Bright, Newsw Letters From the Various Sections of the County.

JULIAN.

The Fourth of July passed off very nicely. It was an exceptionally quiet day in town.

Since our last paper many things have happened, some of which brought sorrow and discomfort.

On Thursday, June the 29th, when the afternoon mail train pulled into our humble little village the trainmen reported a house on fire a mile or so below town. This aroused a feeling of neighborly aid and assistance, and our merchant, J. Howard Turner, brought forth his auto which was quickly filled with volunteer help and soon making all haste toward the scene of the disaster. It proved to be the property of Wm. Miller a neighbor, citizen and farmer. No one was at home at the time except Mrs. Miller, her son Albert, and Mabel Lohr, a girl living with them. When assistance arrived all efforts to save the home were in vain. The barn would have been saved had it not been for the timely arrival of some of the ever-willing gentlemen. Nothing was gotten out of the house except a few things of little or no value. The community extends their most sincere sympathy to Mr. Miller and family.

SMAY:—Since my last items went to press the unseen but certain hand of death reached out over our community and took from among our midst the venerable John Smay. Mr. Smay was a veteran of the Civil War being at the time of his death over 85 years old. He had been in ill health for some months at his son's John Smay, Jr., of this place. Interment was made at Beaver Mills, on Thursday, June 29th.

Last week our town was almost thrown into another panic when a blaze was discovered on the roof of Daniel Murphy's house, but the quick action of our "Heel and Toe" Fire Co. soon settled the blaze which had only damaged the roof slightly.

Veteran Thomas Burns of Benore, was in our town on the 4th of July. A great many of our people attended the famous celebration at Tyrone on July the 4th. As the day was a "Hot Skeeter" in that Railroad Centre, many took a car for Lakemont Park where much relief from the heat was enjoyed among the trees of this place of amusement.

During the week of the 4th of July everyone was complaining of the intense heat as they lassoed the great drops of perspiration from their brow. Many people may not have thought just how hot it really was, thus I will give the degree registered at the writer's home from the porch in the shade. Degrees for the week: Sunday July 2nd, 100; Monday 3rd, 103; Tuesday 4th, 102; Wednesday 5th, 100; Thursday 6th, 97; Friday 7th, 93; and Saturday 8th, 93. With all this fearful heat and no rain for so long, everything is beginning to suffer for the want of moisture and cooler weather.

On the 4th of July a jolly wagon load of our young folks, driven by Charles Andrews, went out to the Bilger summer resort on top of the Allegheny mountain to get a cool and refreshing breeze and to see the troutlets swim and play in the pond. When they returned home Venus, Jupiter and Mars winked down at them while the silvery moon only smiled to see this tired and sleep bunched wending their way homeward after a delightfully spent day.
