SALTY SENTENCES.

A crushing blow was dealt the Black Hand kidnapping gang last week at New York, when Maria Rappa and Stanilao Pattennza, reputed to be the leaders of the band of abduct-ors who stole Guiseppe Longo and Michael Rizzo two Brooklyn children, were sentenced to not less than 25 years or more than 49 years and 10 months imprisonment.

In sentencing the prisoners, Judge Fawcett delivered one of the most scathing denunciations in the history of the New York courts. He declared that the pair were a menace to society and only regretted his inability impose a death sentence. He was particularly severe in his condemnation of the woman.

"It is scarcely believable," said the judge, 'that you could have held these broken hearted children for twenty knowing to what terrible suffer ing their distracted parents were subjected. Your own children lived in the very room where you confined these innocent little captives. You have neither the spirit nor instinct of a mother. God made mother love more apparent in the wild beasts of the field than in you and those of your

inspection of the structure, decided the house was "unsafe" and a menace to life and limb.

The requirements set before Mrs. Bruka, lover of swine, were extraor-dinarily simple. She need only coax or drive her litter of seven out of her frame house and make shelter for them the yard somewhere. This done, the authorities will allow her to reoccupy her house, after a few im-provements have made it "safe."

Y. M. C. A. Benefit. Considerable

Considerable improvements have been going on lately at the Y. M. C. A. gymnasium building, by which the auditorium has been enlarged and a gallery placed around the entire four sides. This has been greatly needed ever since the building was erected. and will be a convenience to those who attend the basket ball games and other athletic entertainments in the

in making these changes and to meet it a benefit entertainment will be held tomorrow night in he Y. M. C. A. building and gymnasium. There will be an indoor base ball game between the Academy and a team from the town. Several good games of basket ball are also on the program, between teams from State College, Renovo High school, Academy and Y. M. C. A. In addition there will be athletic stunts, music by the orchestra, and refreshments served. It promises to be a night of royal amusement and sport, and everyone should make an effort to attend. The admission will be 25 cents, which is very small for the amount of good, clean sport promised. The entertainment will commence at 7:30 p. m.

Placed on Pensy Pension List. the pension list of the great corpora-tion on January 1st. One was Ady Houseman, because he has passed the milestone that marks three score and ten. For a number of years he was employed as a teamster in the Al-toona car shops, but his health would not permit of his carrying on this work any longer and for a few years he has been working as a janitor in the car shop offices. He enterel the emmost 39 years of age, a large portion of his previous life having been spent as a tiller of the soil. He was born December 19th, 1850, at Spring Mills, Centre county, and entered the service of the company on November 11th, 1879.

most difficult and at the same time the most graceful of all the ballroom dances. It sets a ballroom full of dancers into a whirling maze of skipping, prancing figures, some doing the original "Boston" and still others executing a sideways hopping figure that defies description.
To describe the "Boston trot" as

the freakiest dance produced is said to be putting it mildly. It is a combination of dances and all of them vise prest, John McSuley: must go at top speed.

PROPOSED PENSION LAW.

Pensions to Increase on Graded Scale With Age. The committee on pensions in the house has agreed to a bill which will add \$40,000,000 to the \$150,000,000 now paid every year to pensioners. It is believed the bill will pass and become

The new measure provides for the payment of a pension to every honorably discharged soldier or sailor who served for not less than ninety days in the Union armies during the Civil war or sixty days in the war with Mexico; \$15 a month on reaching the age of sixty-two, \$20 at sixty-five, \$25 at seventy and \$36 at seventy-five irrespective of the reply the seventy five, irrespective of the rank the applicant for pension held at the time of his service. The new act will re-peal that passed in 1907, which grants a pension of \$12 a month to every honorably discharged soldier or sail-or sixty-two years old, \$15 a month at seventy years and \$20 a month at

The difference between the rates carried by the new law and those now in force will, it is estimated, increase the pension expenditures of the government \$40,000,000 a year, but as it is notorious that the actual expenditures always greatly exceeded the estimates of the pension experts, \$40,-000,000 may be regarded as the minimum, and probably the amount required will be a good deal larger.

Under the new law an applicant for pension will not be required to furnish proof of his disability or that the disability was incurred while in the army or navy in the line of duty. Members of congress say the passage of this new law will relieve congress of the burden of passing hundreds of private pension bills every session for the relief of former soldiers who are too old to earn a livelfhood and are dependent upon charity for support. This bill meets the approval of the G. A. R., members of congress, and is in lieu of the dollar-a-day pension law that has been agitated for some time.

Wagon Loads of Vote Sellers. Wagon loads of men indicted for alleged participation in the wholesale election frauds in Ohio, went before Judge Blair at West Union, to plead guilty, to receive suspended jail sentences, be disfranchised for five years and pay fines of from \$5 to \$25 and

The grand jury 124 indictments found. With the ninety-seven re-ported the day before the total is now 752. About 220 have pleaded guilty and only two not guilty. Despite the numerous indictments Prosecutor Stephenson says that the in-

quiry is only fairly started.

"We have been using a harrow thus far," he said, "and many culprits have dodged its teeth. But after we have gone over the county this first time we are going back and rake it with a fine tooth comb."
