that he in the wrong but is afraid to admit it."

In Our Churches Next Sabbath. Christian Scientists—Service at home of Mrs. Thomas Mann at

Reformed—Pastor E. F. Faust will preach at Mt. Bethel at ten o'clock, at Salona at half past two, and in Howard

Methodist Episcopal-Pastor R. S. Tay lor will preach and administer the Holy Communion in Howard at half past ten, and will preach at Kennedy at half past two and at Curtin at half past seven

Spring days and spring weather bring to men, as to birds, thoughts of building new homes and repairing and improving the surroundings of and our town is no exception to the rule. In the east end of Main street Christian Holter is putting in new foundations for his old house, onto which he will move it, about ten feet eastward, and renew with weatherboarding and paint. Farther up the street Frank Butler is adding to the size and comfort of his kitchen and putting a new floor on his front porch. On west Main street the cleaning up, re-fencing and cultivation of the old A. W. Gardner lot is a noteworthy improvement to that section. Next beyond it, on the same street, L. H. Neff is making an important addition to the front of his house, making a two-story building, with a first class cellar, arranged for steam or water heating. At the extreme west end of the street, the final cleaning up, and putting under cultiva-tion of the front of C. M. Fox's pretty little farm has made a great improvement upon the unsightliness of that lo cality. On north Walnut street Wm. H. Thompson has been fencing in his new property and is preparing to put down a new brick sidewalk. Just south of the railroad John M. Robb is greatly improving his residence by putting down a concrete walk. On Railroad street Bower and Leathers and James Leathers have repaired and renewed some portions of their boardwalk. Farther westward Dr. McEntire has re-roofed the whole of the house he lives in, and is building a new double house fronting it, on the opposite side of the street. On Grove street C. C. Lucas is building as a home for himself a new brick veneered house which will undoubtedly be a well built and handsome one, and to that degree add to the beauty of that already pretty street, but it is a public misfortune that it is so located as to prevent the extension of Maple street, and ef-fectually block the development of that section of the town.

Successful Alfalfa Growing. Robert P. Confer has affirmatively answered the often asked question, alfalfa be grown in this neighborhood?" Not the east doubt about it, provided proper care and diligence is exercised in the preparation of the ground. Last year Mr. Confer prepared and sowed a lot of something more than an acre, which had for several years been carefully farmed in ordinary farm crops, including wheat, corn, potatoes and tomatoes, alternating, of course, with clover, with fiarly liberal applications of stable manure and lime. The land was put in a thoroughly good mechanical condition by plowing, and frequent harrowing, dragging and rolling, and plenty of good seed was sown. The crop came up finedid well all season, and at this writing joy to the owner, a thing of beauty on the other half. It is worthy of special note that at the suggestion of a friend Confer procured of The Pennsylvania State College one hundred pounds of inoculated soil, and sowed it upon a por-tion of this lot at the rate of two hunby experienced alfalfa growers, but from the time it first came up until the present the most careful inspection fails to show a particle of difference between the crop on that portion and that which was not inoculated, going just so far to show that well prepared soil which has grown good crops of clover does not need inoculation for alfalfa. In another nearby lot of about equal size. Mr. Con-fer has a crop of clover which is, rela-

The present month, May, is the first one of the four, the others being June, August and October, in which, by Act Kundtz and Mrs. Gordon, of July 2, 1910, road officers are required O., who arrived last week. to "remove and take away the loose John Foresman has prepared himself stone from the traveled roads or high- with a horse and fine new wagon and ways * * at least once each month." The gone into the trucking business in earn-penalty to be imposed upon road officers est. This will give the farmers of the who may neglect or refuse to do so is adjoining townships just so much the fixed by the same Act at ten dollars better market for their small produce. with costs for every such offense, and it and, we hope, bring him success. is provided that the informer or prosecutor shall have one-half of this fine, and of ashes, piles of which still adorn certhe other half go into the road fund, tain of our churches and a few private There is no question that the faithful execution of the provisions of this law would make a great improvement upon our ordinary "mud roads," and if this should be followed by an intelligent and continuous use of the log road drag upon such portions of these roads as it is toward making them "good" than by any money that could be made. There are of this "dirt road" in the state of Pennsylvania which have been built and cared for up to this time by the people who live in the country districts, and even if the legislature shall pass, and the governor shall approve, the proposed law to make five thousand miles of this a State Road, at a cost of \$50,000,000, there will yet remain for these same country people to maintain, for years to come, nine-ty-five thousand miles of this same old "mud road," and the quicker we apply ourselves to the task of learning and

On last Saturday afternoon Miss Corilla Thomas and her brother Hunter, placed nearly a dozen each of pink and white carnations in water jars, upon the graves of their father and mother, in honor of their parents and recognition of the coming "Mother's Day." During the night some dirty coward stole all of them but two, leaving a white one on mother's grave and a pink one on the father's. It is hard to believe that we have in this community anyone *mean enough to desecrate a grave, and we prefer to think that the contemptible deed was committed by some of the strangers, a good many of whom were in town that evening. The severe penal-ties provided by law for such miscreants will be made to bear with all its force upon the perpetrators if they can be dis-covered, and Miss Thomas is prepared to

practicing the cheaper and better meth-

of public speaking in the Normal at Lock Haven, to give one of her interesting readings in the audience room o building to-morrow, Friday, even-The admission for adults will be twenty cents, and for children less than of Lumen lodge twelve years old, fifteen cents. To Saturday night those who heard Miss Reid when she are still living. gave a recital in the M. E. church some months ago, no urging to attend is needed, but those who failed of that pleasure should by all means take advantage of this opportunity to kill three birds with one stone—secure a delightful even-ing for themselves, compliment the talented young lady, and help the church.

Memorial Day Flowers. Miss Eva Neff has been appointed chairman of the flower committee by the G. A. R., and all who can contribute lowers for the occasion are requested o send them to her at her home on Monday, 29th, if convenient.

Frank Noble, of Snow Shoe, visited friends in town over Sunday.

Mrs. Aiken, of Bellefonte, was the over-Sunday guest of Mrs. S. H. Bennison. Mrs. Dr. Brock, of Spring Mills, was a last week guest of Mr. and Mrs. I. N.

Mrs. Earon, of Eagleville, spent last unday with her parents, Mr. and Mrs. Jacob Robb Mrs. I. N. Harvey, of State College, visited her sister-in-law, Mrs. Frank

our choice."
The Rev. V. L. Wagner occupied the oulpit of the M. E. church on last Sunlay and his sermon was well received by the large audience that was present. 'he general verdict was "It was fine." Only four persons celebrated Mother's day on Sunday by wearing white flowers on their breasts or lapels of the coat Mrs. A. C. Dorman, of Altoona, is spending some days with her parents, of the ministers. We presume the matter was not generally known or thought ter was not generally known or thought of. This should not be so, for we think that of all the days we celebrate, Moth-

er's day should rank among the first.

Jolly, happy Toner Calhoun and wife Sundayed with the former's mother, Mrs. Mrs. Dr. Russell has a beautiful, thrifty lemon tree in the conservatory, which at present has 14 lemons of various sizes

It is interesting and beautifff to look at. One day last week Harry Spotts, son of Joseph Spotts of this place, and a fel-Pitcairn, arrived at the home of Mrs. Centre Lumber Company's sawmill, somewhere up in the mountains north of Dix Run, took their dinner pails and walked out along the hill and sat down to eat their dinners. Thomas Ingram, who was some distance above them, rolled a large stone in the direction of the boys in question which struck Harry Spotts on the jaw breaking several teeth and part of the jaw. Had the stone struck him a little higher it would oubtless have killed him. Mr. Ingram eclares he did not see the boys and did not know they were there. It was purely accidental.

It is thought that, unless that addition to the Grange Hall will soon be built, an epidemic of pink eye will break out by reason of looking at the horrid old shack that is still holding the fort at the east end of the Hall.

It was suggested the other day by one of our citizens that the Borough dads buy three pairs of glasses with powerful lenses for the street committee so that they might be enabled to see the wood piles, the ash heaps, old junk and tinware that still occupy a number of our Clean up your alleys. Help beautify our town. Let every one do his duty in helping to make our town loom and blossom like the rose

The funeral of the late James Irvin Calhoun, on last Saturday morning, of whom brief mention was made in my last week's items, was one of the largest that has ever occurred in this place. Calhoun was born January 7th, 1848, and died May 10, 1911, aged 63 years, 4 months and 3 days. He was born and lived all his lifetime on the farm on which he died. he died. He is survived by his se maiden name was Eila Musplete answer to the above question. He is dividing his lot by a fence, with the purpose of mowing one-half of it two or three times for his growing calves and colts next winter, and pasturing his pigs is as brave as a little soldier about it. ford county, and Mrs. J. B. Alexander, and goes at his work with one hand of Union township. He was a zealous and consistent member of the M. E. church for about 40 years. Interment in upper cemetery. Services were held in the church by the Rev. R. S. Oyler, as-Services were held in sisted at the grave by the Rev. Victor L. Wagner. Thus has passed away another of our oldest and most honored citizens, a loving husband, an indulgent and affectonate father, a kind and obliging neighbor, a citizen of unblemished character, and one of God's noblest works, an honest man.

The building of concrete pavements has become epidemic in our town. Gee! but we're going to be nice. Messrs. Knisely and Rhoads, of Bellefonte, are the "concreters." What they don't know about putting down concrete walks wouldn't fill half a page of a vest pocket memorandum. Later on we will give a complete roll of honor of all those who will and have already put down con-

crete walks.

J. W. Smith, our up-to-date postmas. ter, has just placed a new and handsome delivery case in his office with lock and call boxes. It's a "beaut."

Ross Wallace caught a trout last week at McCoy's dam measuring 21% inches; weight 2 pounds and 9 ounces. We would like to hear from some one who can break this record.
