On Monday the venerable Jacob Kepler, of Pine Grove Mills, accompanied by his son, Hon. J. Will Kepler, were in town transacting some business. While the elder Mr. Kepler does not retain the vigor of former years he still is in the possession of all his faculties, and is fully conversant with the current events, and is as enthusiastic in his Democratic proclivities as of former years. It was a treat to spend a few moments with him while here.

He is now located at Valley Falls, Jefferson county, Kansas, where he has waxed prosperous with the tilling of the soil.
On Thursday evening a number of neighbors and friends enjoyed a rare musical treat at the home of Mr. Charles Garbrick on Valentine street, given by Mrs. James Carrell, assisted by her brother Mr. Luther Hughes, who is a "Past Master" in the art of rattling the bones. Mrs. Carrell is an accomplished pianist and comedy singer. After exhausting her repertoire of songs and instrumental selections, Mr. Hughes mystified the gathering by feats of legerdemain, occasionally springing one concerning the "Allen Bath." All reluctantly returned home having greatly enjoyed the evening.
On Sunday afternoon Edward Eckenroth and James Haupt started out in Mr. Eckenroth's Mitchell car for a spin. In coming through Milesburg, when they passed over the crossing near the Methodist church, the spindle on the left front axle gave way and consequently swung the car to the side of the road and when it stopped the water in the gutter and the nose of the car plowed up the soft earth. They fortunately were not traveling at a high rate of speed and in consequence no serious damage was done to the car, and they escaped without any injury, for after that a sudden jolt. An examination of the broken part showed that it had been fractured for some time and the jolt, in passing over the crossing, broke it off. Eddie is thankful that he got out

Tuesday morning a special train of fifteen cars passed over the Bald Eagle valley from Altoona, bearing the foreman's association and the members of their families to Hecla Park where they spent the day picnicking. It proved a most enjoyable day for the outing, and all seemed highly pleased with the beauties and comforts which abound at the park.
On Thursday evening last about twenty-five young people gathered at the home of Homer Justice, at Coleville and made things hum in a merry mood for a few hours. Games and dancing were enjoyed until the time arrived for serving refreshments, when all else was laid aside, and the guests were treated to a palatable feast. Every one present enjoyed themselves to the utmost.
Miss Mildred Oden, daughter of Mr. and Mrs. William A. Oden, formerly of this place, who now resides at Clintondale, recently won the gold medal for the best essay at the Mansfield Normal school commencement, from which institution she graduated. Miss Oden has many friends in Bellefonte who will rejoice in her success. It is probable that she will teach in a New Jersey school the coming winter.
Rain, so welcome, and greatly needed, to prevent the corn and potato crops from being a failure, set in on Monday morning early, and brought the desired relief. The great heat of the previous four weeks, with barely any rain, gave all vegetation a back set, and but for the Monday morning thunder shower, there would have been very little corn or potatoes in some parts. Half an inch rain broke the drought.
Messrs. Geo. T. Bush and W. Harrison Walker, Esq., returned on Friday from their trip to the Shiner's convention and Rochester, N. Y., and report a fine time. The city was thrown wide open to receive the many visitors, and the program of the parade made on Tuesday evening was a slight worth going miles to see. They were very proud of their own Temple Band (Jaffa of Altoona) of forty pieces and the well drilled patrol.

The Sunday evening services during the months of July and August are being held at 6:30 o'clock in place of the regular 7:30 vesper.
Rev. and Mrs. C. C. Shuey returned last Friday from their annual trip through beautiful Canada. Some of the time was spent fishing in a portion of the country whose waters abound with fish of very large proportions. These trips always seem to lift ten years from the Reverend's shoulders, and he returns each year as frisky as a young colt.
Next week the dental offices of both Dr. Musser and Dr. Ward will be closed on Monday this week. The committee on Monday they will come down to leave for Cleveland, O., to attend the sessions of the national dental convention. This is expected to be a very enjoyable and profitable meeting of dentists who will gather in the number of perhaps three thousand. The committee on Monday they have made some very elaborate plans for the entertainment of their guests, among which will be a number of lake rides, and a trip to Niagara Falls by boat.
If you are not attending the scenic regularly you are missing the best pictures ever exhibited in Bellefonte. Every real of film at the scenic is a feature, and while some may better please you than others, yet there is not a picture shown that is dull or uninteresting. On the contrary many complimentary remarks have been heard of late concerning the scenic and the subjects and they are fast gaining an enviable reputation.
On Saturday morning the employees of the Tyrone railroad shops, together with their families, will come down on special train, by way of Bellefonte, to spend the day picnicking at Hecla Park. They will be accompanied by the famous railroad band of that place, and on their return trip in the evening they will stop off in Bellefonte for a short time, and give a half-hour concert on the diamond, from 6:30 to 7 p. m. This will give our citizens a rare musical treat, and prove that the new band are "some blowers." There are about forty-five pieces in the orchestra, and they are fast gaining an enviable reputation.
ZIEGLER REUNION.
The Zieglers of Centre and Clinton counties held their reunion at Hecla Park on Monday with a large attendance. Owing to the heavy rain and the inclement weather the attendance was small about a hundred being present. The big event of the day was a royal feast at noon, such only as the Zieglers can prepare. During the afternoon young and old amused themselves in various forms of sports and games.
At 4 o'clock all present were called together by H. N. Hoy and the following officers were elected: President, J. T. Ziegler, Pleasant Gap; treasurer, H. N. Keller, Bellefonte; secretary, A. E. Bartzes, Millheim.
The following are the members of the executive committee appointed by the president: H. N. Keller, Bellefonte; Josiah Rossmann, Penn Cove; William Musser, Millheim; Emanuel Garbrick, Zion; John Ziegler, Lock Haven. After the business was over H. N. Hoy was asked to make an address which he did. After this Roy E. Keller read a letter which had been found among some old papers. The letter was written to Peter Ziegler, Henry Ziegler's father, in the year 1841 and makes the letter 70 years old.
All were greatly surprised to see Mrs. Henry Ziegler present, as she is 75 years old but is so feeble she can not walk without assistance. She enjoyed herself greatly over the gathering of friends.
Ziegler is a German trade name and means a tileburner. There were twenty-five Ziegler male immigrants to Pennsylvania before the revolution. Several members of that name located in York county long before the revolution. The York county Zieglers were very patriotic in the war for independence, and a dozen of them served in the American army.
In 1818 Peter Ziegler, son of Nicholas Ziegler, immigrated from York to Centre county, and permanently located in York county long before the revolution. The Benjamin Lambert farm in Brush valley, and raised a family of thirteen children, Daniel W. Ziegler, of Spring Mills, is the only one of these children surviving.
These are prominent descendants of the Ziegler family in this county, all occupying honored positions in their respective communities. Those present from a distance were: Mrs. B. F. Heckart, and two daughters, Moranza, Pa.; E. M. Ziegler, John Love, Altoona; Mr. and Mrs. Geo. Musser, of Yeagertown.

MEETING OF COUNCIL.
Council met in regular session on Monday evening last with the following members in their chairs: Harper, Judge, Sheriff, Keller, Musser and Grier. Minutes of previous meeting were read by Clerk Kelley, and approved without alterations.
During the call for verbal communications, John M. Blanchard, Esq., and W. Harrison Walker, Esq., were present and Mr. Blanchard stated that they represented Dr. Selbert, and asked that council rescind the privilege extended some months ago to Dr. Selbert to erect a sign-board at the corner of Allegheny street and Borough alley. The matter was held over until next meeting night.
Henry Linn was present and paid over to the chairman of street committee \$20.28, for pavement laid in front of the Linn estate property.
William Walker very emphatically stated that he considered the walks on south Potter street an injustice to the citizens of that section of the town, stating that the residents of that street had long been suffering and very patient, and that they had repeatedly been promised relief, but it never came. The properties in question being in need of walks, belong to the Bush and Brew estates, respectively, and they will be at once given proper notice.
Water rent collector W. A. Ishler wanted to know what he should do in regard to the Holtz properties on Curtin street, the tenants of which claim they are not using continuous lawn sprinklers, hence refuse to pay water rent for same. Mr. Holtz, the agent of the properties, therefore refuses to pay the amount, due for the use of sprinklers, as he claims his tenants are not using sprinklers, hence will not pay him. Council was of the opinion that Mr. Ishler should use his own judgment as to whether sprinklers are being used or not, and act accordingly.
A written communication from Nittany Iron Company stated that the pipe which supplied them with water had become broken, and in consequence much water had become wasted, which they thought they should not be charged. They asked that the cost of same should be the same as last quarter, which by motion of council was granted.
A letter of grievance was read from the owners of the Beaver and Hoy roads, stating that the raising of the grade in front of the properties had resulted in much damage to latter. It is probable that the street committee will have the walks raised and additional drain pipes laid under the road.
Mr. Lutz, who lives on the Curtin town, below town, offered to furnish a dumping ground for rubbish, etc., upon the payment by the borough of \$5 per month. By motion council agreed to accept the offer for one month as a trial. All those who wish to use the place as a dump must, however, get a permit from the sanitary committee, so that the dumping will be done under the proper regulations.
The question of choosing an additional auditor for the Pruner orphanage, was settled without argument, as the committee, consisting of Hard P. Harris was elected unanimously.
The work of fixing the millage in the borough was held over until next meeting.
Water committee reported \$240.75 as the amount of water duplicate for 1911.
Market committee reported \$15.40 as collected market fees.
Street committee had various repairs made throughout the town to report, and in regard to Dr. Haffer's grievance against the Reynolds' avenue, above his property, the chairman stated that the borough engineer had been ordered to clean the ditch on the upper side of the street, a pipe placed therein. In regard to the bad condition of sidewalk around the Anderson property, Altheim and Howard streets, the clerk was ordered to send notice.
The United Brethren church congregation asked permission to tap the sewer near the church for surface drainage. The request was granted.
The bad condition of No. 1 Lamb street bridge was again referred to, as was also the bridge over Buffalo Run creek near the glass works. The latter bridge will practically have to be entirely rebuilt, as the whole structure is in bad shape. The matter was referred to street committee with power to act.
After the reading of bills adjournment was in order.
MARRIAGES.
Seltzer-Miller.
On Tuesday afternoon, Mr. Harry F. Seltzer and Miss Elizabeth H. Miller, both of Lock Haven, came to Bellefonte, and after securing their license, found their way to the home of the Lutheran pastor, Rev. Fred W. Barry, where they were happily made husband and wife. Mr. Seltzer is in business in Lock Haven and this newly wed couple will make that place their future home. There many friends will join in offering them best wishes and congratulations.
Barlett-Showers.
The home of Mr. and Mrs. Cyrus Showers on Beaver street, was the scene of a quiet little wedding on Tuesday afternoon last. The contracting parties were Mr. David A. Barlett and Miss Mary Showers. The officiating minister was Rev. Fred W. Barry of the Lutheran church, to which church Miss Showers and her parents belong. Both these young people are well known in town. Mr. Barlett is the son of Mr. David Barlett, Sr., foreman at the P. R. R. freight office of this place, and is himself one of the clerks in this office. The bride is an estimable young lady who possesses those qualities which are so valuable to a young contracting party in establishing a new home. After a tour of several days' visiting in some of the eastern cities and seaside resorts, Mr. and Mrs. Barlett will return to Bellefonte and will make their home with the bride's parents, Mr. and Mrs. Cyrus Showers, on Beaver street, until next spring when they expect to go to house-keeping for themselves. Our congratulations and best wishes go with them that they may have a life-long honeymoon.

All candidates for school director, throughout the county should remember that the law requires them when filing their nomination papers, to specify the number of years of the term for which they wish to serve, whether two, four or six years.

His wife has been dead for a couple of years, but surviving are four sons and three daughters. His funeral took place Wednesday afternoon, with interment at Stumptown cemetery, near Osceola.
NEVEL:—George Nevel, a native of Colyer, this county, died quite suddenly at Huron, Ohio, on Monday, July 10th, after a brief illness with typhoid fever. He was a sober, industrious young man and his death is sincerely mourned by his friends. Surviving him are his mother, one sister and four brothers, all living in the neighborhood of Colyer, in Pennsylvania. The remains were taken to his old home in Colyer from where the funeral was held Thursday.
JACKSON:—Rev. J. J. Jackson died at the home of his son, Homer W. Jackson, at State College on Saturday, July 1, at 4:30 p. m. For several weeks prior to his demise Mr. Jackson had been in failing health but his end came unexpectedly. He was 84 years old. In the fall of 1909 he moved to State College making his home with his son, who is instructor of country husbandry at the college. His home for 18 years prior to this had been at Cambridge, O., where he had lived after his retirement from the active ministry in the east Ohio conference of which he had been a member for a number of years. Mr. Jackson was a man of strong mentality and in his prime was a minister of rare ability and power. Services were held at the home Monday morning, July 3, conducted by Rev. J. M. Reiley and assisted by D. F. Kapp. The body was taken to Cambridge for burial. Services were held in the Methodist Episcopal church of which he had been assistant pastor after his superannuation for 14 years, attended by a large concourse of sorrowing and appreciative friends.
THE SCOOTAC PROPOSITION.
The gentlemen interested in the development of the Scootac Power company have not been idle and their recent activity is such as to convince the annual observer that the interests they represent are something more substantial than a mere "paper" company. An ordinance was introduced in Bellefonte Borough Council last week granting to the company a franchise for furnishing heat, light and power in Bellefonte. At an adjourned meeting of Milton's Borough Council a similar proposition was considered. Franchises will also be sought in Monticomey and Williamsport. In fact the whole West Branch valley will be joined by an electric circuit with the fountain head at Scootac, where the source of the desired energy is to be found in the enormous coal deposits in the Scootac region. There is no doubt that the benefits of cheap electric current will prove an energizing agency for the communities to be supplied. The Williamsport Gazette and Bulletin seems to take the proper view of the matter in an editorial published in Saturday morning's issue. The Bulletin says:
"People will wonder what Councils will do when an ordinance admitting entrance to the Scootac Power company to the city is introduced, but the chances are there will not be a great deal of opposition. Competition being the life of trade, even in light, heat and power, there will not be a great deal of objection from the Williamsport public. The deal comes through. It is understood that Milton and Bellefonte will be included in the Scootac circuit, and eventually it is hoped that every town in this section of the state will be reached."
The building of such a concern as is contemplated in the erection of the power plant at Scootac will require a great deal of capitalization. In order to convince financiers that the proposition will be a paying one it has been necessary for the promoters to secure franchises for the operation of the plant before the capitalists can be persuaded to provide the funds.
Engineer Schofield has reported that the natural facilities for the plant are all that can be desired; it has been shown by actual boring that there are rich deposits of coal and clay on the grounds, and with the securing of the rights of franchise through the territory the power plant is destined to supply it would seem that there will be but little more preparatory work to be done before the beginning of actual operations at Scootac.
