

BELLEFONTE AND VICINITY

THE LOCAL HAPPENINGS IN SHORT PARAGRAPHS

—Gertha Murphy has gone to spend a week with friends in Jersey Shore.

—Remember the Business Men's picnic at Hecla Park next Tuesday.

—Mr. and Mrs. D. B. Newcomer left today for a two week's vacation at the seashore.

—Mrs. Dr. Coburn Rogers returned on Tuesday from a visit to her former home at Hollywood, Pa.

—Mr. and Mrs. John Van Pelt, of Barnesboro, Pa., are visiting at the home of Mrs. Rachael Harris, on Curran street.

—William Dawson and little son, of Altoona, spent Sunday at the home of his parents, Mr. and Mrs. Isaac Dawson, on Halfmoon hill.

—Miss Pearl Fishburn is visiting her three uncles at State College, and also two at Pine Hall. She will be gone about two weeks.

—Geo. Bush purchased a runabout Buick car from George Beezer at last week. This car is not guaranteed to stay in the middle of the road, otherwise it is in good shape.

—Mrs. Dr. T. M. Morrow, of Altoona, came to Bellefonte on Saturday for the express purpose of paying a visit to see Frederick C. Kurtz, the big boy at the publisher's home.

—This week marble lining is being put at the front base of the court house under the portico, so that it will protect that part of the work. This finishing touch was needed to complete the job.

—Supt. Wagner has named Monday, September 4th, as the time for the opening of the borough schools. That will only be two weeks from next Monday for the kids to enjoy their summer outing.

—Secretary Weston, of the Y. M. C. A., his daughter Eleanor, Edward E. Rhoads and sister, Miss Rebecca and C. T. Gerberich are among those who will report today to attend the Bible conference at Mt. Gretna.

—Miss Sue Garner, a nurse in training at the Methodist hospital in Philadelphia, spent a portion of her vacation the past week visiting her sister Mrs. Wm. Bottorf. Miss Garner will complete her course next March, in that institution.

—William Hamilton, conductor on C. R. of Pa., local freight between Bellefonte and Mill Hall, is suffering with a severe attack of rheumatism, which has given him considerable trouble of late and compelled him to lay off for a few days.

—Mrs. Clifford Bender and little daughter Edna, after a week's visit with friends and relatives in this place, departed for her home at Bryn Mawr on Tuesday. Mrs. Bender was formerly Miss Anna Hickoff a daughter of Roland Hickoff.

—A cute little 7½-pound boy has since Monday become a permanent fixture in the household of Mr. and Mrs. Harry Rossmann, who reside in the Haupt flat on Thomas street. Mrs. Rossmann was formerly Miss Verna Stevenson, of this place.

—Miss Lottie Robb, the efficient head stenographer in the law offices of W. Harrison Walker, Esq., will depart this morning for Atlantic City, on a two-weeks' vacation. During this period, Miss Robb's duties will be looked after by Miss Christine Curry.

—A most cordial invitation is extended to everybody to attend the porch-party at the home of Mrs. T. H. Harter, on Allegheny street, Thursday evening of this week. Home made ice cream and cake will be served for the benefit of the Ladies Aid society of the Presbyterian church.

—Geo. Carpeneto, who recently longed for a wider field and greater opportunities to engage in business, recently cut loose from "Mama's apron strings" and started west to seek a good business location. After an absence of several weeks he returned and now says "Bellefonte is good enough for me."

—John Bryan, who for the past year has been a guest of Uncle Sam at the Soldiers' and Sailors' Home at Erie, is greeting friends in Bellefonte. He looks remarkably well and is so, except for an old asthmatic trouble, aggravated somewhat by the cool climate due to the lake near which the city of Erie is situated.

—Last week Farmer Ammon Gramley, of Coleville, caused the arrest of three women of that vicinity, charging them with trespassing and stealing his corn. Squire Musser's court was the place of settlement chosen. The parties, and after hearing the evidence on both sides, the Squire concluded it was not sufficient to convict, therefore he discharged the defendants and placed the costs upon the prosecutor.

—Did you notice the sporty appearance our band made on Tuesday evening? For why? All because of those neat-fitting blue uniforms that arrived this week, and the boys just didn't resist putting them on. Tuesday evening, the suit is similar to those worn by the Tyrone band and are plain but very neat. The band as a whole is now in first class shape and will be back 'er against any in its class.

—In the parlor of the Moose Club can be seen what at first appears to be a handsome oil painting of a moose, but on closer examination it will be found a clever piece of penmanship, made and presented by Edward McKinley, of Milesburg. The picture is probably 18x30 inches, done in colors, and with no other materials except pen and ink. It is a nice piece of work and shows more than ordinary cleverness in handling a pen.

—When the Bell Telephone company removed the telephone from the Bellefonte Hospital they displayed more miserly means than can be found in the average corporation. There is no argument or apology for such a small stinky sample of economy. The phone in the hospital was of use to their many patrons who desired information regarding patients in the institution. Every user of a Bell phone should file his protest.

—The concrete floor and side walls and retaining wall for the new swimming pool at the Y. M. C. A. was finished last week, and this week the brick layers have almost finished the outside walls. The interior finishing will be entirely of white tile and that will take some time, but the work is now being rushed along with remarkable rapidity which inclines us to believe that the swimming pool may be completed before the summer is over.

—Leonard Rhoads is home again after a week's visit with friends in Unionville.

—Perry Cole, who has been working at Snow Shoes, spent a few days at home the past week.

—Miss Grace Crawford, a daughter of Mr. and Mrs. Frank Crawford, was a guest of Miss Linnie Royer in Tyrone.

—Howard Best, chauffeur for W. Fred Reynolds has not been in the most robust health of late, and with the hope that a little sea air may prove beneficial, he and his wife have been sojourning at Atlantic City for the past week.

—An ice cream and cake festival will be held on the lawn of the United Evangelical church, on Willow Bank street, Friday afternoon and evening, August 18th, under the auspices of the Mission Band. The patronage of the public is solicited.

—Andy Young, foreman of the Bellefonte Republican, is in unusual luck, as his good wife presented him on last Friday with twins. How is that for prosperity? It beats the band how well the Bellefonte printers have been acquiring themselves this season.

—Palmer Barton, the five-year-old son of Mr. and Mrs. Harry Barton, who reside in Collins row, while playing with some other children, on Thursday, fell on an express wagon, cutting his lip quite badly and otherwise painfully bruising his face. The little fellow is now recovering very nicely.

—Last week Dr. David Dale, purchased George Bush's little Ford runabout, as an emergency car for use when his Franklin gets out of commission. This is the car that took Bush over the hill at the limestone quarries and since then Geo. has considered it a treacherous brute, and was anxious to part company with it. Since then the Dr. has been cutting some very funny stunts.

—Among those who attended the Olive Branch Sunday school picnic at Hunter's Park last Thursday was the venerable James A. Stine, the blind store keeper, of Coleville, who, through the kindness of friends was enabled to enjoy this, his first outing in eighteen years. It is hardly necessary to state that he thoroughly enjoyed the holiday and although perhaps the oldest in "years" of any person there, he was a "kid" on Thursday again, if only for a day.

—About a month ago Loy Reaick and family left Bellefonte in a little Ford touring car for an overland tour to the Pacific coast. Having disposed of his business in Niagara Falls they were driving as it were on a pleasure trip, seeing the country and ready to locate anywhere that an inviting business proposition came to their attention. About a mile outside of Indianapolis they found a small truck farm fully equipped with growing crops ready for marketing that was offered at a rare bargain, and the surroundings were so inviting that they promptly purchased the property and now are permanently located there.

—Mrs. Rachel Glenn, of Columbus, Ohio, is visiting her sister, Mrs. Fanny Shultz, on Penn street.

—Mrs. Julia Taylor, of New York City, is visiting her mother, Mrs. Susan Powers, on Lamb street.

—The brokers office in Temple Court closed on Tuesday, due largely to a lack of business from this community.

—Edward Franks, formerly of Pittsburg, is now employed in Bellefonte, where his family have been staying the past summer.

—Mr. and Mrs. Clinton Miller and daughter Margaret, of Altoona, were guests of Mr. and Mrs. Albert Schad on Spring street on Wednesday.

—Rev. Barry, pastor of the Hartleson Lutheran church, was in town yesterday, visiting his home, who has charge of the Lutheran here.

—Mrs. William Brown and little daughter have returned home from a month's visit with friends and relatives in Washington, Maryland and Virginia.

—Lester Musser, son of Mr. and Mrs. William Musser has gone to Altoona, where he will spend the remainder of his vacation with his brother, Boyd.

—Clyde Shutt, who is employed as a telegraph lineman in the railroad yards at Northumberland, spent Sunday at the home of his father, Wm. Shutt, in this place.

—Eighteen cars, well filled with Altoona shopmen and their families, passed through here Tuesday morning for Hecla park, where they spent the day in the woods.

—Tuesday evening the Bellefonte Band was out for the first time in their new suits and they made a fine appearance. The band is in good shape and has good material in it.

—Walter Eberhart, one of the assistants in getting the "Centre Democrat" from the mailing room to the postoffice, is spending his vacation with his uncle, John Eberhart, in Punxsutawney.

—Montgomery Blair, who has been employed in the drug store and attending a school of pharmacy in Philadelphia, is home on a two-weeks' vacation with his parents, Mr. and Mrs. John C. Blair.

—George Eckley, former proprietor of the cigar store under the First National Bank, who some months ago sold out the business and moved to Canton, Ohio, has returned to Bellefonte with his family, where he expects to remain.

—James Harris, the tailor, came up from Reading to spend a few days with his family who arrived here several days prior and are at the Smith home on Bishop street. This is James' first visit to Bellefonte in three years and he naturally enjoys greeting his many friends.

—James Franks, a member of the Marine Band, stationed at Baltimore, Md., has been spending some time with relatives in Bellefonte and Milesburg. "Jim," as he is known to his friends, has been in Uncle Sam's army for a number of years, and is rated as a first class musician.

—R. A. Tubbs, the genial Singer sewing machine agent of this place, left on Wednesday for Westfield, Tioga county, where he will join his wife and daughter, who have been visiting there for several weeks, and together they will be guests of relatives and old acquaintances for two or three weeks.

—Frank Scott, of Washington, D. C., is visiting his mother and other relatives in this place. Some years ago "Scotty," as he is known to his friends, was a resident of Bellefonte, and helped our burg to hold up her end in base ball. After a week's visit here he expects to go to Cleveland, O., and locate.

—While strolling around the excavated cellar, on west Logan street, where J. L. Hildebrand is putting up a dwelling, Mr. Henry Walkey on Monday fell on a pile of stones and it is feared fractured a rib. While the fracture is not serious, it is nevertheless of such a painful nature that he is continually reminded of its presence.

—The Logan fire engine, known as "Old Reliable" was taken out along south Potter street near the old pump house on Wednesday last and given a thorough test. It was in charge of Thomas Caldwell as engineer, and George Eberhart, fireman, and they put her through a course of scenic riding, right enough to satisfy them that the engine was not working with its old time perfection. It will be placed in the hands of machinists for overhauling.

—The Undine Fire Company left on Wednesday afternoon in a special car over the Central R. R. of Pa., for DuBois, Pa., where they will attend the annual convention of the firemen of this district. They will take with them the Curwensville band, from that place. There were about fifty firemen in the party and they will be back on Saturday. The Undine engine was not taken along. In this connection we can say that the Undine engine holds the best record in Central Pennsylvania for quick steaming and efficiency.

—John Eberhart and some of the members of his family autoed from Punxsutawney to Bellefonte last week and spent the Sabbath with relatives and old acquaintances. Mr. Eberhart is a son of Mr. and Mrs. Daniel Eberhart, of this place, and at one time was employed in "Bellonte" as a miller but tiring of that occupation, went to Punxsutawney and embarked in the mercantile business. Fortune has since dealt kindly with him, and today he is the owner of one of the largest department stores in Punxsutawney, and has become very prosperous.

—Beginning today the Y. M. C. A. will be closed for a week or ten days in order to allow some alterations to be made, and the entire inside of the building renovated. The reading room, pool room, game room, halls, etc., will all be repapered and repainted, and in the basement a number of changes will be made with the view of making it more convenient for the members. The room under the gymnasium has been fitted up with large steam pipes, and will be known as the sweating room. Cots will be placed in this room, to be used by those who wish to take sweating or massage treatment. The lockers in an adjoining room will also be moved to this room. The heating apparatus will be moved from its present location and the room it occupied will be used by the foot ball team. A number of repairs will be made in bowling alley, which will put that department in first class shape. The whole aim of the secretary and directors is to provide more comfort for the members, and to this end they are succeeding admirably.

—Mrs. Katharine McCoy, of the Republican office composing force, has been indisposed for the past three days suffering from an attack of acute indigestion.

—For an enjoyable evening, you'll have to visit the scenic; you'll find something fine there this evening, tomorrow evening and Saturday evenings. The scenic never disappoints.

—If nothing occurs to prevent the opera season in Bellefonte will open Monday, August 28th, with a company which carries a band, orchestra, and several floats, the latter being used in their parade.

—J. M. Cunningham and Edward McGarvey are in Pittsburg this week where they have secured a room in the Frick Building for the purpose of giving a demonstration to scalesmen and other parties of their new electric automatic weighing and registering scale beam. A number of large firms are interested in this new device and have asked for such a demonstration. In fact, this scale beam has attracted the attention of some of the largest manufacturers of scales and they seem anxious to get hold of the patent. There may be millions in it and we hope they will be successful in getting a good deal through, as the company is almost entirely composed of Bellefonte business men who have liberally backed the young inventor in his experiments.
