Bright, Sparkling Paragraphs—Selected and Original.

BREVITIES.

The quicker the lunch, the quicker the widow. A man who will rob Peter will seldom pay Paul. An optimist is a man who never questions a hash. Never nurse a grouch. Blow off and be done with it. It takes more than an age to make a man out of a boy. A broken friendship always leaves a fissure in the heart. A poor man has a fine chance in this world—to stay poor. Few men suffer in silence when mere talking can set them right. Some men make so much hay in the sunshine that they are sunstruck. It is better to pick your teeth in public than to pick a quarrel in private. Three barleycorns make an inch, so the table says, and three drinks of barley juice sometimes make a riot. Wyandotte: "I am feeling very uncomfortable." Minoreca: "Whatever is the matter?" Wyandotte: "My pin-feathers are sticking me."

A fat fee makes a clean client. A setting hen is in no fear of the roosting pan. A leaning gate is an indication of a lazy owner. The end of an argument is better than either side of it. Some women marry for love while not a few marry for alimony. The rolling stone hasn't time to gather moss on roads frequented by automobiles. A sense of humor is useful to man, but a sense of honor will get him much farther. It takes nine tailors to make a man, but one woman can easily make a goose of a man. The gasoline engine serves a very useful purpose, but do not expect it to run the whole farm. The days are shortest in December, and so are a good many men—say, along about the twenty-fifth.

Selecting a wife by moonlight is like picking out a necktie light—they both look so different in the morning, has a whole lot of truth in it, but yet, that's about the only way a fellow can pick out a wife now-a-days, either by moonlight or subdued lamp-light in the parlor.

He Knew.

Brander Mathews and Francis Wilson once wrote to Mark Twain, not knowing his whereabouts in Europe, addressed it, "Mark Twain, God knows where." The letter reached the author in due time and in reply Mark sent a post card which read: "He did."

She Wanted One.

He beamed as he arose and faced the audience. "I am so happy tonight," he said. "I have not words to express the joy that is in my heart, for at last I have found my mission. My mission is to save young men."

Then a maiden lady on the shady side of 40 said softly: "My dear minister, save one for me."

He Will Benefit.

An Irishman was approached by a well known business man, who said: "Pat, they are going to have a ball on March 17th, for the benefit of the undertaker. There will be 100 Irishmen led by 200 Jews. Now, what do you think of that?"

"Well, all I can say," remarked Pat, "is that 'twill be a success."

Drawing the Line.

A traveling salesman was away from home, pursuing the country trade, as usual. One night in a country town the telegraph operator handed him a message from his wife which read like this: "Twins arrived tonight. More by mail." The drummer was nonplussed for a moment, but finally sat down and wrote the following, to be dispatched at once: "Will return to-night. If any more arrive by mail send to dead letter office."

Liquor is Barred.

That the railroads and other large corporations are determined to eradicate the use of intoxicants among their employes was again apparent during the past week when the instructors in the principles of "first aid to the injured" at Lewistown, last week, repeatedly cautioned their classes that under no circumstances or condition were they to administer—or permit the administering—of spirituous liquors to an injured patient, but to use hot water as a stimulant instead. The cheerful attitude to be assumed in the presence of the injured, the use of sanitary compress, the triangular bandage, resuscitation of the drowned and those insensible from electric shock are the same as in years passed but, the use of alcoholic spirits as a stimulant is declared to be a relic of the dark ages.

Order Sermons Destroyed.

One of the most unusual features of the will of the late Dr. David S. Monroe, who left the Central Pennsylvania conference of the Methodist church \$35,000, was the instructions to his executors that all his old sermons be destroyed. Dr. Monroe was an active minister for 54 years. When he began he was known as the "boy preacher." As he wrote all his sermons out, he must have had hundreds that would have probably helped some young minister.

Ran Into Train.

A bad accident occurred recently at Mill Hill, Clinton county. A valuable horse, owned and driven by Irvin White, of Macksville, when near a crossing the animal frightened at a freight train which was passing and ran into the moving train. Mr. Lighty was thrown out of the buggy and escaped with little or no injury, but the horse was so badly injured that it had to be shot.

WHAT CURES ECZEMA.

We have had so many inquiries lately regarding Eczema and other skin diseases, that we are glad to make our answer public. After careful investigation we have found that a simple wash of Oil of Wintergreen, as compounded in D. D. D., can be relied upon. We would not make this statement to our patrons, friends and neighbors unless we were sure of it—and although there are many so-called Eczema remedies sold, we ourselves unhesitatingly recommend D. D. D. Prescription. Because—We know that it gives instant relief to that torturing itch. Because—D. D. D. starts the cure at the foundation of the trouble. Because—it cleanses, soothes and heals the skin. Because—it enables Nature to repair the ravages of disease. Because—The records of ten years of complete cures of thousands of the most serious cases show that D. D. D. is today recognized as the absolute reliable Eczema Cure.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one diseased disease that science has been able to cure in all its stages, and that is Cuticura. Hair's Catarrh Cure is the only positive cure now known to the medical fraternity. Cuticura being a constitutional disease, requires a constitutional treatment. Hair's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure, send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Send for all particulars. Take Hair's Family Pills for constipation.

OVER THE COUNTY.

Farmer Isaac Harpster will quit the farm in the spring and move to Pine Grove Mills for a good rest.

Miss Precilla J. Slabig, of Centre Hall, has gone to State College, where she will remain until next spring.

Last Friday the Wm. Garner farm at Pine Hall was sold at public sale and knocked down to D. W. Garner for \$3,800.

Edward Heverly, of Blanchard, is minus thirty chickens which were stolen from his hen house one night last week.

A Bucks county man who was charged with cruelly beating a cow was compelled to pay a fine and costs aggregating \$22.91.

Farmer Wm. Glenn, of Pine Grove Mills, is off duty nursing a badly bruised shoulder, caused by a tumble down a flight of stairs.

The Chambers-Uzle hunting party succeeded in getting five deer during the season; as good a record as made by any party in Centre county.

Martin Dreiblebis, while breaking stone at State College, was struck in the right eye by a spawl so violent that it is feared he will lose the eye.

J. H. Hoover, of near Pine Grove has decided to continue farming and not fit to Dixie land as was reported. He will rent the McCracken farm in the Glades.

William Bellman is at present visiting his mother at Millheim. Mr. Bellman has been in the west for a number of years and is enjoying his visit east very much.

H. C. Thompson of Port Matilda, having purchased a tract of land on the Eastern shore of Maryland, ten miles from Elkton, expects to move his family to that place next March.

Among the yields of corn, this year, as worthy of note, is the crop of Mervin Arney, one of Potter township's successful farmers, who harvested 2022 bushels off of fifteen acres.

Martin Dreiblebis of Pine Grove Mills is suffering with a bad eye that is keeping him in bed. While breaking stones a spawl struck the ball of his right eye and it is feared he will lose his sight.

Union county, as per the recent census, has lost 2500 in population in twenty years. Guess it will have to be annexed to Centre county, to keep it afloat—and it would be a good and agreeable change to have.

A. M. Pecht of Dayton, Montana, formerly of Milroy, shot three deer in ten minutes, the limit for one person for the season. That was some, and fifty years ago, was possible in the Centre county mountains.

Miss Sara McClenahan is at her home in Centre Hall again, and has recovered so far from the injuries received by being thrown from a trolley car in Harrisburg, as to be able to walk about with the aid of crutches.

Julian Fleming was in Centre Hall recently making his annual visit to his sister-in-law, Miss Catharine Fleisher and other friends. Mr. Fleming is employed by the Johnston Harvester Company, who have had his services for a number of years.

Farmer Chas. Johnstonbaugh will till the broad and fertile acres of the Emma Hess farm near Pine Grove, after April 1st, 1911. Jacob Meyers, the present tenant, will retire and with his good wife, enjoy a well deserved rest in their country home at Boalsburg.

Mrs. J. G. Meyer, of Aaronsburg, who had been ill of pneumonia, and was somewhat improved, had risen from her bed with the intention of sitting up, on Monday morning, and was unable to get up, and had a stroke of paralysis which renders her condition serious.

Mr. and Mrs. R. K. Roush, of Reading, have been the guests of Mr. and Mrs. W. F. Rishel, at Farmers Mills, for some time past. Mrs. Rishel and Mrs. Roush are sisters, and are enjoying the reunion very much. Mr. Roush is a native of Miles township, but has been a resident of Reading for twenty years or more, being employed as engineer on a switch engine at that place.

In July, 1910, H. G. Stover, of Penn township, offered to sell to one of Frank Kreamer's daughters a little pig for one cent, and the girl promptly agreed to take it and carried the pig home in a coal bucket. The pig was of course, considered to be a "runt," but the girl took good care of it, and this fall fattened it. Last week the pig was killed and dressed, and tipped the scales at 357 pounds.—Journal.

Jacob Meyer, who has lived on the Meyer farm, near Linden Hall, since he was thirteen years old, and who for the past twenty-one years has been conducting it on his own hook, has decided to vacate the premises, after his sale in March. He will move to Boalsburg, where he will take life a little easier. His youngest son, Albert, expects to prepare himself for College, and the older brother is on the lookout for a small farm.

William McMullen, aged about 18 years, son of E. B. McMullen, of Millheim, is ill with diphtheria. His condition is very favorable, and every effort is being made to keep the disease from spreading. The young man had been attending the Millheim school, before taking sick, and fearing the disease would spread to the building, the schools were closed last week, and the school rooms thoroughly fumigated. The schools were again opened on Monday.

A disconnected stove pipe in the wash house at the residence of Dr. H. S. Braucht, at Spring Mills, last week, caused a slight fire, but the discovery was made soon enough to prevent loss to any considerable extent. The fire had gotten between the siding and main frame work, necessitating the cutting away of a portion of the building and roof before water could be gotten to the proper place to extinguish the flames. For a time there was considerable excitement, but the dangerous elements were soon overcome.

Perils of Hunting.

Fatal hunting accidents in the one state of Pennsylvania, with the season not yet ended, already equal the number of deaths in football in all forty-six states of the country this fall. The serious gunning accidents in Pennsylvania alone number nearly twice as many as the football accidents in the United States. "The kill" is obtained from a careful compilation of all gunning accidents reported in Pennsylvania to local newspapers this fall and from a summary of football accidents which was widely published at the conclusion of the gridiron season.

Want State Fire Marshal.

A movement was inaugurated last week by a committee representing the mutual fire insurance companies of the state for the presentation in the legislature of a bill providing for the appointment of a state fire marshal. This officer is to investigate fires and prosecute, when the evidence shows arson. A committee representing the mutual companies waited on insurance Commissioner S. W. McCulloch last Friday, and asked his aid. The committee represented about thirty companies in all parts of the state.

ANSWERS EVERY CALL.

Bellefonte People Have Found That This is True. A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. Is Doan's Kidney Pills, a true specific.

Many Bellefonte people rely on it. Here is Bellefonte proof. Mrs. H. I. Taylor, 72 S. Water St., Bellefonte, Pa., says: "We think just as highly of Doan's Kidney Pills today as we did two years ago, when we publicly recommended them. They were procured from Green's Pharmacy Co., and brought relief from backache and kidney trouble. On several occasions since then we have taken Doan's Kidney Pills and they have always been of the greatest benefit. We think so highly of Doan's Kidney Pills that we recommend them to other kidney sufferers at every opportunity."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

FACE AND HEAD AN AWFUL SIGHT

Eruption Broke Out when 2 Weeks Old—Itched So He Could Not Sleep—Hair All Fell Out—Cuticura Cured Him.

"I wish to have you accept this testimonial, as Cuticura did so much for my baby. At the age of two weeks his head began to break out with great sores and by the time he was two months his face and head were an awful sight. I consulted a doctor, who said it was nothing but a light skin disease which the baby would soon get over. But he seemed to get worse so I called another doctor. His opinion seemed to be the same. They both prescribed medicine that did not do a bit of good. A friend advised me to take him to the hospital, which I did. Two doctors there gave me medicine in a liquid form. It did him no good."

"Nearly every day I would read a testimonial in regard to Cuticura and my wife thought she would try it to see if it would help the baby. I got a box of Cuticura Ointment and a cake of Cuticura Soap and after using these he was entirely cured. Before Cuticura cured him he could not seem to sleep, as his face and head would itch so. What hair he had all fell out but soon he had a nice head of hair and his face was perfectly clear. It is now nearly five years since he was cured and there has been no sign of the eruption returning. Chas. H. Evans, 81 Flint St., Somerville, Mass., April 19, 1910."

A single set of Cuticura Soap and Ointment is often sufficient to cure, rendering it the most economical treatment for affections of the skin and scalp, used throughout the world. Foster-Lud & Chem. Corp., Sole Franch. Boston, Mass. See Mailed Free, latest Book on Care of Skin and Scalp.

Are Children Worth Bringing Up? Can It Be Done Without Rubbers? This is what appeared in a recent number of the AMERICAN JOURNAL OF HEALTH. The family doctor should din it into the mothers head all the time, that the health of their children's lies in their feet. Keep the feet dry. Never let them get wet. No child should be allowed to go out in the snow or rain, or when walking is wet, without rubbers. REMEMBER—Yeager's RUBBERS are best and the prices just a little CHEAPER than the other fellows.
