Kidney Pills have done me a world of good and I feel that I cannot speak too highly of them. I suffered intensely from backache and my kidneys gave me a great deal of annoyance. Nothing helped me until I procured Doan's Kidney Pills at Green's Pharmacy Co. In return for the improvement they made I publicly recommended them in October 1907 and at this time I can say that I have had no further trouble from my kidneys. You are at liberty to use my name as one who recommends Doan's Kidney Pills highly from personal experience." For sale by all dealers. Price 50 cents. A Vicious Squirrel.

People who would fool with the Capitol Park squirrels, at Harrisburg, had best beware, if the experience of a boy who got gay with a "Billie" the other day is anything to go by. This boy gave a squirrel a peanut and when the animal turned to bury it he pulled the bushy tail. Like lightning the squirrel whirled around and bit his thumb clear through.

COUNTERFEITING ALLEGED.

Six Huntingdon County Men Accused of Serious Offense. The Huntingdon New Era says: The counterfeit coins that got into circulation during the progress of the Walnut Grove camp, this summer aroused the United States authorities and the result is that on Saturday Sept. 10, at 10 o'clock in the office of Attorney S. G. Rudy, in the Union National Bank building, six Huntingdon county men were placed under bail for their appearance at a hearing before the federal authorities. J. W. Snyder, Deputy United States Marshal, and W. H. Farrell, secret service men, were placed on the job and they with Officer Ernest, of the Pennsylvania railroad police, have been working quietly on the case during the past month and been ferreting out clues and running down evidence. Several days ago, Joseph Richardson, a roamer, was arrested in Mount Union by officers and is now in jail. Evidence gathered as to his character and habits during the past ten days is pretty strong that there are some points in his career that are not exactly what they should be. The hearing was given before these federal officers on Wednesday Sept. 14, at 10 o'clock and at the same time the six men from Springfield township are arraigned, Richardson will be given a hearing.
