Ellis Balsinger, one of the popular students at the Bellefonte Academy, left on Monday for Pittsburgh to attend the funeral of his grandmother, returning to his school on Wednesday.
Don't forget the junior preliminary contest in the High school building next Friday evening. The contestants have been studiously preparing themselves for the event, and should give a good entertainment.

The "Thief" company gave an excellent production of that play in the opera house on Saturday night. The piece both draws and demands the attention of its audience, and in evidence throughout the house on Saturday evening, it was almost impossible to follow the lines of the players.
Father Farron, who is in charge of the St. Mary Catholic church in Snow Shoe, was a pleasant guest at the office of the printer. As he picked up few pointers about the printing trade in his younger days he naturally was interested in the workings of our Mergenthaler Linotype. We hear that Father Farron is accomplishing a good work at Snow Shoe.
Keep your eye in store for you almost every night. And they are all pleasant surprises, too. Pictures at the Scenic are getting better every evening. Another good feature of this popular place of amusement is that the best of the world is readily afforded. This makes it absolutely safe for women and children to attend.
St. Patrick's Day was duly observed by the Undine Fire Company this year. They had a smoker; some might call it a reception, others might have some other name for the occasion—but it was a jolly good time. On Monday morning Harris Sourbeck, son of Mr. and Mrs. J. D. Sourbeck, entered the Orthopedic sanitarium, a private institution near that city where such ailments as Harris' are given special attention. Although the young man is well in every way, except the loss of locomotion, it is with the hope that he may again regain the use of his limbs that he was taken to the specialists. Such a result would be very gratifying to his many friends in Bellefonte.

The wind was blowing at the time and a piece of hot cinder found its way to his eye, with the result that Mr. Kane was compelled to seek relief from a physician, and was unable to work for a few days.
With the same enthusiasm as if it had been his eighteenth birthday, Farmer John Ribel, of Benner township, last Friday apprised us of the fact that he had just reached his eightieth year. Although he has retired from the active duties of farm life, he is still young enough to retain his interest in what the world is doing. May he make a century run in our heartiest wish.
The small boys have been giving Janitor Simmonds, of the court house, considerable annoyance of late by their persistent and willful running over the grass on the park, between the court house and the jail. Many amusing foot races have resulted by the vigilant janitor and the kids, and recently one of the boys was captured and marched down to the commission's office. Not without a struggle, however, as it is claimed both participants lost their equilibrium and slid part of the way down. The offender was reprimanded and allowed to go.
Dr. Thos. C. Van Tries has returned from his southern trip. During his absence he traveled 3500 miles, was in ten different southern states, and stopped off in 13 or 14 different cities or places of interest in the south. He also expects to deliver his new lecture, entitled, "Matters Matrimonial or Getting Married," at Bellefonte, Minlin Co., Pa., on Thursday evening, March 23rd, 1911.

Mr. Bolopue is the teacher at the Big Run school house in Liberty township, and was charged with committing assault and battery upon young Walker on the day of February 23rd. After hearing the evidence, Squire Musser deemed it insufficient to convict Mr. Bolopue, and he was discharged.

DR. KIRK RESIGNS.
The resignation of Dr. M. A. Kirk, of Bellefonte boro council, on Monday evening, was no surprise to many. For a long time of years he represented the West ward in that body where he always took an active part in the proceedings, and upon more than one occasion rendered the taxpayers of this boro good service. He was an extremely conscientious official, and in all matters looked solely to the public interests, without fear or favor. He was a typical "watch dog" of the treasury, and in performing his duty often incurred the opposition of friends and neighbors. There are readers of this paper who will remember what these views, and we accord them the full privilege. In such bodies a restraining influence is needed, one that will demand a rigid enforcement of regularity in all procedure, and an economy expenditure of public funds; and even if this disposition should, at times, extend to a fault, it is more commendable than a reckless extravagance. Dr. Kirk always stood for a rigid economy, and before he supported a measure, he was like the man from Missouri, you had to "show me" first.
More than a year ago the Doctor informed the Democrat that he was tired of council with the petty annoyances and frequent controversies, and that he desired to step out, and then contemplated resigning.
The Doctor's letter, in another column, fully explains his position to the public and needs no comment from us. This vacancy, we understand, will be filled by council electing a successor from the West ward, who will serve until December next.
Remodeling Bridge.
The large High street bridge, across Spring creek, in this boro, is being remodeled. The middle truss, on the left side, was removed, and the structure reinforced from the bottom, so as to carry a heavy concrete and brick roadbed. This will greatly improve the appearance of the bridge, and the removal of the centre truss will make a clear driveway that will prove a convenience to traffic.
The principal reason for making this change is the expense of reinforcing the bridge. About four years ago a new floor was put down at a cost of \$800, and of late became unsafe for heavy traffic. Members of council inform us that the rebuilding of the bridge will cost \$4500, of which the borough pays \$1500 and the county \$3000, and that it means an end to expense for many years to come.
The York Bridge company has the job for making the entire repairs. This week David Porchline and John Ryan, employees of the York Bridge company, arrived in Bellefonte, and the former will superintend the laying of the steel girders and the other work to be done on the bridge. Mr. Porchline is the gentleman who bossed the job putting in the bridge over the race some years ago, and thoroughly understands his business.
Hospital Notes.
Admitted for treatment, Mrs. Sarah Shillings and Carlo Unegona, of Bellefonte; Mrs. Rose Blerly, of Milesburg.
Operations: Joseph Harpster, of Stormstown, a year old child; Herbert Booser, of Bellefonte; Miss Maud Ryan, of Houffdale; Mrs. Hannah Swarmer, of Birds Barrow, Pa.; David Fulton, of State College, compound fracture of right ankle—fell from ladder while painting interior roof of grandstand.
Born: daughter to Mr. and Mrs. Benjamin Beckwith, of this place, March 21st, 1911, for the benefit of that hospital. He also expects to deliver his new lecture, entitled, "Matters Matrimonial or Getting Married," at Bellefonte, Minlin Co., Pa., on Thursday evening, March 23rd, 1911.
Miss Lucy Spotts spent Sunday with her cousin, Miss Lansburg at Unionville.

COUNCIL'S DOINGS.
With but five members present, including himself, Pres. Harner called council to order on Monday evening and they proceeded at once to transact the borough business. Under the head of verbal communications H. B. Ponty borough treasurer, called on Calloway Privet hedge for planting between the old water works and W. T. Twitmer's residence, on Water street. This would cost about \$25, and would make a permanent fence. A written communication was read from a number of citizens of north Allegheny street asking that a boardwalk be built from Gen. Beaver's residence to the extreme northern borough limit of that street. This was referred to street committee.
The matter of furnishing water for the proposed swimming pool, was then taken up. Mr. Quigley, representing the Y. M. C. A., was present, and asked that the members settle the question as quickly as possible, as the association had their plans all ready to proceed with the building of the pool. An ordinance was taken drawn up granting the Y. M. C. A. the free use of water, which was presented, and by vote was unanimously adopted. The ordinance provides that the tanks shall be filled at such times as are most convenient to the borough.
A small sensation was sprung by the reading of the second communication, which was as follows:
To J. C. Harper, Pres., and members of Borough Council:—
It having become so very apparent that the ideas of a majority of the borough council and those of myself, upon borough economies, are so radically at variance, that I can see of no further benefit to the borough, and therefore, in justice to the borough and myself, I hereby resign as a member of Bellefonte Borough council.
M. A. KIRK.
This was followed by a painful silence, broken only by Pres. Harner's query: "Well, what's to be done with Dr. Kirk's resignation?" Mr. Musser then moved, seconded by Mr. Keller, that the resignation be accepted, which was promptly followed by a vote and carried.
An application was then read from Mary E. Kelly for the position of water rent collector. At the last previous meeting of council Wm. A. Ishler, the present incumbent, had made application for re-appointment, but the same was held over, until a statement of his accounts had been rendered. Mr. Musser reported that Mr. Ishler's collection account was in good shape, and placed him in nomination for another term of the office. Mr. Judge put in nomination the name of Miss Kelly, and a vote was taken. Messrs. Musser, Grim, Keller and Harper voted for Ishler; Mr. Judge for Miss Kelly. Thus Mr. Ishler was re-appointed for another term.
Mr. Musser, of water committee read a report from Supt. Meyer, stating various repairs made throughout the borough, and also of having located all the borough material relating to his office, and storing it at the Phoenix station. The superintendent also reported that a number of meters had been tampered with, and recommended the purchasing of meter seals. Also that brick casing be placed around the stops throughout the town.
Notes for \$5000, \$2000 and \$1200, respectively, were ordered drawn to take up similar notes; and two notes for \$500 each were ordered drawn. \$352 was also ordered to be paid to the firemen's relief. After the reading of bills, council adjourned.
WILL BE SOMETHING FINE.
We refer to the coming minstrel and dramatic entertainment to be given in Garman's opera house, Friday and Saturday evenings, May 5th and 6th, for the benefit of the Bellefonte Baseball association. There will be two distinct parts to the entertainment, the first being a minstrel performance by the students of the Bellefonte Academy, under the direction of Harry P. Armstrong, of State College; and the second part will consist of a dramatic play, entitled "The Bellefonte's best dramatic talent, in charge of Mrs. John Shugert and Mrs. J. Thos. Mitchell.
Everybody in Bellefonte knows what excellent minstrel performances the Academy has given our town have given annually the past few years, and by the addition of some new talent, the most up-to-date songs, music and wit, we fully believe they will this year eclipse all previous entertainments. Mr. Armstrong, the director, is a talented musician, a member of State's Pharosians, and thoroughly understands the work of training the boys.
In the part taken by local talent some of the town's best talent is represented, which will be fully explained in a future issue. It is sufficient to say that every person connected with the entertainment is working hard to make it a success.
As to the benefit: Every man in Bellefonte who has red blood in his veins, who sees our town have a baseball team—and a winning team, at that. Humming birds are not purchased for a quarter a piece, neither are good baseball players. They must be paid salaries consistent with their intelligent training, the national game, and it takes money to pay these salaries—nothing else will do. Rooting by howling, alone, is not enough; we must root down in our jeans and produce the "wherewith" if we want to see Bellefonte play ball—and play good ball. In conclusion, we would say that the participants in the coming minstrel and dramatic performance are giving their valuable time in getting up an entertainment to help defray the expenses of the coming season's baseball club, which means without this auxiliary help, we, the lovers of baseball, would not have the pleasure of witnessing the games at 25 cents per.
Keep in mind the dates, Friday and Saturday, May 5th and 6th, and be there.
Y. M. C. A. Gymnastic Entertainment.
Tomorrow, Friday evening, the annual gymnastic entertainment of the Y. M. C. A. will be held in the gymnasium, commencing at 8:15, and judging from the program which has been presented, it will surpass all previous efforts of the local association. There will be a callsthetic drill, by boys; single stick drill, by girls; illuminated club swinging, by Prof. Golden; wrestling by the State College championship wrestlers; horse exercises, by young men's class; parallel bar exercises, by boy's class; acrobatics, by Prof. Golden and Theodore Waston; fencing exhibitions, etc. The price of admission will be 25 and 35 cents. Make it your mind to go and be a real sport.
