of which his fine homestead, built in 1871, and commanding a wonderful view of the Roaring Branch Valley, is to be the nucleus, and his secretary, John Allison, the manager. In addition Mr. Green left \$50,000 for a public library at Wellsboro, and \$40,000 for a public library at Canton. Mr. Green lived in Tioga county, his offices were in Lycoming county, and his nearest good-sized town was Can-

ton, in Bradford." This item, taken from the Philadelphia Record of last Monday, is of local interest because the John Allison referred to is well known in this community, and comes of two of the oldest and best families in the county. His parents were H. Clay and Agnes Bennison Allison, of Nittany, and he is therefore a nephew of the late Capt. S. H. Bennison who died here recently, and of the Misses Jane and Mary Bennison, and Mrs. W. R. Garner, who are still residents of our town. Mr. Green, whose timely benificense will offers large measures of comfort to aged people, has been a life-long friend of the writer, his acquaintance beginning more than half a century ago in the boyhood days happily spent in Williamsport and who has more than once in his later days been a welcomed guest in the stately mansion which is the subject of the beautiful gift of the fine old gentleman.

Two Summer Schools .-- On Monday of next week, 17th inst, Miss Florence Confer will begin a six weeks term of school, in the public building for primary and intermediate scholars.
