YOUNG COUPLE'S DRIVE SPOILED

The thrilling experience of confronting a full-grown bear while driving along a mountain road and then having their horse run away and throw them out of the buggy, befell a young couple last Thursday morning in what is known as Hecla Gap

One of the principals in the accident ras Samuel Bechdel, a son of Mr. and Mrs. Bechdel, who reside near the old Schenck stone quarries, between Bianchard and Howard. On Wednesday young Bechdel graduated from State College, and among those who were present at the exercises was his intend-ed, a young lady from Martinsburg. whom Mr. Bechdel had met while teaching school at that place.

There is every reason to believe that some substantial improvements will soon be accomplished.

DEMOCRATIC SENTIMENT FAVORS RE-ORGANIZATION

Stalwart Democrats From All Sections Speak In No Uncertain Terms---Tired of Democratic Gangsters---Change Needed.

On July 19th there will be two Democratic state conventions called to meet at the Harrisburg. Chairman Dewalt will have charge of the old movement, which is backed by Guffey, Hall. Donnley, Ryan, Meek and that style of men. The other convention will be under the direction of ex-Mayor Guthrie of Pittsburg, congressman Palmer, and the entire Democratic state delegation in congress, Hon. Vance McCormick of Harrisburg, and many other independent thinking men over the state, who believe that the Guffey-Hall bunch of party traitors should be retired, and new men chosen, in whom the public would have, at least, some confidence. It now is up to the Democratic chairmen of each county when they go to Harrisburg, on July 19th, to chose between the old and the new organization. They will have to recognize one or the other conventions.

We believe that County Chairmen, in a real Democratic party, should on such occasions reflect the sentiment of their districts; they should be leaders without necessarily being bosses. They should endeavor to intelligently ascertain the wishes of the majority, and then act in full accord with it, on all occasions.

Prothonotary Arthur B. Kimport is chairman of the Democratic committee of Centre county, and we have full confidence in his sincerity, and fidelity to his party. Therefore, in order to ascertain what is the sentiment of the Democracy of of Centre county, two weeks ago the following proposition and querry was published in this paper and replies solicited for publication:

Should the Chairman of Centre county (or substitute appointed by him) who goes to Harrisburg on July 19th, support the Guffey-Hall-Don-nelly-Ryan convention, or should he endorse the 'Re-organization' move-ment, headed by congressman Palmer?"

To the above we received the following replies, and in order to prove that they are genuine we have retained the original manuscript and name of each, which can be seen at this office by anyone interested:

Editor Centre Democrat:
In reply to your interregatories in last week's issue, "Do you favor re-organization of the Democratic party in Penna?" I would say most emphatically, "yes!" As was demonstrated by last fall's election, the honest voters of the party will cease to follow the corrupt gang headed by Hail, Mulvihill, and the whisky ring. Time and again they have sold us out to the Penrose gang. They were a party to a scheme that was consummated at Allentown last fall that orrupt vention by men that will favor a re-organization of the party, and put men y have at the head who have the backbone to They stand up for equal and exact justice to summated at Allentown last fall that made it possible for the whiskey ring and Penrose gang to succeed in electing their men to carry out their corrupt schemes, as was developed by the last session of the legislature, where booze and riot prevailed to the disgrace of the Keystone State. The sest voters of the party in Centre co have expressed themselves in no uncer-tain terms that they favor pure De-mocracy and clean politics, and will therefore demand that we be representtherefore demand that we be represented at the coming state convention, to be held at Harrisburg, July I'th, to aid the Guthrie-Palmer committee in ridding the party of the corrupt gang that seeks to disgrace the party.

Editor Centre Democrat:

As the state convention is to be July 19th, it is up to the Democrats to say whether they wish to continue under the old regime to be traded off, sold out, and cheated generally; or if they want to relegate the bosses and traders to the rear, and try to get honest leaders who will work for the interest of all the people, and consequently for the Democratic party. The writer hardly feels at liberty to give any advice, or opinion, as I have only voted the Democratic ticket fifty-two years, and you would scarce expect one of my age, to speak in public on the stage. But I assume the liberty to say that this state would be Democratic today had not some of our leaders been selling us out all slong. They got on to their job in 1856, when the Know-nothings were successful, and they have been onto the same thing ever since with few exceptions. I will not take up the space to name the ones I would relegate to the rear.

In reference to last fall's election, so far as my observation went the hotel loafers were for Grim. I do not know if it was the case all over the state, but it was in these several precincts. I hope the ex-President will have Taft renominated, as he will be the easiest man to defeat that the republicans can put up.

I have read your article, in last week's issue of the Democrat and I wish to say that I am heartly in favor of sustaining the Democratic side of this contest in our state, for I have felt for some years that we have been sold out each year by those placed at the head of the party. But last year they made it so plain, that a wayfaring man could not help but see it, and I believe that the representatives from this county to the state convention should do all in their power to rid the party of such men as DeWalt, Hall, Guffey, Donnelly, Ryan and that gang, for they have proven themselves nothing but political trick-sters.

From Snow Shoe.

Editor Centre Democrat:

In my estimation, there is only one thing for the representative to the state committee, on July 19th, to do, if he is going to represent the Democratic sentiment of Centre county, and that is to stand by re-organization of the party, and kindly and courteously ask the old leaders, or party wreckers, to step down and out to a man, as the Democratic masses now propose to take possession of their own. Any representative from this county, on July 19th, who does not represent this sentiment of the county, misrepresents it, as was done at the meeting of the State Committee, last spring, at Harrisburg. The same sentiment that prevailed last November, in this locality, prevails today, and experience teaches that the leaven that is working in one locality is working all over, so that the representative who does not represent the true sentiment at that meeting, will be placed among the wreckers.

A DEMOCRAT. If this does not reflect the sentiment of the party, we do not know how to ascertain it. We know of hundreds of Democrats who express the same sentiment as given above; and while all the above replies favor re-organization, let us say that they embrace all the replies received, to our open appeal.

The fact that Berry received 2701 votes and Grim only 211 last fall is sufficient to emphasize the point that Centre County Democracy is disgusted with this Gufferf-Hall bunch, even if Editor P. Gray Meek is the secretary of the discredited bunch of party traitors who for years have been in cahoot with the Penrose machine, apd from which he is annually drawing a "fat swag," or else he would not be allied with it, and when he tries to preach pure Democracy, to our people, those who know the game simply wink the other eye. Right here, let us say, we have no personal desires or fears of a controversy with our contemporary, as it is not the issue, but if a real re-organization is effected Brother Meek will in all probability loose a mighty "soft snit." In other words, he has a direct, persona, selfish interest in preaching the Guffey-Hall-Donnelly-Ryan brand of Democrat. In Centre county, but if he opens his eyes and keeps his ears to the ground he will find that you "can't fool 'em all the time," and they are thinking for themselves.

themselves.

To come back to the point 311 votes were cast for Grim last fall. We believe that not 20 per cent. of even these have any confidence in the Guffey-Hall bunch of Democratic traitors. They voted for Grim for the sake of being what they termed "regular." They admired Grim as a man, but disliked the political crooks back of him. These men loved their party dearly and could not forsake a regular nominee, and now are more insistent for a re-organization than even the Keystoners, or the independents, who last fall voted for Berry.

We believe Centre County Democracy stands for a new deal—wants a re-organization.
