

BELLEFONTE AND VICINITY

THE LOCAL HAPPENINGS IN SHORT PARAGRAPHS

—Mrs. James Derr, of this place, attended the funeral of Lloyd Dorman at Snyderstown yesterday.

—J. L. Harper, of Youngstown, O., was a pleasant caller; he is a native of Centre county, and a son of W. T. Harper, of Unionville.

—Rev. Dr. Schmidt expects to return home the latter part of this week and will hold the usual Sunday services in the Reformed church.

—Next Thursday a pleasing musical comedy will be presented at the opera house, "The Time, the Place and the Girl." A company of forty compose the cast.

—In spite of law and ordinances there are lots of youngsters parading the streets smoking cigarettes. Parents seem to be indifferent as to the evil effects of the pernicious habit.

—Furniture dealer John Smith was in town a few days ago, with increased enthusiasm for Berry. He thinks a large vote is safely to be counted on for the "lid lifter" at Spring Mills and in Gregg.

—George L. Potter, second vice president of the Baltimore & Ohio railroad company, arrived in Bellefonte last week in his private car, and spent a few days at the home of his brother, James G. Potter and family on Linn street.

—The young lady who learned to operate Fred Dunham's linotype quit the job this week, to get married, which beats the record made at the Centre Democrat. Funny the effect these machines have on the girls. No vacancies at present, at the office.

—Enthusiastic and confident, ex-commissioner Geo. L. Goodhart, of Centre Hall, just dropped in on our sanctum to say, "Keep an eye on the vote Pennsylvania will give Berry!" From the expression of his face we almost concluded that Pennsylvania was unanimous for Berry.

—The ladies' aid society of the U. B. church of this place, will hold one of their delicious suppers this Thursday evening, in the church annex. They will serve chicken corn soup, oysters, ice cream and cake, and the public is cordially invited to attend and help a good cause.

—John Bryan, of this place, departed on Monday evening for Erie, where he will enter the Soldiers' and Sailors' Home in that city. John is an old veteran of the Civil war, who fought that our union might live, and is deserving of all that can be offered him in the way of a home.

—Mr. and Mrs. Harry Auman spent the past week in Philadelphia and New York City. While away Harry had the good luck to witness one of the championship ball games at the Athletic grounds in Philadelphia and now he can give an elaborate account of the national game as it should be played.

—As a result of the bon fire on the diamond Saturday night about a peck of nails were left lying in the centre of the street. Although the burned debris was cleared away, the nails were not, and they remained there as a menace to automobiles and horses.

—These in authority, as our streets are had enough through necessity, let alone neglect such as this.

—Prof. P. H. Meyers, of Centre Hall, who formerly was one of Centre county's best commissioners, paid us a short call on Tuesday. The Prof. approves much of the time to enter of musical instruments and in his spare moments in defending Grim for Governor. We know that he is a hustler and is making a success in booking orders for instruments and fully understands the job. As his success on the Grim job there is much room for argument.

—In the brick paving now under way on Allegheny street, special provision is being made for repairs to the steam heat and gas mains. Concrete blocks will be laid along the entire line. Over this will be a cushion layer of sand and then the paving brick. By this means repairs can be made and the surface replaced without destroying the street level and the blocks, it is thought, will maintain their position when replaced and the surface will be like the rest of the street.

—L. Clayton Brown is still on deck at the Seaside. The moving pictures are getting better right along. The more you go to this place of amusement the more you desire to go. Its like eating peanuts, if you get a taste of them you want more. Manager Brown is right out all the time for something new and the latest, and in a short time he will have pictures that will highly delight his patrons. They will be a special feature and if you are not a constant attendant you may miss just what you have been looking for.

—On Tuesday morning Mrs. Ella Gordon and Eugene Welsh, both of Bellefonte, were taken to the insane asylum at Danville. Mr. Welsh had been confined in that institution on a former occasion, but had recovered sufficiently to be out on parole. He was taken out all the time at Greensburg. Recently, however, his mental condition became such as to deem it advisable to have him sent back to the sanitarium for treatment. Being a resident of Bellefonte the poor authorities of Greensburg brought him to this city, from where the proper admission could be made for his safe keeping.

—Some of our merchants have already placed new hitching posts along Allegheny street, since the old ones have been removed by the construction of the state road. Mr. Cramer made the start in front of the Exchange. It would greatly improve the appearance of the town to see a uniform post adopted by all and these placed the same distance apart along the street. This is a matter that should be taken up by the street committee, could regulate, and it is such a small item as to cause no one any hardships. Now is the time to do it, and do it in a proper manner when Allegheny street is being improved.

—This week Mr. and Mrs. T. S. Strawn packed their household goods and shipped them to Scottsdale, Pa., where they will be temporarily located until Mr. Strawn engages in business again. Owing to a decline in orders he found that his broker's office at Bellefonte did not warrant its continuance. While here Mr. Strawn, as a business man, with the confidence of our people, in numerous instances he displayed the highest integrity by making his word as good as his bond—when certain obligations were assumed that were not strictly his own. He also is a clever, genial fellow with many warm friends in and about Bellefonte.

—District attorney W. G. Runkle spent Sunday in Howard.

—See the announcement of the Equitable insurance company on another page of this issue.

—The McCafferty properties on Railroad street are being improved by a new shingling of the roof.

—Norman Thompson, chauffeur for Leathers Bros., at Northumberland, spent Sunday with his family at this place.

—You should carefully study the election ballot for Centre county to be found on another page of this issue, in the sheriff's election proclamation.

—Robert Bowers, wife and three children, of Lock Haven, spent several days last week at the home of Mrs. Bowers' parents, Mr. and Mrs. John Raymond, in this place.

—During the past week there were a number of applications filed in the prothonotary's office of those who will ask the court for the privilege of selling liquors in this county.

—The Lutheran congregation of this place, are having a strip of concrete pavement laid on their church property on Linn street, between the office and the residence of the late Frank Montgomery.

—"The Time, the Place and the Girl" at the opera house on Thursday evening, November 3rd, promises to be an unusually good attraction. It is a musical comedy; it is the story of a whole-souled pleasant young gambler.

—Fred Smith, the lecturer, in Petriffin Hall, paid an appropriate tribute to the lazy loafer, the worthless loaf, the swaggering blustering parasite living on the substance gathered by others. Bellefonte has a few, and everybody knows them.

—Harry Williams, W. S. Mallilleu and Milan Walker, departed for Harrisburg on the noon train Monday, to be present at the banquet given by the Bell Telephone Co., of which the above gentlemen are members among its most trusted employees.

—On next Sunday evening, Oct. 30, Rev. C. W. Winey, the pastor of the United Brethren church at this place, will begin a series of evangelistic services in that church, the same to continue every evening thereafter for an indefinite period. All are invited to attend.

—Mrs. Joseph, widow of the late Emil Joseph, on account of closing up her home, will dispose of all her household furnishings at private sale. Parties desiring to make purchases, can inspect the goods anytime by coming to her residence on corner of Spring and Howard streets, Bellefonte, Pa.

—Mrs. John S. Walker and Miss Shortlidge left Bellefonte the beginning of last week for Morrison, Ill., where they will visit with their cousins, Mr. and Mrs. McCalmont, later coming to Chicago to spend some time with Mrs. Nolan, where Mr. Walker will join them before they leave for the east.

—Harry Armstrong, of Butler, a former student at the Penna. State College, is very acceptably filling a position in Sim the Clothier's large clothing store, at this place. Mr. Armstrong is a most excellent young man, and a singer of more than ordinary ability, he having been heard a number of times by Bellefonte audiences.

—W. S. Williams, of Julian, was in town on Monday and informed us that he now is on his way to St. Cloud, Florida, where he spent last winter and purchased five acres of land that is likely to rapidly increase in value, as a building boom is on. Mrs. Williams will not accompany her husband on this trip, as she took seriously ill when down there last winter.

—The Panther Hunting Club, of this place, met recently to elect officers and discuss plans for the fall hunting campaign. J. M. Cunningham was chosen president, W. C. Cassidy secretary, and Harry Gerlich treasurer. The time for going into camp was left for future decision. This club has its annual outing at camping, and lives upon game. This may account for bears, panthers and deer being scarce.

—Miss Lottie Robb, stenographer in W. Harrison Walker's law office, spent here over a week ago to visit her school friend Miss Anna Nash, at Montrose, Pa. While there Miss Nash took seriously ill and on Tuesday a telegram from Miss Robb stated that her friend had just died and that she would remain in the city to attend the funeral. This certainly was an unexpected outcome of what was anticipated as an enjoyable visit.

—Capt. Phil Garbrick has returned to his home in this place. He has been down in Franklin county the better part of the summer where he has been supervising the construction of over two miles of state road for which R. B. Taylor of Bellefonte had the contract. This stretch of road had some twenty bridges, large and small, and required considerable attention. Philip has been developing into a typical "Big Boss" and has been making good for Mr. Taylor in every instance.

—The football fans of Bellefonte, had excellent cause for rejoicing on Saturday, for the reason that in both games in which the local teams competed, they were victorious. On Hughes field, at this place, the academy team met and defeated the strong Indiana Normal, eleven, to the tune of 15-6. Over in Phillipsburg the Bellefonte High school took the scalps of the High school team of that place, bringing home a score of 2-0. In the evening the victories were celebrated by a general jollification on the diamond, in which a high bon fire was the principal feature. The air was filled with "rah-rahs" and good natured pandemonium reigned for awhile.

—Mrs. Joseph, widow of the late Emil Joseph, deceased of this place, has decided to break up house keeping and close up her home on the corner of Howard and Spring streets. She is now having private sale of most of her household effects, and after she has satisfactorily disposed of the same, will leave Bellefonte for a short period to visit friends and relatives. Mrs. Joseph, however, will make Bellefonte her permanent home, as after her return she will probably take rooms at one of the hotels in town. Mannie Joseph, her youngest son, will, about the beginning of next year, enter a military academy at Pockskill-on-the-Hudson. Edmund will continue his studies at State College until he completes the course.

—The Ladies aid society of the Presbyterian church will hold a fair during the first week of December. The fair is composed of some of the town's best citizens, and is in a prosperous and flourishing condition.

—Gilbert Meyers, known to his friends as "Stuffy," arrived in town Friday of last week from his home at Pittsburg, where he had gone to be operated on for appendicitis. The operation was a success, and "Stuffy" looks none the worse for the ordeal, and will be in better shape than ever to resume his studies at Penna. State College.

—The Ladies aid society of the Presbyterian church will hold a fair during the first week of December. The fair is composed of some of the town's best citizens, and is in a prosperous and flourishing condition.

—A pleasant social gathering in the nature of a farewell party, took place on Thursday evening last at the home of Mr. and Mrs. Oscar Young, south of the brick school building. As Mr. Young and his family will move to Greensburg in a few days, their friends called in testimonial of the high esteem in which this family is held. It was an evening of rare social pleasure and was thoroughly enjoyed by all present.

—Mr. Nick Vallimont and daughter, Miss Grace Vallimont, recently moved from Pine Glen to Bellefonte and are now located with Mr. Deitrick, on Logan street. Miss Vallimont is one of Centre county's popular young school teachers, and has accepted the position of teacher in the Bush Addition school, which was made vacant by the resignation of Miss Marie Woods, who has taken charge of the new school recently established in the new high school building.

—Mrs. Chester Moore, Miss Esther Gillen and Mrs. Moore, the two former sisters, stopped off in Bellefonte between trains on Friday, on their way from Altoona to State College to the sister's parents, Mr. and Mrs. William Pickle.

—"Billy" McFarlane, who for a number of years has helped to string the electric "juice" in Bellefonte, has resigned his position here, and last week left for Parkville, Tenn., where he will assist the J. G. White Co. in their hydro-electrical plant contracts.

—Miss Carrie Anderson is nursing a very sore hand just now, the result of a bealing on several of her fingers, which at one time showed signs of blood poisoning. Although a little painful, with the proper care, she will soon be able to use the member again.

—Nevin Wetzel, son of Mr. and Mrs. J. H. Wetzel, and one of Bellefonte's energetic young men, departed on Thursday of last week for Parkville, Tenn., where he will be employed by the J. G. White Co., who are building a large hydro-electric plant at that place.

—Mrs. Joseph Murray and granddaughter, Mary Murray, of Millburg, spent Saturday in town with friends. Mrs. Murray, while somewhat advanced in years, will never be too old to enjoy a good paper and to insure that pleasure, put her subscription one year in advance.

—The Brachbill estate is having substantial concrete porches laid in front of its store rooms on High street, occupied by James Will, John D. Sourbeck and D. L. Willard, respectively. It is a much needed improvement, which will add greatly to the looks of that busy thoroughfare.

—Harry Bowersox, who, some months ago, converted a restaurant in the Garman building, on High street, but who recently has been employed at Johnstown, has decided to locate permanently in the latter city. After visiting here for some time Mr. and Mrs. Bowersox departed last week for the Good City.

—The employees residing in and around Bellefonte of the Penna. railroad, the Bellefonte Central and the Central R. R. of Pa., recently raised and contributed \$46 towards the installation of the elevator in the Bellefonte hospital. This is a very generous act on the part of the men and is worthy of emulation.

—Oscar Young, of Bellefonte, driver for Lauderbach Barber Co., has resigned his position here and about Oct. 29th will move with his family to Greensburg, Pa., where he will have charge of a dairy farm. Mr. Young has been a worthy and industrious citizen of our town, and we predict success for him in his venture.

—Nehasane Tribe No. 71, Improved Order of Red Men, of Bellefonte, have decided to open their charter for a short time enabling new applicants between the age of 18 to 35 to come in this excellent order for \$3. —Gilbert Meyers, known to his friends as "Stuffy," arrived in town Friday of last week from his home at Pittsburg, where he had gone to be operated on for appendicitis. The operation was a success, and "Stuffy" looks none the worse for the ordeal, and will be in better shape than ever to resume his studies at Penna. State College.

—The Ladies aid society of the Presbyterian church will hold a fair during the first week of December. The fair is composed of some of the town's best citizens, and is in a prosperous and flourishing condition.

—A pleasant social gathering in the nature of a farewell party, took place on Thursday evening last at the home of Mr. and Mrs. Oscar Young, south of the brick school building. As Mr. Young and his family will move to Greensburg in a few days, their friends called in testimonial of the high esteem in which this family is held. It was an evening of rare social pleasure and was thoroughly enjoyed by all present.

—Mr. Nick Vallimont and daughter, Miss Grace Vallimont, recently moved from Pine Glen to Bellefonte and are now located with Mr. Deitrick, on Logan street. —"Tickets for the Y. M. C. A. Star Course are now for sale by the members of the association, and as every number of the course is a clean, high class entertainment, there should be no difficulty in disposing of a large number of the tickets. All the patrons of last year's course have again taken tickets, as well as a large number of new ones.

—"Manager Garman assures us that "The Time, the Place and the Girl," which will be the attraction at the opera house next Thursday night, will be one of the finest musical plays ever seen in Bellefonte. More than the usual amount of expense is incurred in bringing a show of this character here, and it should be greeted by a crowded house.

—"The happiest man in Bellefonte, on Monday morning was Register Earl Tuten because he had appeared at his home at an early hour. It was not brought in by friends or neighbors but the stork hovered over the house and gently dropped it down the chimney to brighten the family circle.

Having seen more of the birds' next day he proceeded to the same ground and has the luck to kill another weighing twelve pounds, close to the Haupt farm. This good luck made the legal limit for our friend Dale, which is two turkeys in one season, and only one per year.

—"This week J. B. Miller, Esq., was released from Hurley's boarding house on the hill, one of the conditions being that he does not larry in or about Bellefonte, and that he is not to be published as a joke on Mr. Miller, nor to "knock" him when he is down, for we would go to the limit to befriend and help this young man, if we could be of any service to him, as he is much in his career that is commendable. His item is published more as an object lesson to young men who imagine that they have the physical, mental and moral strength to tackle old "John Barleycorn," but invariably go down deeper, the longer they stay in the game. Young man, if you are ambitious this is a good point to think over seriously.

—"Mr. and Mrs. William Hamilton, of this place, are at present entertaining Mrs. Hamilton's parents, Mr. and Mrs. Henry Claybaugh, of Huntingdon, at their hospitable home on Penn street. These great nerve and manhood builders are sold by C. M. Parrish, Bellefonte, Pa., where they sell all the principal remedies and do not substitute.

KILLED LARGE BEAR.

The Williamsport correspondent of the "North American" has this to say of our genial friend, Grant Hoover as a firmrod:

"Grant Hoover, an insurance agent of Williamsport, won the honor of bringing in the first black bear of the season. This is a coveted distinction each year. Mr. Hoover celebrated the event by taking the carcass of the bear to a butcher shop and having it nicely cut up. Steaks, roasts and stew were the sort around to the homes of his friends, all of whom declare him to be the bravest huntsman in all this section. Mr. Hoover ran across another black bear while in the Okome section the other week, which he is bound to have before the season is over, and which gives evidence of being the biggest bear seen in this section of the state. He found where the bear had bent down chestnut sprouts and saplings, and the tracks beneath the saplings where the bear had pawed the burrs open show the animal to be an especially large one. It is believed to be a famous bear that has been known to live in the Okome region for many years but which has been sick enough to escape being shot or trapped. But if Mr. Bruin gets within range of Mr. Hoover's rifle, he will bite the dust for sure. The bear killed by Mr. Hoover the other day was trailed two days before the hunter got near enough to him to shoot. The first shot finished the animal.

A letter from Mr. Hoover to this office on Friday last corroborates the above, and we rejoice with Grant in his good luck.

—"Drought Setting In. Tyrone, and some other sections of the state, are complaining of scarcity of water, caused by want of rain. In some parts of our own county, low water is giving some in the farming section considerable concern. Rains are needed all over.

—"It doesn't take a magician to make a dollar look like 20 cents.

—"Several Valuable Farms for Sale. As selling agent for the owners, I have the following to offer for a limited time only: 200 acres in Buffalo Run Valley, 10 miles from Bellefonte. Limestone soil, all clear, about thirty acres. Splendid place to open limestone quarry for building agricultural lime. Large house and barn, building in splendid condition practically new. One of the finest orchards of fruit in the county. About 1000 bush of select fruit will be sold from the place this year. Short distance from P. R. R. Station. The owner's figure in this farm, I consider exceptionally low.

—"Another Buffalo Run farm, near the above, close to R. R., has running water, good buildings, contains about 215 acres, 100 of it clear. Contains about 300 rods of the famous No. 1 vein of the high grade limestone used by the lime operators at Centre. This farm is offered low, if sold quickly.

—"Another good farm located 4.5 miles East of Bellefonte, in Nittany Valley, containing about 26 acres, about 10 of which is clear. Has the No. 1 vein of Bellefonte limestone and quarry opened in it. The land is all limestone soil, has running water to the door and sufficient elevation to pipe it through the house. Good house and barn, both large and roomy. Has an extra set of buildings, house, barn and summer house, well equipped and excellent. Good way farms are selling, this one is worth \$1500 more than the owner asks for it.

—"350 Acres located in the west of Bald Eagle Valley, 100 of which is splendid farm land smooth, clean land, lying high enough to es- cape the wash of Spring floods. Running water, buildings less than 11 years old. This year showed as good crops this season as could be found in Centre County. It is offered at a very low figure.

—"I have other properties which may interest prospective purchasers. There is no speculation in these properties as I sell at the owner's figures as agent for them, and have taken some pains to get the price right before placing them on my list. Parties will be conveyed to properties from here at my expense.
