

Correspondents' Department

Continued.

REBERSBURG.

One of the prettiest and most successful parties of the Halloween season was given last week at the home of Mrs. Thomas Faxon's of Rebersburg. The decorations consisted of autumn leaves intertwined with chrysanthemums, while Japanese and pumpkin Jack-o-lanterns were guarded on all sides by witches and black cats...

FILLMORE.

The correspondent, of Fillmore, has gone on a vacation and left his son to look after the items, so don't expect too much of the new man. Mrs. J. B. Rockey was a Sunday visitor at the home of J. C. Rockey. W. G. Runkle, the good natured ex-district attorney, passed through town recently, bound for Half Moon valley.

BOALSBURG.

There will be preaching services in the Reformed church on Sunday evening. Mr. and Mrs. Harry Burns and baby daughter and Mrs. Majory Shugert, of Altoona, visited at the home of Mr. and Mrs. George Shugert last week. Mr. Stover, of Peru, spent several days last week with his son William and family.

FAST VS. JOY RIDING.

Judge Harold M. McClure, of the Union-Snyder county district, has drawn the attention of the entire country by a sentence inflicted on a citizen of Scranton, who accidentally killed a boy while driving his automobile at a fast pace through the streets of the latter city. The defendant is a man of prominence in the business and social life of the coal city, and therefore the fact that he has been sent to jail for six months and compelled to pay a fine of \$100 has occasioned a sensation beyond the limits of his own city.

A Birthday Party.

Mrs. Sophia Yaude, of Moshannon, who has been on the sick list for a year or more, was given a birthday surprise party on Monday afternoon of last week which was her 64th birthday at the home of her daughter, Mrs. H. L. Yeager, on Monday afternoon, her friends began to arrive, to her great surprise. There were about sixteen in number to enjoy the pleasures of the occasion and each one brought a nice basket of good things to eat.

Killed 412 Rats in Half Hour.

Harry Yalst, Elmer Yutz and A. G. Yutz, while in the latter's barn, near Pocahtonis, Pa., found the granary full of rats. The men plugged every outlet and, armed with clubs, entered, closed the doors and opened battle. The rats turned on A. G. Yutz. Before he could shake them off he was bitten on the hands and legs. His comrades saved him. All suffered bites. The fight kept up half an hour and the count showed 412 dead rats.

Rebels Control Almost Entire Empire.

Every dispatch brings news of continued revolutionary successes in China. Three more provinces in the south have declared independence, demanded the deposition of the child emperor and the establishment of a republic. The rebels now control the entire empire except the extreme south, the extreme north and west.

Captured More Territory.

The Turks and Arabs on Monday captured the Boumelian wells, thus cutting off the water supply of the beleaguered Italian army. The Turks also captured the last outer fort, following an attack at dawn in which they sustained heavy losses.

KRUMRINE'S PHARMACY

A Great Show. "His Honor the Mayor" in which Harry Kelly is starring again this season, it is claimed, made more people laugh than any two musical comedies combined. Certainly, Mr. Kelly lends a quaint charm to the part of Deacon Floor which he has so successfully portrayed for several seasons, that wins your sympathy, at the same time convulses you with laughter. "His Honor the Mayor" will be seen at the opera house for one night only on Thursday, Nov. 16th, and warm greetings awaits the coming of this popular comedian and his company of selected artists which are mostly girls.

Why The Stearns-Knight Improves With Use

Ordinary automobile engines depend upon spring action—deteriorate rapidly. The valves need grinding—

The action of the "sleeves" that open and close these valves become better and better as the motor grows older.

the timing must be carefully looked after—compression cannot be maintained.

But the new Stearns-Knight motor—using the sleeve valve principle—does not depend upon such valves. Slide valves do not wear. They never need attention. Instead, the longer the car is run, the better becomes their action, the smoother their operation.

That is why the power increases with use. That is one reason why this motor has made such wonderful strides in this country as well England, Germany, France and Belgium.

Wouldn't you like to see such a motor in action? A demonstration in the new Stearns-Knight will give you a brand new idea of motoring.
