It was noticed in last week's issue that a sample of peaches was brought to the editor's sanctum and laid on that worthy gentleman's desk by D. J. Gingery, of Huston township, candidate for Sheriff. Thus in order to keep parallel with the editor, it may be said without any exaggeration that a very liberal sample of the same luscious fruit was recently deposited on the writer's desk, also, by Edward Turner, and "Ed" is not a candidate wearing out his legs running for an office, either.

Let all our voting natives of the township turn out to the primary election on Saturday, Sept. 30th, and do what they can toward the nomination of Wm. Richards for constable. Mr. Richards is our present constable and during the term has rendered much satisfactory service to the commonwealth. When we have a man that is wholly competent and has the ability of acting in that capacity, why not re-elect him and feel that our vote has been cast for one who will strictly enforce the law in the respect; also, for one who lives where he can (and is) always on the job, which means peace and quietness in our little village.
