Death Came Without a Warning-

OLEWINE: -The citizens of Bellesudden and untimely death of John I. Olewine, which occurred the night previous, at his late home on Spring street. For some years past Mr. Olewine's health had not been the most robust although he was able to attend as usual to the active duties of his hardware business. On Thursday evening he retired in good spirits and about eleven o'clock p. m., his daughter Adeline, heard him call daughter Adeline, heard him call from the bath room. Hastening to her father's side, she was horrifled to find him in great distress from a pulmonary hemorrhage. She at once summoned a physician, but before medical aid could arrive the spirit of the father had passed away. A sad feature of this death was the fact that Mrs. Olewine and son Harris were away from home at the time. The husband and father being in his usual good cheer and not anticipating an untimely ending, Mrs. Olewine their son had gone to Williamsport that evening on the 8 p train where they reteived the news by telephone. Surviving are his wife, nee Elizabeth Bottorf, and two children: Adeline (daughter by the first marriage), and Harris, both Also the following sisters Miss Mary Olewine and Mrs. W. F both of Lewisburg; and Mrs. Kate Kline, of Bellefonte. Funeral services were held in the Methodist Kate Kline, of Bellefonte. Funeral services were held in the Methodist church, on Monday forenoon at 10 o'clock, conducted by Revs. T. Al Wilcox, and C. C. Shuey, both of the Methodist church, assisted by Rev. Fred Barry, of the Lutheran church and Dr. A. M. Schmidt, of the Reformed church. The large church was filled to overflowing by those who came from far and near to pay their last respects to the deceased and attest to his many commendable traits as a worthy friend, an esteemed citizen and successful business man in the meanificent soldiers' monument in Bellefonte, His two surviving sons or anges on it. About three weeks ago a car load of Centre County people left Coburn station, bound for the vicinity of Stowell, Texas, with the view of purchasing land and locating there if they found conditions desirable. The following letter received last week shows that they arrived at the end of their journey in good shape and are

December 23, 1910. Editor Centre Democrat:

For the benefit of our friends we will make a report on our trip to Texas and what we have seen so far. We had a very pleasant trip down and arrived in Beaumont Thursday noon. The crowd stood the trip well and the children were in fine shape to enjoy this climate and the oranges. Yesterday was rainy but to-day has been fine and a bright sunshine. Our car was met by Mr. Elmen and Mr. Link of the Houston office who with Mr. Nichols, who came with the party. have done everything they could to make it agreeable and pleasant. Mr. Nichols so arranged our trip that we only had one change to make and that was at St. Louis. The car then brought us through to Stowell.

On arriving at Stowell we at once were met by teams which took us to Mrs. Spincer's orange grove where we saw sights which pleased us and de-lighted the children in the way of heavily laden orange trees with hundreds of oranges hanging on the trees.

Yours truly Texas.

On Sunday morning we had a pleasant call from Messrs. J. H. Gephart and A. I. Schroyer, two members of the party who had just returned from their Texas trip and were on their way to their homes, in the east-ern end of this county. With them they had a fine lot of photos taken of farming scenes in Texas and the bounteous crops they raise in that climate. They were filled with praise of Texas, and it is their expectation to locate there permanently, having taken options on a large strip of land which they hope to have others join with them in purchasing. Last spring Mr. Gephart purchased a tract down there and since then the same has doubled in value.

The Mummers' Parade. One of the popular New Year Day sports is the annual parade of mummers, which is held in all the large cities, and of late years the spirit of the fun has been invading the smaller towns of the country. On Saturday a hundred or more of the citizens of Pleasant Gap and vicinity organized Mummers' Parade and Bellefonte, arrayed in all the fantastic costumes imaginable. Some were mounted on horses, and represented Indians, Mexicans, cowboys, negroes, etc., while others rode in all manner of vehicles. Many amusing floats were in line, and the parade as a whole was a most ludicrous success. It had the Barnum-Forepaugh-Buffalo Bill circuses skinned a mile. All the principal streets of the town were traversed, aftetr which the whole aggregation visited the opera house where the manager of the Carroll stock company generously admitted them free of charge to witness the matinee.

The parade was greatly enjoyed by hundreds of our citizens and the participants deserve great credit for their progressiveness.

Gingery Family Reunion.
The home of Mr. and Mrs. R. S.
Stiver, at Bellwood, was the scene of the fourth annual reunion of the Gin-gery family, which was held on Christmas. Mrs. R. S. Stiver is the daughter of W. B. Gingery, while the other descendants are all residents of Port Matilda, this county. The guests arrived in the morning and enjoyed the day, returning to their homes during the evening, except W. B. Gingery, who visited his daughter until Tuesday. Those who were present to gather around the family board were W. B. Gingery of Port Matilda, Mrs. J. W. Williams and two daughters, Misses Margaret and Thelma and son, Rudolph, Mrs. Mollie Matts and two sons, William and Andrew, and twin daughters, Telitha and Teletha, and Mr. and Mrs. R. S. Stiver and family.

Mr. Musser formally reported the

death of Samuel Rine, water super-intendent. Treasurer reported bal-ance on hand January 4st. 1911, of bal-\$188.47. Clerk Kelley then read a letter from the secretary of the Underwriter's Association for Penna, in which was recommended a few changes at the Phoenix pumping station in order to afford better fire protection. The matter of relaying the walk along the state road, near the McCoy property on Linn street, was then brought up. After some discussion President Harper ordered street committee to ascertain whether it was necessary to remove the walk during the building of the state road, and to report at next meeting. Coun-cil was of the opinion that if the re-moval of the walk had been unnecessary, R. B. Taylor, the contractor, should put it back. The next and most important item of business brought up was that of choosing water superintendent. As fully a dozen competent applicants were in the field, the matter of selecting on was looked forward to with considerable interest. At this point in the proceedings, Mr. Keller introduced a resolution, the substance of which is that the offices of water superintendent, borough engineer and street commissioner be combinel said incumbent to possess the qualifications of a civil engineer and hydraulic engineer. A vote was taken which resulted in a tie; it was then up to President Harper, who voted for the resolution, thus causing its adoption. Considerable discussion was had before the vote was taken in which Kirk, Keller and Musser took prominent parts. Mr. Keller stated that every town of Bellefonte's size had such an officer, while Mr. Kirk defied him to name one. Keller contended that it would be a matter of economy, as, he stated, many times the respective street and water departments conflicted, thus entailing needless expense, while the other hand Kirk maintained that that was a matter of council's busi-After the adoption of the resolution, Mr. Musser made a motion that the salary of the new officer be fixed at \$100 per month. After being seconded a vote was taken an the motion was lost. Mr. Kirk then moved that the salary be \$1,000 per year, which was also lost in the vote.

Thus the matter stands, and it is a serious question as to whether a man possessing the required qualifications can be secured at so low a salary, and to pay a higher one would be
