EDITORIAL.

There are said to be 300 empty houses for rent in Clearfield. Then Bryan must be the President, for the g. o. p. "prosperity" jingoes declared that the above would be the situation if the Nebraskan was elected.

Among Governor Tener's first acts was to sign a bill that increases the salary of his secretary. The Governor on Tuesday notified the Legislature that he had approved the bill increasing the salary of the private secretary of the Governor from \$2,500 to \$5,000.

Congress on Saturday adjourned after a turbulent session. With the adjournment ten standpat senators took leave with their walking papers, never to return, in compliance with the wishes strongly expressed at the polls last November...

Senator Borne, of Oregon, who was one of the inner circle members of Roosevelt's tennis cabinet, threw a lot of hot ones at President Taft last Monday in a speech. He charged Taft with bribing members and senators with patronage and called the President some pretty ugly names...

Taft and his party, were not harmonious in congress. Measures that he recommended were given the cold shoulder by the republican house and senate. Now, to get even, the President has called an extra session to convene early in April...

The democratic re-organization convention which met at Harrisburg last week, at the call of the democratic members of congress, who wanted steps taken to bring about harmony in the party...

FOR HARMONY AND SUCCESS.

The action of the Democratic State Central Committee last Thursday in adopting the report and recommendations of the Reorganization Committee gives the party a working basis on which to bring about a reconstruction of the party machinery...

The reorganized State Central Committee, to be effected by the Committee of Seven, will not represent any one man, or clique or faction, but a reunited Democracy contending for principles, for clean politics, for efficient and economical administration of public office...

When, if ever, the reorganized State Central Committee or their executive officers, cease to be the faithful representatives of the Democratic voters of the State, to have their confidence and respect and to do their will, they must give way.

But the Patriot whose faith in the rank and file of the party in the State and whose interpretation of the meaning of the votes cast for Governor last November have been perfectly vindicated, does not apprehend any return to such conditions as have existed in the party organization for a number of years past.

We believe that the Democrats of Pennsylvania have had their lesson and have learned that they must control their party organization, local and State, and the organization will at length come to control them, and to deprive them, as they were deprived last year, of such splendid victories as were won by the party in Connecticut, Maine, Massachusetts, New Jersey, New York and Ohio.

A WARNING.

A new publication came to our table this week called the "Clinton County Socialist" issued for the purpose of propagating the doctrines of the Socialist party in this section of the state. Of course the paper is what the title implies, and is brim full of well written articles and comments in defence of the Socialist followers.

THE LAST CAPITOL CASE.

The long legal battle of the men indicted for conspiracy to defraud the State in the building and furnishing of the new capitol practically came to an end on Friday, when the superior Court sitting in Williamsport, handed down its decision dismissing the appeal of Joseph M. Huston...

New York World: Senator Lorimer's triumphal honors at Chicago may blather his vanity but they do not in the least alter the fact that his election to the United States Senate was tainted by bribery.

New York's Great Pennsylvania Station. One of the greatest works of modern times was the construction of the concrete-lined steel tubes under the Hudson and East Rivers...

Ballinger Resigns. Richard B. Ballinger, secretary of the Interior, Tuesday tendered his resignation. President Taft and immediately afterwards Walter L. Fisher, of Chicago, was named as his successor.

Mr. Ballinger had been under fire for more than a year in connection with the Guggenheim coal interests in Alaska. Collier's Weekly, Wilford Pinchot, the favorite chief forester of the United States under President Roosevelt, were his principal antagonists.

"My Cinderella Girl."

The musical comedy productions are few and far between this season, and there is a good and sufficient reason for the scarcity of them.

It requires a large outlay of capital to produce a musical comedy as it is done nowadays. The scenery, costumes and properties representing a small amount, and a failure means the loss of enough money to equip a dozen dramatic companies, therefore producing managers are not making musical comedy productions indiscriminately; for only long successful productions should be made.

To the Old Soldiers.

Editor of the Democrat:—When I wrote to you and the soldiers of Centre county that the Sulloway Bill would pass and relieve several hundred thousand needy soldiers, it seemed impossible that anything else should take place. The assurance came to me in such strength, that I deemed any failure impossible.

I am still house-fast, but am making arrangements to have the Rynder Bill re-introduced at the coming extra session. Hoping for the best, I am very truly yours, THEODORE P. RYNDER, 1814 G St., N. W. Washington, D. C.
