ROCK FORGE.

Henry Walters has improved the looks of his home by having his son Henry give his house three thoroughly good coats of pearl color paint, and concrete walks all around the house and to the barn; as Henry is a jack of all trades, he made a fine job and beautified the home.

Ruth Tressler and brother, Isaac, accompanied their grandfather Christian Lowery to Buffalo Run on Thursday.

Our farmers are busy plowing, this week.

George Fike was compelled to lay up his work on Saturday and go home for a few days as he has been troubled for about three weeks with dropsy, which makes it impossible for him to work for a few days.

John Neece can beat all the farmers as he is hauling in his cornfodder this year ahead.

Bob Waters says he never saw a saw like he saw that he saw saw at Shup's saw mill the one day he worked there last week, and he don't want to see it saw like that saw again.

Charley Roan took a load of furniture and a lot of other things to Buffalo Run, one day last week for Geo. Rider who has bought the Wess Rider property at the view, and gone to housekeeping there.

Mr. Kerstetter had about 35 men on Monday afternoon to raise Col. Reynolds' barn, which made quite a parade; all were treated with cigars and had all the fun and work they wanted.

Mrs. Isaac Tressler and daughter, Mrs. Orle Mulbarger, were in Bellefonte on Saturday and purchased their garden seeds.

William Hoy's, of Lemont, visited at Rock one day last week.

George Cople of Houserville, was visiting his uncle here the past week, William Eminhizers and George Bhears.

Well, Rockview, we are glad you are still living and I am sure you are for I saw you all in Bellefonte on Saturday.

Miss Emma Breon has gone to Houserville to live with David Houser's this summer.

William Breon expects to leave Rock soon, and work at a saw mill this summer.

D. F. Houser has his summer's wood already sawed; he has a gasoline engine, it must work or get off the place. We are having very changeable weather here—one day snow, then perhaps the next day rain—and our farmers are a little afraid they will be late with the spring crops.

CENTRAL CITY.—Boggs Twp.

Summer girls will soon be investigating the price of hammocks.

Harry Charles has moved in the Wallace house on east end of Railroad street, recently vacated by C. A. Croil.

Clarence Snyder, wife and little daughter, who has been visiting at their parents, J. C. Snyder, for several days, returned to their home in Altoona on Sunday.

Harry Meyer, of Bellwood, spent Sunday with his mother and sister here.

Quite a number of young folks attended the birthday party at the home of Mrs. and Mr. Charlie Watson's on Saturday night last, in honor of their daughter Bessie, it being her fourteenth birthday.

Miss Bertha Watson, of State College, has been visiting at her uncle's, Mr. Charles Watson, the past week.

Miss Louise Cox, after visiting her mother for a week, departed for Lock Haven where she has been attending the Normal school.

Irvin Noll, of Pleasant Gap, visited his grandparents, Mr. and Mrs. Samuel Charles recently.

Frank Kohlbecker, after spending a few days here with his brother Henry, returned to Pittsburgh.

Howard Nagle, P. R. R. operator here, spent his relief day with his sister, Mrs. A. L. Straley, of Mill Hill, recently.

Understand there is going to be a change at the P. R. R. station as to a new operator coming to town in the near future.

Miss Mary Bathurst, a young lady of Bellefonte, spent Sunday last at the home of Mr. and Mrs. Howard Heston's.

Wonder what happened to the Wingo scribe last week—let us hope he isn't lost!

CENTRE LINE.

About three inches of snow fell on Saturday night which made it look like in the cold, old winter time—but it disappeared very fast after the sun got up on Sunday morning.

The Rev. Courtney, pastor of the Lutheran church, has had a series of sermons since last Wednesday evening the 5th.

Some of the farmers have got tired waiting for summer weather and have begun to turn over the soil.

Robert Blackburn Sunday with his friend, Lawrence Nowlin, at the home of H. C. Nearhoof's.

There will be preaching in the M. E. church next Sunday afternoon, at 2:30 o'clock.

Lloyd Chromler spent Sunday afternoon at W. M. Way's.

Harry Gussmore is getting his flue put up at his house in which he expects to move soon.

J. D. Dunlap is hauling his lumber from Zentmire's saw mill for his new house, he intends to erect this summer.

Harry Bickel, wife and two children left on Saturday for his home at Zion expecting to come home Sunday evening.

Charles Buck and family, of Cross Roads, spent Sunday afternoon at the home of Newton Wilson's.

The service at the United Brethren church was well attended on Sunday evening.

SKUNK HOLLOW.—Penn Twp.

Preaching at Paradise was well attended on Sunday.

Mrs. James Green, of Milesburg, is visiting at the home of Mr. and Mrs. Henry Snavely.

Harry Auman, who spent some time at Remov, returned home again; he says there is no place like Sam's—wonder why.

Some of the farmers have started to plow; others have not started yet.

People were quite surprised on Sunday morning to see about six inches of snow; rather cold for this time of the year.

Sunday school has started up at Paradise on Sunday with a fair attendance.

Miss Minnie Vonada, who has been on the sick list the last couple weeks, is improving some at this writing; hope for her speedy recovery.

Wm. Auman, who was working at Oldtown, Md., is visiting his family.

FILLMORE.

The Easter entertainment at Pleasant hill was quite a success; a good crowd and fine order.

Any persons wanting a good hand to sow cloverseed, call on John Gross. Bonne Gummo spent Sunday at his uncle, Davis Gummo's.

Mr. and Mrs. E. D. Marshall were pleasant callers at Henry Shuey's. Mrs. Ruben Crust is quite ill—hope she will soon be around again.

Sunday school every Sunday at 2:30 o'clock; all invited to come.

Roy Rockey is spending a few weeks at Spring Creek.

Mrs. William Spots is taking care of her aged brother.

There was a large crowd at Pleasant hill on Sunday. Preaching on next Sunday. Everybody come.

John Hampton attended league on Sunday evening. John cannot stay away very long.

Mr. Hoover spent Saturday night with his lady friend, Mabel Norris. Paul Witmer spent Sunday with his parents in Bellefonte.

Howard Peters and Harold Young spent Friday night in Bellefonte; do not know what their attraction was.

Fillmore No. 2.

Preaching service next Sabbath at 10:30 a. m., Sabbath school at 9:30 a. m., and Epworth League at 7:30 p. m. You are cordially invited to attend these services at the M. E. church of this place.

Some of our farmers thought winter had gone and commenced to plow; but to remind them of winter there was four inches of snow fell Saturday night.

I am glad that I can be one of the three scribes of this place; all join in and make our little town merry.

Those on the sick list are, Mrs. Joseph Eckley and Mr. Anthony Wise, who is a very old man. Mr. Wise had a stroke about one week ago; hope he will soon recover.

Clyde Hoover, of Pittsburg, spent Sunday with his lady friend, Miss Mabel Norris, of this place.

James Hisey drove through our town on last Monday with a brand new spring wagon; don't forget us, James, as we still live at the same place.

Henry Rockey says that he will not need to fasten boards on the side of his wagon to hold the top on, as one of his companions, who were with him, held the top down. Henry you shouldn't drive so fast next time you attend meetings.

Charles Lutz loaded a car of potatoes here last Tuesday at 31 cents a bushel.

The orchard meeting which was held at Miss Bessie Green's, on last Saturday, was very interesting and it will be very good for us to know how an orchard should be farmed and how the trees should be trimmed. Some young men are taking lessons on trimming trees.

Midnight in the Ozarks

and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made me a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la grippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy; its the best known remedy. Price 50c and \$1.00. Trial bottle free. Guaranteed by Green's Pharmacy Co.

Never Out of Work.

The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, languor into energy, brain-fag into mental power; curing Constipation, Headache, Chills, Dyspepsia, Malaria, Only 25c at Green's Pharmacy, Co., Bellefonte, Pa.

Making "Catgut."

Probably but a small percentage of the fishermen who use flies strung with fine translucent "catgut" are aware that the almost unbreakable substance that holds the hooks against the fiercest struggles of the struck fish comes from silk worms.

The principal center of the manufacture of this kind of catgut is the island of Procida, in the Bay of Naples, but most of the silk worms employed are raised near Torre Annunziata, at the foot of Vesuvius. The caterpillars are killed just as they are about to begin the spinning of cocoons, and subjected to a process of pickling, which is a secret of the trade, and afterward the threads are carefully drawn out by skilled workers. Why it is called "catgut" is not explained, as cats don't seem to have any connection with the product.

TINY BABY HAD DREADFUL ECZEMA

On Hands, Face, Nose and Mouth. Hard Crust Formed and Cracked Open. Blood Ran. Itched Frightfully. Mitts on Hands. No Rest.

Got Cuticura. In 3 Days Relief. In a Week Cured Without a Mark.

"I have a little baby almost a year old. When it was two months old it got eczema on top of both her hands, on her face and inside her nose and mouth. She refused to drink and one of her eyes almost closed up. A hard crust formed and would crack open and the blood ran out. It itched so frightfully that the poor little girl could not rest. I had to keep mitts on her hands to keep her from scratching all her face and her mother was forced to sit in a rocking chair with the baby day and night. We had a very good doctor and he did all that he possibly could to relieve the baby's torture but the results were not what we had looked for.

We had read of the Cuticura remedy so we went to the drug store and got some Cuticura soap and Cuticura ointment. We used them just as directed and in three days the crust began to come off. In a week there was no more scab and now the baby is cured without a mark, sleeps soundly in her cradle and her parents in their bed, with no more sleepless nights because of the baby's suffering. Cuticura seems a wonderful remedy for this disease and any one having eczema should not delay in getting it. Henry M. Fogel, R. F. D. 1, East Pa., Dec. 9, 1909."

Cuticura Remedies sold throughout the world. Put up in 2 sizes, 25c and 50c. Be sure you get the genuine. Sold by all druggists. Beware of cheap imitations. The name of the Trade Mark is on the wrapper.

PLAN BIG CHURCH.

Of the Presbyterian Faith For State College.

More than a score of prominent bankers, philanthropists and educators met at the Union League, Philadelphia last Thursday afternoon as the dinner guests of Alpha B. Johnson and discussed ways and means of raising \$75,000 for the erection and endowment of a big Presbyterian Church at State College, which is to be especially charged with the responsibility of caring for the 400 sons of Presbyterian parents in the institution.

At the end of the dinner the following committee was named by the assembly to co-operate with Rev. Dr. Wilson Cochran and Rev. Dr. Richard C. Hughes, of Madison, Wis., secretary of the Presbyterian Board of Education, in the work of raising the money required for the State College church: Alpha B. Johnson, J. Milton Colton, Thomas W. Synnot, Craig N. Liggitt, Harold Peirce and William R. Nicholson.

Dr. Cochran who, with Dr. Hughes, has undertaken the work of raising this particular fund, explained at some length the peculiar claims and necessities of State College and brought out the fact that as a great majority of all the young men graduated from this institution go directly to small communities to spend their lives as educated, scientific farmers, they exert for all time a potent influence upon hundreds of small settlements where, as the only scientific farmers in the neighborhood, they are constantly consulted by less skilled men of the soil, who come, in time, to follow their examples in living as well as in farming.

President Edwin E. Sparks, of State College, the guest of honor, outlined the needs of the institution.

The committee will meet within this week to draft formal plans for pressing forward the work.

Onion Sets "Dirt Cheap."

The great slump in the prices of onion sets at the beginning of the gardenmaking season, has hit a majority of our grocers pretty hard. The sets are retailing for 5 cents a quart, says the Lock Haven Democrat, a lower price than ever has prevailed in many years. One of the leading grocery firms in Lock Haven who contracted for their supply of onion sets last fall, are losing money on every quart they sell, and will be out about \$250 on their deal, as a result of the slump.

25,000 Auto Licenses Issued.

The state highway department issued automobile license number 25,000. This is the largest number ever issued up to this period of the year and is 3000 ahead of the same day last year. Over 9000 chauffeurs have been licensed.

This is the trademark which is found on every bottle of the genuine

Scott's Emulsion

the standard Cod Liver Oil preparation of the world. Nothing equals it to build up the weak and wasted bodies of young and old.

FOR SALE BY ALL DRUGGISTS

Send 10c, name of paper and this ad. for our beautiful Savings Bank and Child's Sketch-Book. Each bank contains a Good Luck Penny.

SCOTT & BOWNE, 409 Pearl St., N. Y.

THE WHOLE FAMILY IN THE GRASP OF THE TRUST SPIDER

Leather Prices Jump Again Trust Creates Artificial Scarcity by Closing Tanneries

You and I and the other plain people of this country are not paying enough for our shoes, it seems.

The Leather Trust needs the money more than we do—so the shoe wearers of America have got to come across with the higher price.

Shoe manufacturers will tell you that there is a "shortage of leather." What they may not tell you is that the Leather Trust created this "shortage" by deliberately shutting down its tanneries and throwing thousands of its employes out of work in midwinter, with the sole object of boosting the price of leather!

Now, the higher price would be hard enough on the shoe buyer—even if the quality of the shoes justified it.

As a shoe wearer you know that the average shoe is not worth its price—or anywhere near it.

The clerk, the merchant, the farmer, the mechanic finds his soles giving away long before their time—the uppers cracking and pulling away from the soles—the leather losing its finish, its softness, its elasticity.

The crying evil in the shoe situation to-day is the influence of the Leather Trust on the quality and cost of leather.

Facts that the Leather Trust Will Never Tell You

These are facts that the average shoe manufacturer does not dare to tell you. It's only when an independent newspaper publishes this inside information in the interests of its readers that you learn the real truth and the whole truth.

The American shoe industry is in the grip of the Leather Trust.

There is only one shoe manufacturing concern in the United States that can put what they know to be honest leather into their shoes.

They can do this because they own and operate their tanneries independent of the Leather Trust.

The name of that concern is Endicott, Johnson & Co. Their tanneries and factories are located at Endicott, N. Y.

Back in 1893 H. B. Endicott and Geo. F. Johnson formed a partnership and started to manufacture shoes.

Then the leather began to show bad qualities. The Leather Trust began to starve the leather in tanning and finishing—instead of using the slower and more expensive processes that give to leather its wearing qualities.

Cheap Processes in Trust Tanneries

"Processes" and short cuts crept in all along the line. Hemlock used in place of good oak tan bark. Chemical tannages that load up the weight of the leather—all sole leather is sold by weight.

These conditions have existed for years in Trust tanneries—the situation is getting worse instead of better. Only recently, Dr. Wiley, the Government chemist, declared there should be a law like the Pure Food Law to prevent tanners from using adulterants in their "processes."

Various cheap adulterants are used in large quantities by the Leather Trust to "weight" the leather—it looks "full" and "plump," but is really "brash" and rapidly breaks up under wear.

Endicott, Johnson & Co. refused to put that kind of leather into their shoes.

Breaking Grip of Leather Trust

So Endicott and Johnson built their own tanneries. Today they tan every pound of leather they put into their shoes.

They tan every batch of hides for a definite kind of shoe, and perfect it in the tanning and finishing for the service it is to give—an obvious advantage in the working qualities of the leather and the durability of the shoes.

Their "Forest Oak" is honest old-fashioned straight oak tanned sole leather.

Their "Kromelk" is the first and only chrome-tanned sole leather to be perfected and put to practical and satisfactory service.

It is the most durable sole leather ever made—weather proof, heat proof, all but wear proof.

This leather has been imitated largely since it proved so successful—but it cannot be duplicated because it is the exclusive property of Endicott, Johnson & Co.

Endicott, Johnson & Co.'s tannages of calf skin and chrome-tanned upper leather are as far ahead of commercial leathers as their "Forest Oak" and "Kromelk" are ahead of commercial soles.

Extortionate Profits Saved

Endicott, Johnson & Co. find it perfectly feasible to produce a dependable, long-wearing shoe and sell it at the price that the average man wants to pay for his shoes.

Buying their hides in the open markets of the world, and operating their own tanneries, they cut three profits out of the cost of making the shoes—the profits of the Hide Trust, the Leather Trust and the Leather Jobber.

Then they cut out the Shoe Jobber's profit—selling direct to your home shoe dealer and 30,000 other retailers in this country.

Thanks to this "hide to retailer" policy—Endicott, Johnson & Co. can save you 50 cents to \$1.00 on every pair of shoes you buy.

This policy—and its service to the shoe wearer—has made them the largest shoe manufacturers in the world.

Endicott, Johnson & Co. have the most expert staff of shoe designers in the trade. And style in an Endicott-Johnson shoe means something—the real leather is back of the style. The shoe is pliable—yet firm and solid. It holds its shape, its fit, its finish.

You can buy Endicott-Johnson shoes for men, women and children—shoes for business wear, work shoes, dress shoes, school shoes for boys and girls.

ENDWELL—the Independent Shoe

The most popular shoe for general service is their ENDWELL (Goodyear Welt)—a dress and business shoe that sells at \$3.00, \$3.50 and \$4.00.

Endicott, Johnson & Co. make lines that sell for more money—and still other lines at a lower price.

You can have your choice of Shoe or Oxford—Lace and Button—all the fashionable lasts—any width of toe—all the colors of leather.

And the way those shoes wear will be a revelation to you.

Remember the name. You will find it stamped on the shoe—

ENDWELL Cluster's Underselling Store.

Shoe buyers who live outside the city where this paper is published can learn the names of their home dealers who carry ENDWELL shoes by writing to Endicott, Johnson & Co., Endicott, N. Y.
