#### ROMOLA.

Miss Laura Mann, who has for sometime been employed at Lock Haven, is now visiting her parents at this place.

Wilson Miller and sister Edith were shoppers in Howard one day last week.

Mrs. J. H. Tipton has returned home after spending some time with friends and relatives at McKeesport.

Mrs. Hysong, of Pitsburgh, is visiting her brother, A. M. Woomer, of this place.

The Misses Puella Glosner and Maud Daley, of this place, spent Sunday with friends in Lock Haven and Beech Creek.

George Mann, who is employed at North Bend, is visiting his family here.

Mrs. McKissick is visiting her daughter, Mrs. Lewis Heverly, of Orviston.

If you wish to know what the attraction is at Romola for Wm. R. just ask P. G.

Rev. B. F. Long, of Salona, preached a very able sermon to a large and attentive crowd at the Mann's school house on Sunday.

Miss Carrie Oyster spent Sunday with her friend Frances Miller.

We are glad to say that Mrs. Frank Daley, who has been ailing for some time is somewhat improved at this writing.

Mrs. Miles Lucas, of Fairview, is visiting her daughter Mrs. Chas. Chapman of this place.

Mrs. A. D. Lucas spent Sunday with her friend Mrs. N. Lucas.

We were asked to announce through the columns of this paper that Rev. John Knarr of Howard will preach at the Mann's school house Sunday, February 19th.

**WATKINS:**—Mrs. James Watkins, who we mentioned some time ago as being critically ill, died January the 31st 1911. And was buried February 1st, at Summit Hill. She is survived by a husband and three children—her parents, Mr. and Mrs. John Miller, and the following brothers and sisters: Mrs. John Packer, of Pleasant Valley, Harry, of this place and Wilson, Paul, Edith and Frances all at home. She was 80 years and 8 months old. The services were held at the Summit Hill church, by the Rev. B. F. Long, of Salona. The funeral was largely attended.

#### LOCUST MILLS.

Well, friends, you haven't heard from our town for so long I guess I will write a few lines.

We have lots of mud.

O. H. Nason has about twenty-five or thirty thousand logs to cut on his mill this spring. Orlando says when he starts he will make his saw sing, and it won't take long with lots of good help.

A. O. Myers has his house under good headway to finish in about a week or ten days.

There was a jolly lot of horsebackers seen in our little place on Sunday. They stopped at Alfred Myers' for a few hours and then went on their journey. We only knew two of the six, Ellis T. Huey and Miss Mae Dillen, of South Fork.

John Miles is hauling coal from Philipsburg for his home.

Ellis T. Huey was in our neighborhood a few days, as far as we know he has departed to some other place as his business doesn't allow him much time to visit. We were all glad to see him once more and had him in good business as he is a good fellow; come again Ellis, and we wish you good luck in your undertaking.

Gorden Huey spent Sunday with his parents at Philipsburg.

Everybody made good use of the little snow we had last week by hauling the blocks and bank props.

The crops look favorable around here.

Our man, David J. Gingrich, democrat for sheriff, wishes your influence. Mr. Gingrich is a good man and we all think it our part to help him.

Mrs. Gorden Huey is spending a week or two in Philipsburg with her father and sisters.

#### ROCK FORGE.

We are having open weather but the farmers think it has not hurt the wheat crop any, as all wheat fields are promising a good crop so far.

Maurice Bohn and wife, of Bealsburg, visited at Ira Benner's on Sunday.

The farmers around here are hauling peach baskets from the cow barn to store them in the mill, as Col. Reynolds expects to have the cow barn tore down to help replace the barn where Andy Breon lives, which was destroyed by fire.

Benjamin Fike and Emanuel went to the Branch on Sunday to visit their brother William.

Orle Mullberger's family visited at John Neece's last week and report having a good time, as John gave them some fine graphophone music, which they enjoyed.

Ira Benner's family was called to the home of Maurice Bohn, at Bealsburg last week, receiving the sad news of the death of their little child, Forrest Wayne Bohn, born January the 13th, died February the 4th, 1911, aged 1 year and 23 days, being the only child and the pride and joy of their home. It was a sad shock to the young parents who had gained a fatherly and motherly love toward their child, but the death angel came at last, taking 24 hours, and they were held Tuesday at 2 o'clock, by Rev. Harnish, pastor of the Presbyterian church; interment at Houserville.

The sick around Rock are somewhat improving.

H. E. Walters left here on Saturday for Buffalo and from there he expects to take a lady friend with him to Altoona to visit a week or more.

**SKUNK HOLLOW—Penn Twp.**

Samuel Lingie had luck last week as one of his horses broke one of his front legs, and the animal had to be killed. Then Samuel made him feel bad for a couple days.

William Wingerd has been housed up with the grip.

Lola Larsen was a caller at Pot Stover's on Sunday.

I suppose Andy Hironimus can make the air full of music since he has a fiddle.

George Confer, wife and son, of Indiana, spent Sunday with the former's brother, Harry Confer's.

The Misses Sadie and Minnie Vonada spent Wednesday very pleasantly at F. A. Auman's.

Mrs. Virginia Evert was a caller with her sister, Mrs. Frank Auman on Monday.

Jada Auman was a caller at W. W. Vonada's on Sunday.

### BREAKING OUT ALL OVER BODY

Itched Dreadfully. When Scratched It would Bleed and Become Very Sore. Could Scarcely Sleep as the Itching was Worse at Night. Dreaded Putting Hands in Water.

Used Cuticura Soap and Ointment 3 Weeks. Trouble all Disappeared.

"Some time ago I had a breaking out all over my body. It first started like what we call goose flesh and itched dreadfully. When I scratched it, it would bleed and become very sore. I tried almost everything for the itching but none gave me much relief. I could scarcely sleep as the itching was always worse at night. My hands were so sore I dreaded putting them in water and after I had used Cuticura Soap and Ointment, and in two or three weeks the trouble all disappeared. I always found that my hands were worse (with a dry scale on them) after using any cheap soap but the Cuticura Soap produced such a soothing feeling on my skin that it was a pleasure to use it. I also know what wonders the Cuticura Remedies have done for a friend of mine, so I would recommend them to any one. Mrs. Delaware Barrett, 611 King St., Wilmington, Del., Nov. 13, 1909."

**Fugitive Bull Causes Panic.**

A 900-pound steer that escaped from a slaughter house at Danville on Wednesday of last week sold its life dearly, scattered terror through two wards, charged a trolley car, knocked a man down, attacked a horse and wagon and was knocked down itself, after which it made a stand in Memorial park, where it kept a big crowd at bay for more than an hour, until it was finally killed.

The steer created a panic on Mill street, when it first made its appearance and instantly the streets were cleared, with only a Danville and Sunbury trolley car venturing to dispute the animal's claim to the entire street. The flashes of light that shot from under the car as it passed over the snow-covered tracks were a challenge to the steer, who met the car head-on, only to become entangled in the fender. Releasing itself, it charged a beer wagon at the next corner, but slipped and fell, being run over by the horse and wagon.

All the madder because of this mishap, it tore down the street and made its last stand in the park.

**Pipe in Pocket With Dynamite.**

### Slightly used pianos are selling for less than they originally cost new at the factory.

Second-hand pianos, many of which are the same as new, sell fast at practically one-half what the same instruments regularly bring as new

Chickering's, Knabes, Hardmans, Grands, Uprights and Player-pianos included.

The one big opportunity had each year to buy the world's best pianos at factory cost—plus selling expense.

The one big feature of this, as well as of all our previous Annual Clearing Sales, is the opportunity it offers in used and second hand pianos.

This year's opportunities are unusually rich, from the fact that the past season was a large one in Grands and Uprights—and as many Grands and Uprights as we ever sold in any previous year. As a result—we got in scores of fine pianos which were taken in as a part payment. Dozens of these instruments are as good as new. Many of them are practically new. Many of them are products of the best makers—and as is apparent that these come from the wealthiest and most cultured homes—it can readily be seen, in a general way, what an excellent condition they are in.

Included in this sale as nearly as we can figure from the stock sheets of our 12 stores, are

- 30 used Grands.
- 25 used Uprights.
- 200 used Upright pianos.
- 800 second-hand pianos.

Thus affording a choice such as has never before been offered in any single piano sale.

If a purchaser is considering "quality," "actual worth" and "cheapness in price" more than he is "newness," he can pick up a bargain among these which will actually save him half his intended piano investment.

**High Priced Pianos**

We have each year also made it a rule to include all extremely high priced instruments in this sale—and this year is no exception. The pianos referred to are mostly Grands and Uprights. These were bought to "Tone Up" our stocks. They represent the extreme of the piano maker's art. In some instances—there has never been but the one instrument of

In some instances even selling expense is eliminated, the instruments being marked at bare factory cost, or a very little above.

Prices during this, as well as all similar previous sales, are substantially—factory cost, with selling expense added.

Terms during this sale are spot cash or its equivalent.

The inducement to buy is had in the low prices—not in easy terms. We are willing, however, to extend reasonable terms, such as 6, 8, 12 or up to 18 months' time, with the understanding, of course, that interest will be charged upon all unpaid amounts at the rate of 6 per cent.

**Out-of-Town Customers**

During this sale, as in previous years, stock sheets are exchanged each week with all of our 12 stores, so that each and every store knows what pianos are available at each of our other stores.

We can thus furnish out-of-town buyers with authentic lists of all instruments included in the sale, a brief description and photographs of the instruments, together with prices—so that those living at points inaccessible to one of our stores can buy as intelligently as though they were seated in some instances—there has never been but the one instrument of
