#### THE PROPER CARE.

Information of Priceless Value to Every Bellefonte Citizen.

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with backache, urinary disorders, or any form of kidney trouble the advice contained in the following statement will add a valuable asset to your store of knowledge. What could be more convincing proof of the efficacy of Doan's Kidney Pills than the statement of Bellefonte citizens who have been permanently cured?

Mrs. James Rine, 239 W. High street, Bellefonte, Pa., says: "Some years ago I procured Doan's Kidney Pills at Green's Pharmacy Co. and their use cured me of kidney complaint and backache that had caused me no end of suffering. At that time I told of my experience in a public statement and I now take pleasure in confirming that testimonial. The relief Doan's Kidney Pills gave me has been permanent and I have had no further need of a kidney medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

#### Dogs Must Wear Tags.

Hunters taking their dogs into the woods during the coming season without having them tagged with a 1910 dog tag, will have them shot, according to advices received by constables from Joseph Kalbfus, secretary of the Pennsylvania State Game commission. The ruling of the State Game commission that under the act of June 1, 1907, all dogs are required to wear a tag attached to their collar showing that the tax for that year upon said dogs has been paid; also, the name and address of the owner in plain English. If the owners of the dogs do not comply with these requirements, it is the right and privilege of all game protectors or any constable to kill the dogs when off the land owned or controlled by the owner of such a dog.

#### Devours a Rat Raw.

For \$50, I tell Thishel, Thursday, at Exchange, Montour county, ate a rat in the presence of spectators.

He was in a restaurant when a cat with a dead rat in its mouth entered the establishment. Thishel remarked that if the cat didn't devour her only he would do it for her. This caused several persons to dare him to the rat-eating stunt, but it was not until \$50 had been placed in the hands of the proprietor that he proceeded with the act.

Pulling out a big jackknife, he skinned the rat and began to eat. In twenty minutes the feast was done.

#### Kills a Murderer.

A merciless murderer is Appendicitis with many victims. But Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing Constipation, Headache, Biliousness, Chills, 25c. at Green's Pharmacy Co.

During the past week Roosevelt was out in Indiana helping senator Beveridge, who is having a hard fight for re-election. Beveridge is the man who leads the insurgents in the U. S. Senate against the Paing-Aldrich tariff and refused to vote for it. In Indiana Roosevelt indorses Beveridge on the tariff. On the other hand Roosevelt had full sway over the recent New York Republican convention which pronounced the same tariff the best tariff bill ever passed. If that is not inconsistent, pray tell what the word means. In the east Teddy makes one kind of a speech while in the west he is altogether different. It is hard for Roosevelt to be the same thing at all times.

The naked truth sometimes seems to stand in the need of a Turkish bath.

When a fellow asks for a girl's hand he seems to forget that she needs gloves.

#### WITTY WOMAN ORATOR.

Governor Edwin S. Stuart, who addressed the women of the Grand Army of the Republic at the women's day ceremonies of the new Memorial Hall, at Pittsburg, was not the day, for the wit of a little woman captured the fancy of the big Governor and when Mrs. Lottie B. McCaffrey, national president of the Prisoners of War Association, concluded her address he bowed to her again and again on the platform, repeatedly shaking her hand in appreciation and congratulation.

Applause that punctuated the woman's remarks were increased at the gallantry of the Governor, who remarked: "There are occasions when the strongest of men are timid, and for me this is one of them."

Mrs. McCaffrey was epigrammatic many times in her remarks saying: "There is a sprinkling of men here. You can't keep the men away from the women. Yet, our bold warriors remembered the women. Their gallantry was equal to their bravery, and that has never been excelled. O woman amounts to something. Yes, indeed, she does. The women raise the men."

"They think we're just coming out now. Why, we've always been out. A woman always gets what she wants. The men go out and brag about how they are going to vote. But who told them how to vote. The women at home. Farmer Jones used to market and brought everything back with him except his mother. He forgot her. We're not going to be forgotten any more. George Washington told Betsy Ross the stars in our country's flag should be six pointed. Betsy said five pointed, and Betsy had her way. Look at the flag. There's Betsy's five points, not George's six."

"Woman has more tact than man. She gets her work in and he doesn't know it. She has ten ideas to his one. When Abraham Lincoln called for 300,000 men, didn't we have them all ready? Teddy has fears. We haven't. When the men are needed we'll have them ready again."

Mrs. McCaffrey concluded with "There's not a death or birth that has a father's weight of worth without a woman in it."

Testimonials.

Pittsburgh, Jan. 3, 1910.

I lost my right leg in front of Petersburg, Va. during the Civil war, amputation in the thigh near the body. After my discharge from the service I tried a number of different makes and designs of artificial limbs; none of these proved satisfactory; then as a last resort I had you make me an Adjustable Lacing Socket Leg and said limb has been so very satisfactory that I do not wish to try any other.

#### Fruit Show.

The Horticultural Department of the Pennsylvania State College will hold its fourth annual educational fruit show during Farmers Week, December 19 to 24. At the show last year three hundred plates of fruit in addition to box and barrel pack were shown, representing seventy-eight varieties from fifty-six different orchards in twenty-three different counties. This year the Department will endeavor to have every county represented and is especially anxious to have Centre County well represented. Every grower is invited to save variety for this exhibit.

Farther, every grower and lover of fruit is invited to visit this apple show on one of the above dates.

It is entirely educational in character and no premiums are offered.

#### State Potato Crop.

This is the greatest potato year on record in Pennsylvania, according to officials of the state department of agriculture. Never before has the yield of this necessary tuber approached the excellent crop of this year.

The best yield reported is on the farm of Warren Freis, of Berminster Bucks county, where 700 bushels of potatoes were taken from a patch of two and one half acres. Nothing like this has ever been reported from a Pennsylvania farm.

COST OF LIVING 100 YEARS AGO.

Cost of living in Cleveland was not nearly so high 100 years ago.

O. P. McClrath, 310 Union Bank building, has just found among old papers a ledger used by his grandfather, proprietor of a general store in East Cleveland. The book was used 30 years, 1809 to 1839.

Examination reveals many interesting facts.

In 1810 peaches sold for 12 1/2 cents per bushel. Now peaches cost about 43 cents per bushel. In 1810 veal cost 4 cents per pound; now it is 16 cents. Chickens then were 4 1/2 cents each; now chickens are about 75 cents each. Apples were marked in a book 10 cents a bushel; now they cost about \$1.25. Lard was 7 cents a pound; now it's 20 cents.

But not everything was low. A quarter of a pound of tea cost 3 1/2 cents; now about 12 1/2 cents. Calico was 31 cents a yard; now it's about nine cents, and muslin, then 31 cents a yard, is now about 6 cents.

Several odd items are marked up in the ledger. House rent for four weeks was \$1.50 and a night's lodging was 13 cents. McClrath paid a tailor 31 cents for making a pair of trousers for him, and a man got 50 cents for working on his farm for a day. He hired a horse to drive to Newark and paid 75 cents livery bill. Now it would be cheaper to buy the horse.—Cleveland Press.

#### Pay The Printer.

A contemporary says the newspaper subscriptions are infallible tests of a man's honesty. They will sooner or later discover the man. If he is dishonest he will cheat the printer some way; say he has a receipt somewhere, or sent the money and it was lost in the mail, or he did not subscribe for it, or move away, leaving it come to the office he left. Thousands of professed Christians are dishonest in this particular at least, and the printers' book will tell fearful tales in the final judgment.

The game laws do not affect the office hunter. There is no close season for him.

#### Girls Kept Out of Trousers.

Many well known women of Pittsburg are allied with the W. C. T. U., which made formal request of Mayor Magee that he issue orders to arrest any girl or woman who attempts to appear on the streets next Halloween attired in boys' or men's clothes.

Mrs. S. L. McCullough, chairman of a committee appointed to see Mayor Magee Thursday, made the following statement to his Honor:

"The fact that girls go into places while dressed in men's clothes that they would not dare enter in their own attire seems to be sufficient reason for our protest. They go into saloons and cafes and conduct themselves on that one night in a manner which they would not dream of doing at any other time. Another thing, the young men take great liberties with young women so attired."

Give the average man half a chance and he will take it all.
