The Pass at the Passing Show.

The ingenuity of the deadhead is great, and the same application devoted to the invention of a utility would make the fortune of the persons who waste so much gray matter and energy in attempting to see the performance without liquidating.

The speaker was John W. Vogel, proprietor and manager of 'The Big City Minstrels' bearing his name.

'I had an experience on my first tour. We showed at a place—call it Sundown—it was in that neighborhood. It was a little belated in getting to the—they called it the Grey House, but it was a flat floored hall. The local manager was on guard at the portal, and as I gazed at the considerable gathering down in front, I was both surprised and pleased and remarked: 'Pretty good turn-out,' as I reckoned the amount of cash represented by the assembly in total. Mr. Local dispelled the illusion: 'Oh, them's the families of the stage hands and ushers; the audience ain't come yet.'

John W. Vogel's Big City Minstrels will appear at Garman's opera house soon.

Hallowe'en.

The origin of Hallowe'en, which is new generally observed as a night of great revelry, used to a holy evening, and derives its name from this fact. Hallowe'en immediately precedes All Saints' Day, a great religious holiday, and the people once spent the night in prayer and fasting. On that evening the youngsters, and even the oldsters, imagine they have free license to smash, hide away and mix up anything about any premises of generally, batter doors and windows with corn and cabbages, and do other annoying and mischievous acts, but that is just as illegal as though the nuisances were committed upon any other eve.

Men who purchase their supplies away from home, have little claim on Centre county merchants for support.

Backache

Is only one of many symptoms which some women endure through weakness or displacement of the womanly organs. Mrs. Lizzie White of Memphis, Tenn., wrote Dr. R. V. Pierce, as follows:

"At times I was hardly able to be on my feet. I believe I had every pain and ache a woman could have. Had a very bad case. Internal organs were very much diseased and my back was very weak. I suffer a great deal with nervous headaches. In 1906, I suffered all over. This was my condition when I wrote to you for advice. After taking your 'Favorite Prescription' for about three months can say that my health was never better."

Dr. Pierce's Favorite Prescription

Is a positive cure for weakness and disease of the feminine organism. It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. Do not permit a dishonest dealer to substitute for this medicine which has a record of 40 years of cures. "No, thank you, I want what I ask for."
