## OUR POSTMASTER CLINGS TO THE "VELVET"

### HIS RE-NOMINATION FAILED CONFIRMATION.

## WHO IS WHO—WHAT IS WHAT

### Inconsiderate Treatment of a Respected Citizen and Worthy Old Soldier—Suspense Prevails—Both Sides Hopeful.

A dozen times a day the query is made at this office, "What is new about the Bellefonte Postoffice?" Inevitably over this all-absorbing issue. Almost everybody is asking the same question of everybody else, and the invariable, truthful reply is, "Don't know." We would like to find some one that does know just a little. There are plenty who have their guess, and that is about all it is worth. For that reason anybody who reads over this article, and imagines that we can give some definite information, may also be fooled.

The situation up to this time is an unusual one. When the name of Samuel H. Williams was sent to the President by Captain Barclay and the President endorsed it, and the same was sent to the U. S. Senate, and the confirmation procedure as the natural result, and in ninety-nine cases out of a hundred all such nominations of the President are immediately confirmed. For that reason this community got a first class surprise when Williams' name was held up. The next information was that Captain Barclay had withdrawn the name of his professed friend and comrade, Williams, and the name of Harter, the present incumbent, reached the Senate with the President's endorsement. That happened last Thursday and the Senate remained in session until late Saturday night, and they also failed to confirm the nomination of Mr. Harter, for reasons that are explained to the general public. In the meantime the Bellefonte Postoffice is under the direction of the present incumbent, and he will continue in that capacity until a successor is chosen. The fact that an extra session has been called by the President for April 4th leads many to believe that the appointment will be finally disposed of by that body.

It is generally conceded that Capt. Barclay wavered in his allegiance to the President when he did four years ago when he persisted in shifting the responsibility on others. With the close of the last session, Barclay concludes his ornamental career in congress, where he won at least a distinction by his luxuriant pink whiskers that fluttered in every passing breeze. He was a poor weakling, who got there by virtue of the boodie he used to secure the honor. As a congressman, he simply took orders, and on Friday while Thomas Jodan was driving his team out of a lot, near his home at Pleasant Gap, he was struck a post, which threw him in the sharp edge of his side bed. He paid little attention to the injury at the time, and continued his journey to Axemann. Upon returning home he started to do some work on the barn which is being constructed on his premises. Having occasion to go to his old barn for some tools, Mr. Jodan did not return to his work, and his father-in-law, who was assisting him, started to investigate. He found Mr. Jodan lying unconscious from the effects of the injuries sustained by the fall. He was at once taken to the house and Dr. Locke, of Bellefonte, summoned, who gave him the proper medical attention, and aside from some bruises, no serious results are anticipated.

### Stays to Study Religion.

Jesse Seaver, 26, a former theological student was arrested at Lima, O., last week and taken to Richmond to answer to a charge of passing a check on Earlham College, and was sentenced to the State Reformatory for two to 14 years. He pleaded guilty.

### Hunter's License Bill Dead.

The hunters' license bill was on Tuesday killed as far as the present Legislature is concerned.

### Slid Down a Chute.

On Monday, William Knoffinger, of Pleasant Gap, who is employed at White Rock, accidentally slid down a chute which is used to load stone onto cars at that place. The car below was partly filled with stone, and upon this Mr. Knoffinger alighted, receiving some bruises about the head and shoulders, which fortunately are not of a serious nature.

### Extra Session on April Fourth.

Less than two hours after the sixty-first congress had closed, on Saturday last, President Taft issued a proclamation calling an extra session to meet on April 4, for the specific purpose of passing the Canadian reciprocity bill.

### Murderer Reprieved.

Frank Lee, condemned to be hanged at Lewistown on March 9, has been reprieved until April 10. His attorney will make an effort to get the board of pardons to commute his sentence to life imprisonment.

### Wants a Change.

The people of Clinton county want to be divorced from Elk and Cameron county as part of that judicial district, and added to Potter county. A bill so changing judicial lines was introduced at Harrisburg last Monday by Representative Kelsey, of Clinton. Should Clinton escape from its present moorings Elk and Cameron would form a district.

## SEBRING'S GARAGE.

### A Visit To The New Automobile Garage.

The other day we paid a visit to John Sebring, Jr.'s automobile garage and found it an unusually well equipped place. It is located on the corner of his home on Spring street and is accessible from Spring, Howard, Allegheny and Linn Streets. It is a one-story structure of brick, with a concrete floor throughout, and a steel truss roof covered with a public roof, making the entire building absolutely fireproof, which is a very desirable feature for persons who store machines in such a building. The interior is divided into three compartments. There is a machine shop and repair room, an office and stock room and one immense storage room, large enough to hold thirty or forty machines. The interior is heated with a complete steam plant and well lighted throughout. There are provisions for washing machines, and underground storage safety tanks for handling gasoline. Wide doors that are fireproof allow an easy entrance from the side and end of the building, so that cars can pass directly through without any backing or maneuvering, which is another great convenience. Willis Wan, an expert on automobiles, is in charge of the place with assistants to promptly give all necessary attention to the trade. This new garage will give our automobilists additional facilities that certainly will be appreciated in the future. Bellefonte is strictly an automobile town, with more machines to the population than any other town of its size in the state and with the completion of this new place, can give of better first-class garages than any other similar town of its size. Mr. Sebring is up to date in the automobile line and is now prepared to supply anything that may be required by the trade.

## Decker Saw Mill Burned.

The saw mill operated by Thomas J. and Colonel Decker, doing business under the firm name of Decker Brothers, near Penn Hall, was totally destroyed by fire Monday night, of last week, the loss to the firm being not less than one thousand dollars, on which there was no insurance. The mill was first discovered by the Henry Mark family, who live at some distance. When the Deckers got to the mill about everything was consumed. Luckily there was but a light loss of sawed lumber. The mill was a four-story building, with a saw log pile along the pike east of Penn Hall. The timber is about two-thirds sawed out, and in addition to this the firm has another timber tract which was being sawed from the same point. The Deckers will at once begin the reconstruction of their mill. This is the second time they have lost the mill in the space of two years. The other fire occurred when they were sawing on the Mingo and Arney tract, below Penn Cave.

## Injured His Side.

On Friday while Thomas Jodan was driving his team out of a lot, near his home at Pleasant Gap, he was struck a post, which threw him in the sharp edge of his side bed. He paid little attention to the injury at the time, and continued his journey to Axemann. Upon returning home he started to do some work on the barn which is being constructed on his premises. ## PA. DEMOCRACY TO BE RE-ORGANIZED

### RESULT OF THE RECENT COMMITTEE MEETING LAST WEEK.

## GUFFEY AND DEWALT DEFIANT

### Refuse to Yield Their Positions—Stand on Technicalities—Democratic Gangsters Defeated—Have Not Surrendered—Full of Fight.

The Democratic State Committee was in session at Harrisburg on Wednesday last week, at the request of many prominent leaders, for the purpose of bringing about a re-organization. The occasion for this was due to the utter failure of tickets in recent campaigns to command the confidence or support, not only of the workers, but of the rank and file of the party as well. This was particularly apparent in the last gubernatorial campaign, when the opportunity was presented for electing a Democratic governor, but a few leaders deliberately thwarted the will of the party. This, and many other recent events, has convinced those who have kept in touch with political events that our state organization was in secret connivance with the opposition, and that a select few were dickering and bartering with Senator Penrose, as suited their pleasure, to the great detriment of public interests, and to the great sacrifice of the party.

This meeting was an important event, and was attended by nearly all the county chairmen of the state, also the democratic state congressional delegation, who were practically the nucleus and head of the protest. The "organization" was there in full force, represented by Chairman Dewalt, Guffey, Hall, Brennan, Donnelly, Judge Garman and others of that ilk. They made a determined stand in the meeting, and prevented any movement to secure a change in the offices of the party. The discussion was warm, and at times bitter, while others poured oil on the troubled waters and came with olive branches in the hope of uniting the discordant elements.

After a prolonged discussion a vote was taken to appoint a committee to prepare a plan of re-organization and it carried by a bare majority of one vote. The committee is to report inside of fifteen days, when the same will be considered.

The result of this vote was a sore disappointment to the "organization," and means, if successfully carried out, that the "organization" will be put in effect. On the other hand the present State Chairman, Dewalt, says that the action of this meeting and the recommendations of the re-organization committee will have no power to change the party officials, as they were elected according to the party rules and they will refuse to abide by the new deal. Dewalt intimates that he will not resign, and Guffey says that he will not leave such a position. National Committeeman from this state, and means to hold the position until his successor is chosen. In other words, the gang that is now in disrepute mean to keep their hold on the party organization, which is being advanced to every technicality to succeed. In this position they have an advantage, and although it was shown plainly that they no longer enjoy the confidence of the party, they mean to hold, and control, and dictate its affairs as long as they possibly can.

The result of this meeting may not accomplish all that is desired, or as soon as was hoped, but it will have the effect of centering the attention of the voters on the shortcomings of the party, and the realization is to be made that there is sufficient moral strength and courage in the Pennsylvania Democracy to brush aside these barnacles and political parasites, and that in due time the Democracy will emerge from the present crisis, stronger and more united than ever before, and promote the best interests of the Keystone state.

## A Good Paper.

The Lock Haven Express on first of this month entered its thirtieth year as a daily, and we count it as one of the best inland dailies in the state. It deserves the most liberal support of the citizens of that city and we think it gets it. Clinton county interests are looked after with diligence and the Express is ever to the front in its advocacy of all that is for the good and welfare of the citizens of the city and county of its home.

## Entertainment in Lamar Hall.

The K. L. C. E. of the United Evangelical church, of Clintonville, have an entertainment in Lamar Hall, on Friday evening, March 17th. The program will consist of a burlesque, a three-act drama, recitations and music. Admittance 10 cents—with the worth of your money guaranteed. The benefits will go towards the parsonage fund.

## New Telephone Exchange.

Tuesday's Lock Haven Express says: Charles A. Donachy, G. E. Young and C. E. Merkle of Williamsport, officials of the Bell telephone company, were in Lock Haven Tuesday superintending the installation of the new and modern telephone exchange in the First National Bank building.

## WHEN "DOMINO" WAS A SCHOOL TEACHER

### BOYS AND GIRLS ATTENDING THE ARMAGAST SCHOOL.

## FAMILIAR NAMES AND FACES

### Recalled by Our Versatile Correspondent From Unionville—Scattered Far and Wide—Who They Are—Where They Are at.

On the first Monday of November, 1861, I commenced teaching at the Armagast School house, near Hunter's Park, in Benner township, almost half a century ago and taught three consecutive terms, and, as to my certain knowledge, a large percentage of my pupils are living, while most, if not all of their parents have passed away. I thought it would be interesting to the survivors and their friends if I would give a brief sketch of the reminiscences of those old school days. The school house was an old, rather dilapidated one, containing a large square desk resembling a billiard table, a long ten-plate wood stove that had acquired the habit of smoking, and "pupils' desks" were made of pine boards, the tops of which had been dreadfully mutilated by the pupils' ever-ready jack knives, with all kinds of hieroglyphics.

The pupils, as I recall them with a very brief sketch of each, follow: William Mays, now a widower, lives with his daughter at Coleville; Wesley Mays, married, lives at Unionville; John Mays, a farmer and lives near Williamsport; Jeremiah Mays, died before attaining his majority; Levina Mays, now Mrs. Daniel Stine, has grown up children, one, a Methodist minister and lives on the Amos Koch property near Hunter's Park; Anna E. Mays, married to Henry D. Lee, both she and her husband are deceased; Rebecca Roller, married Lev Bullock, lives in the west; George Roller, also married and lives in the west; Maggie Koch, married to John Armagast, lived on the Dr. Fairbank farm not far from the old school house, she is now deceased; Ellen Koch married William Stover, is now a widow, lives one mile east of Bellefonte, on the Jacksonville road; Robt. F. Hunter lives on East Linn street, Bellefonte, has a fine family of boys and girls, is known as Captain Bob Hunter; Dorsey Hunter, proprietor of the Index Book store in Bellefonte, married; Oscar Hunter, married; Minnie Resner, lived in Bellefonte a few years ago; Rachel Hunter was married to Robt. Henderson, died several years ago on the old Hunter homestead in Benner township; John H.
