Bright, Newsy Letters From the Various Sections of the County.

## JULIAN.

Mr. and Mrs. Elmer Williams, former residents of this place but now of Bellefonte, spent several days circulating among their many friends and relatives here last week. Mr. Williams was, before going to Bellefonte, a division hand in Wm. Fink's crew, but was promoted to watchman at the watch-box near the Bellefonte station. We extend our congratulations to him on his rise in the railroad's service.

Cherry time is here. Our people have been picking this toothsome fruit for the past week and more. In the valley they are rather scarce, but it is reported that back in the ridges the crop is a fair one. The average price being 2c a quart and pick them.

Mrs. Musser Jones left last week for Coocella Mills, Pa., where she will visit at the home of her son-in-law, Robert Swisher and family.

We notice our M. E. minister, Rev. Gilbert, comes down from his parsonage in Port Matilda to his appointment here. In a new red automobile. The "old reliable" horse and buggy should not be forgotten altogether.

Rev. Smith will preach in the United Brethren church on Sunday evening, July the 2nd, at 7:45 o'clock. Let the sanctuary be filled with interested hearers.

The latest and newest industry around this part of the globe at present is a "skunk farm". This farm is located just across the river south of town, and is operated by the Messrs. Robert Walters and John Gill, who are owners, managers and proprietors. About 25 of these scent-producing quadrupeds already inhabit this farm. "In case an enemy should break in and invade their camp, and a combat ensue, the aerial regions would be filled with the invisible smoke from their rapid firing muskets and would drift over with the south wind and fill the olfactory organs of the innocent villagers. Then, no doubt, there will be something doing.

Some of the wheat fields in this section are beginning to take on a golden hue. The significance is, that the harvest hand will in the near future, be called to the field to exercise his usefulness in helping to glean the precious sheaves.

Before the next issue of this paper reaches us, the highly patriotic and time-honored celebration of July the 4th, will be past for another year. On this date many hundred people, some of which participate too actively in this jubilee, meet with their untimely and disastrous end. Let us hope that more care shall be taken and that no such calamity shall befall any of our people.

Calvin Holt started the haymaking ball rolling by making some clover hay last week.

Undertaker Samuel S. Osman, of Port Matilda, was in our village on Thursday. Can anyone tell why, that when "Sammy" passes eastward through our town he looks to the "left," and when he comes westward he looks to the "right?" There surely is a reason.

Veteran Geo. Gill and family attended the funeral of his brother Joseph, at Unionville, on Friday.

Guy Hoshand has joined the cyclists' union and now sports a bicycle.

It may be very disappointing to our citizens to note that no one from our town represented us at the great coronation of King George V, which occurred at the capital at London, England, last week; but judging from the fact that the "royal plate" at the King's banquet weighed eight tons and cost \$15,000,000, the sight of this bit of elegance, splendor and extravagance would have been too rich for a poor man's blood, so to speak.

A 4600-horsepower steam turbine from the Westinghouse Co., at Pittsburgh, passed eastward through our town on a freight train on Thursday. That beats "Sampson" all to a frazzle.

Fillmore Craig, who is building a new barn, the former one being destroyed by fire a year or two ago, has an "old fashioned" barn raising on Thursday last week. About 75 gents left their places of labor and turned out to assist in giving Mr. Craig a boost by boosting his new barn upward. At the noon hour all were invited to partake of a feast fit for the royalty across the "pond." The occasion passed off very nicely. No one was injured by any mishap and all returned to their respective homes feeling as though the day had been well spent.

On Saturday morning when our villagers arose from their slumbers at 4:30 o'clock, a big black auto was discovered stranded in the mire just west of town with a broken hind axle. Aid was summoned from Bellefonte with the necessary repairs and when all was adjusted, they were ready to move onward toward their journey's end; travel had been delayed 11 hours. The occupants of the car were five gentlemen who are said to be from Barnboro, who were on a fishing expedition to a stream over near the Seven mountains. This is the luck of the autoist which causes and induces him to utter the forbidden words.

A word to the wise is always sufficient, so here goes; the persons or person who are continually assailing some one else's department would be safer if they looked at their own and did not commit some of their untruthful sayings, as if they were forced to swallow some of their infamous civilities they would be sorry they had not used more honey-like phrases.

HECLA PARK. Last Monday forenoon, the funeral of John Sproul took place; the sermon was preached by Rev. Daubert, assisted by Rev. Hingman from Rebersburg in the church at Hecla. The body was laid to rest in the Zion cemetery. John Sproul was aged 75 years and a few months. He was a kind neighbor, temperate in all things, good character in all respects, and will be sadly missed by his host of friends, neighbors and acquaintances. The following survive him: two sisters, Mrs. Mary Stamp from Lamar, and Mrs. Kate Mortimer from Beech Creek; two brothers, Samuel and Heseckiah from Hecla. May his body rest peacefully beneath the sod, and may his soul have taken its flight into the great beyond where all is joy and blessedness.

On account of the threatening weather the festival at Hecla by the Hecla and Zion base ball teams, was not well attended.

## Dr. Pierce's Golden Medical Discovery

The heart becomes regular as clock-work. The red blood corpuscles are increased in number—and the nerves in turn are well fed. The arteries are filled with good rich blood. That is why nervous debility, irritability, fainting spells, disappear and are overcome by this alterative extract of medicinal roots put up by Dr. Pierce without the use of alcohol. Ask your neighbor. Many have been cured of scrofulous conditions, ulcers, "fever-sores," white swellings, etc., by taking Dr. Pierce's Discovery. Just the refreshing and vitalizing tonic needed for excessive tissue waste, in convalescence from fevers or for run-down, anemic, thin-blooded people. Stick to this safe and sane remedy and refuse all "just as good" kinds offered by the dealer who is looking for a larger profit. Nothing will do you half as much good as Dr. Pierce's Golden Medical Discovery.
