There is a fellow who comes near our town on Saturday evenings, had better take a lantern with him or borrow one to go home, for there is a turn to make and if he don't keep awake till he gets around he will be hanging on the fence one of these mornings.

Quite a number of our smaller children are having the whooping cough.

SKUNK HOLLOW No. 2.

Skunk Hollow has a new livery—Charley Harter is ready to hire to the public; single drivers especially.

W. S. Bowler and family are moving to Illinois in the spring. He knows a good thing when he sees it. Sorry to see him leave. The rumor is that Charles Rishel and family are going along, as they were out looking up the country and seem to like the place.

Rev. J. B. McLaughlin began protracted meeting in the St. Paul United Evangelical church on Sunday evening.

Do not forget the reopening at the Bethesda church on Saturday evening and Sunday.

Preston Syler moved from the J. W. Becke house to Rockville.

It is rumored that the farmers will form a company to hold their wheat and apples until they get a reasonable price.

William Musser, of Idaho, is visiting his brother, Jacob Musser, of this place.

Attracting Large Crowds.

At the Garman Opera House, Monday evening, "Tempest and Sunshine" presented by "Phil Maher" and his clever company of actors and actresses drew the largest audience that has attended this theatre in the past several years and the company apparently gave the best of satisfaction.

Judging from the frequent outbursts of applause that greeted the performers at numerous intervals, the vaudeville between the acts is well worth the price of admission alone.

The vaudeville is all changed at every performance. On Tuesday night "Thorns and Orange Blossoms" will be presented and ladies' tickets will be sold for this performance at 15 cents until 6 p. m. Thursday evening.

On Friday night the play will be "Her Marriage Vow." On Saturday afternoon "New York, By Night" will be the play, and the child making the most words from the name "Maher" will receive a \$5.00 gold piece prize.

On Saturday evening the play will be "Married For Life," a sensational western drama.

An Old Schedule.

In tearing out a partition between the office and the hall at the Ward House at Tyrone, recently in the course of further improvements, E. S. Shaffer, of Madisonburg, the genial clerk at that popular hostelry, while watching the progress of the carpenters, picked a number of old papers from behind the plastering.

Among them was a railroad schedule, adopted November 22, 1868, of the Pennsylvania Central railroad. According to the schedule there were but two trains each way per day at that time.

The west-bound passenger trains at that time consumed six hours and five minutes and seven hours and twenty-five minutes between Harrisburg and Altoona, respectively, and a little short of that amount of time east bound.

The Halld Eagle branch is also scheduled on an opposite page. George C. Wilkins was superintendent at that time. Trains left Tyrone for Lock Haven at 8:50 a. m. and 7 p. m., and returned at 1:20 p. m. and 6:50 p. m. the next day.

A new Depot.

The Central Railroad of Pennsylvania and the New York Central have completed arrangements for the erection of a new passenger depot at Mill Hall, and work on the same has already commenced.

It will be an up-to-date structure in every way, with the ticket office in the centre and the gentlemen's waiting room at one end and ladies waiting room at the other.

It will be steam heated and lighted with electricity, with running water for toilet and lavatories, and all other modern equipments. The grounds surrounding the new station will be nicely graded and concrete platforms and walks will be made to each railroad.

Where Bears Are Plenty.

The woods of Elk county are literally overrun with bears this fall and they are becoming so used to civilization that they are really a nuisance to auto drivers.

Within the last two weeks two indifferent auto drivers have had to slow up their machines on the road near the Bootjack watering trough, just outside of Ridgeway, to avoid collisions with huge bears.

Sunday while a crowd of Ridgeway boys were on their way to attend a ball game at Portland Mills, they ran right into two bears who traveled along in full view of the boys for several hundred yards before making off into the brush.

County Orchard Inspection.

After a lapse of four weeks during which time the series of fall orchard meetings are held in every county in the state, the work of orchard inspection will be resumed in Spring, Benner and Patton township. This work is important to the fruit growers of Centre county, inasmuch as it keeps the owners of fruit trees informed as to the presence of any San Jose Scale and other destructive insects in their midst.

The local inspector, Mr. T. C. Foster, will gladly answer all questions affecting the work while making his visits around the county.

Sankey's Widow Cut Off Her Sons.

The will of Frances V. Sankey, widow of Ira D. Sankey, the famous evangelist, was filed for probate disposing of an estate valued at about \$70,000.

It expressly provides that none of the property shall go to her sons, John E. Sankey and Ira A. Sankey, stating that they have already received more than their share of their Grace and Ira A. Sankey, Jr., are remembered, and several friends and charitable institutions will receive bequests.

No Court in Snyder County.

There were no cases in the Snyder county courts at the October term.

Judge McClure notified the juryman that their presence was not required. This is the first time in the history of the county when there were no criminal or civil cases for trial.

AN EXCELLENT PROGRAM.

The program for the general session of the Pennsylvania State Educational Association, to be held in Harrisburg on Wednesday, Thursday and Friday, December 28, 29 and 30, will prove very attractive to all persons interested in the perfection of our public school system.

Besides the men of our own State most closely identified with the public schools, many prominent educators from other States will be heard during the sessions.

Among the speakers from outside of Pennsylvania will be Prof. Paul H. Hanus, of Harvard; Charles F. Wheelock, Assistant Superintendent of Education of New York; Arthur D. Dean, Chief of the Trade Schools Division of the New York State Educational Department; Fred L. Keeler, Deputy Superintendent of Public Instruction of Michigan, and Professor Henry Suzzalo, of the Teachers' College of New York City.

Exhibit in Fine Pianos.
M. C. Gephart, our home dealer, is showing his usual exhibit of fine pianos and player-pianos at the fair. His display and demonstrations were of unusual success, through the assistance of Mr. Dunning, his representative from Philipsburg, as well as his pianist, Mr. Dean Goodman, of Blanchard, Pa., who proves himself a rising star in his profession.

Mr. Gephart has sold many hundreds of fine pianos in Bellefonte, and throughout Centre county. As the result of his constant efforts he has secured as many satisfied customers who attest to his reliability and integrity, and is worthy of the patronage in his line of any and all who may contemplate buying a good, reliable piano.

Patronize your home dealer, where you can get as much, if not more, for your money than elsewhere.

See his new line of new scale and latest up-to-date designs, and sweet, pure-tone pianos. Nothing better.

Store No. 19 N. Allegheny street, Bellefonte, Pa.

Young Farmer Ran Away.

Claire Schenck, a young farmer, aged about 22 years, residing with his parents on the Schenck farm, of the Hunter Run, and at the foot of what is known as Schenck's hill, midway between Beech Creek and Howard, left home in the middle of a night last June without saying a word to any one and nothing has been heard of him or his mother since.

His strange action is unaccounted for, as he gave no hint of his leaving home. He and his mother took up their residence on the farm about two years ago and the young man had charge. The title of the farm is in the name of the young man whose mother has a few acres interest in the same. It is worth, approximately, \$5,000, independent of the personal property. The obligations of the missing man are reported to be approximately \$1,500.

Steps are being taken to have a trustee appointed to look after the interest of the young man and settle with his creditors.

An Insurance Agency Sold.

On Saturday Register Earl C. Tuten, of Bellefonte, purchased the fine insurance agency from ex-sheriff D. W. Woodring. It consists of six companies, all of which are well represented in this county.

As Mr. Tuten has but one year yet in the court house he probably doesn't care to be thrown out in the cold heartless world without anything to do and so he made the purchase. Earl is a hustler and will make some of our good friends, who are in the business, get a hustle on or the first thing they know he will be doing all the business. Setting all jokes aside, we wish Earl would get the appearance of a bloated bond holder, and coupon clipper, such as our friends Tomlon, Clason and Musser. Just as soon as things will warrant he will open an office and put out his shingle. He is a trustworthy, reliable young man and that means much in any business.

The Fourth Trial.

The fourth in the series following the investigation into the cost of furnishing and equipping the state capital began at Harrisburg on Friday when Charles O. Wetter, of Philadelphia, was arraigned on a charge of false pretense in rendering bills of \$21,000 and \$75,000 to the state board of public grounds and buildings. Wetter was the business manager of the firm of Payne and company, of Philadelphia, which had the contract for alterations under the general repair schedule on the state bond in 1907 and is accused of having charged about \$14,000 more than he should. It is explained that he made up the bills, by items, on bill heads he secured from sub-contractors and presented them as those sent to his firm.

Evalyn Thaw is Broke.

Because Evalyn Nesbit Thaw, wife of Harry K. Thaw, is without funds to pay the costs of prosecution, a suit that she instituted nearly two years ago against James B. Regan, of the Knickerbocker Hotel, for \$50,000 damages, was dismissed on Friday in the Supreme Court.

Mrs. Thaw was ejected from the grill room of the hotel while dining with a friend, and she sued on the ground that her dignity had suffered. Mrs. Thaw's counsel made the announcement on Friday that she was without funds.

Borough Buys Water Plant.

At a stormy session lasting till midnight, on Monday of last week, Huntingdon's city council by a unanimous vote decided to purchase the plant and franchise of the Huntingdon Water Supply Company, a corporation which has been furnishing the city with water for 20 years, and to operate it as a municipal institution. The price is to be decided by three arbitrators and water bonds will be issued to pay for it.

Killed a 200 Pound Bear.

G. W. Straw, brother of "Billy" Straw, the popular trolley conductor, of Philipsburg, who has been herding cattle at Beaver Mills shot a bear weighing about 200 pounds.

Mr. Straw shortly after shot a nice fat coon.

That it takes a pretty clever man to get ahead of the gas and the electric light meters in Bellefonte.

That Bellefonte has a few men very much like postage stamps. They get stuck on themselves when they are only worth two cents.

Mrs. George Myers, of Tyrone, is lying at the point of death resulting from swallowing a quantity of carbolic acid. It is alleged that the woman took the acid with suicidal intent.

\$15,000 IN HER BUSTLE.

Modest Housewife Carried Small Fortune in Rags.

When bustles went out of style, Mrs. Ollie Mackler, of St. Louis, Mo., who had carried for 25 years more than \$15,000 in bills of \$1,000 denomination in that article of apparel, having no other way to dispose of the money, invested it in real estate and coal mines.

In consequence of this very effective concealment of her fortune, she is having a tragic difficulty in conveying the world that \$75,000 worth of property is her own and was not given to her by her husband, John Mackler, to defraud his creditors. She is fighting in three courts to retain the property.

Year after year she lived as if she were having the same hard struggle with life as her neighbors, and was heard frequently to complain when trouble overtook her that she did not know what she would do. In her younger years she worked out as a general servant and seamstress. All that time she says that she carried money and jewelry that would have glittered the modest fortunes of her employers.

Mrs. H. I. Taylor, 72 S. Water street, Bellefonte, Pa., says: "We think just as highly of Doan's Kidney Pills today as we did two years ago, when we publicly recommended them. They were procured from Green's Pharmacy Co. and brought relief from backache and kidney trouble."

On several occasions since then we have taken Doan's Kidney Pills and they have always been of the greatest benefit. We think so highly of Doan's Kidney Pills that we recommend them to other kidney sufferers at every opportunity."

Clubs Fight Liquor Ban.

Fraternal and social clubs in Lewisburg are fighting their best and preparing for a battle royal in protection of their rights to serve intoxicants to their members.

A short time since the steward of the Moose club, at Carlisle, was sentenced to six months in the county jail for selling liquor without license.

Just last week "Bill" Grimes, steward of the Owls Club, at Mount Union, was held for court on the same charge.

The attorney for the Owls warned his clients against giving testimony, on the ground of self incrimination, on the plea that if it was a crime to sell it was a crime to buy liquor.

Justice Hiney returned Grimes for court, to let a man learned in law decide the question. Mount Union has been local option by choice for the past fifteen years. The courts were willing to grant licenses at various times, but the applicant could never obtain the required signers.

They Were Swindled.

Alfred H. Monroe, president of the Globe association, 1211-1249 South State street, Chicago, a \$300,000 mail order house, was arrested by the federal authorities charged with violating the postal laws through an alleged fraudulent mail order scheme.

Monroe is said to have made thousands of dollars and to have swindled persons all over the country. The complaining witness is L. McBride, of Akron. A number of State College people are holders of association certificates.

Sexine Pills are absolutely guaranteed for all forms of nerve weakness in men or women. Address or call at C. M. Parrish, Bellefonte, Pa., where they sell all the principal remedies and do not substitute.

Cider Exploded.

Bert Myers, of York county, filled a whiskey barrel with new cider and the other day undertook to deliver it to a neighbor. The barrel exploded and Mr. Myers lost four front teeth and suffered a cut five inches in length on his face. The wagon was a total wreck and Myers' injuries were serious.

MAKING AND WEARING THEM.

A young Kansas farmer bought a pair of overalls recently and found who made them. He very promptly wrote an effusive letter and in due time received a reply which was devoid of the romance usual in such cases. Here it is: "I am a working girl, it is true. I make a good living and I do not care to support a husband, as I would if I married some silly noodle who gets mashed on a girl he never saw. Permit me to say that I do not know how my card got in that pair of overalls, and when I do marry it will be some fellow who can afford something better than a 48-cent pair of breeches."

The above was probably intended for a very funny story, but somehow I never could see the humorous side of it.

In my opinion that Kansas lad was mighty lucky when he got turned down by a girl who was contented to put the finishing touches on 48-cent overalls on a salary of \$2.50 a week, when she might be learning to take care of the home she expects some time to have. I have met many like her, and the young man who bought the overalls, and know them both well.

Ten years from now, the Kansas man if he is right, will be sitting beneath his own vine and fig tree, figuring up the profits on his last shipment of stock while the girl in the story will probably be waiting for her husband to come back from down town, where he has a job driving a delivery wagon. He will not be in a hurry to come home, either, for he knows what the home will look like when he gets there.

The Kansas man wears overalls even yet, occasionally; but he has several other pairs of breeches, and
