BELLEFONTE AND VICINITY

THE LOCAL HAPPENINGS IN SHORT PARAGRAPHS

-R. B. Taylor was a business visitor in Tyrone on Tuesday.
-Mrs. Gardner is a guest at the A. L. Sheffer home in Mt. Airy.
-Mrs. Henretta Nolan spent a week with her son, Daniel Nolan in Tyrone.
-Miss Sue Justice, of Tyrone, was called to the bedside of her mother who is seriously ill at the Bellefonte hospital.
-Watch for the cowboy band parade at noon tomorrow. Concert on the diamond at noon and at 7 in the evening.
-Conductor and Mrs. U. H. Reamer are still at Atlantic City where they will spend several weeks for the benefit of their health and are finding the change beneficial thus far.
-The attendance at court is not very large this week. It looks as though litigation was on the wane in this county and a spirit of compromise and good will among men prevailed instead.
-Joseph & Co. have an unusually attractive show window this season, with Santa Claus in full view. Every Christmas sign and Joseph displays considerable ingenuity in some clever design.
-List of unclaimed letters for the week ending December 9th, 1911-Mrs. S. C. Burris, P. A. Earley, E. J. Hammond, Miss Harriet Kephart, Irving B. Leopold, Harry Zeller.-S. H. Williams, Postmaster.
-"The Beauty Spot," a big musical chorus company, with Frank Deshon as star, will appear at Garman's opera house next Thursday evening, Dec. 21. Prices 35, 50, 75 and \$1. This will be a high class production.
-Earl Dawson fell through a platform at the Matchless factory. He is employed on Monday afternoon, and cut a gash in his upper lip that required several stitches to close. In consequence he is off duty for a few days.
-Hugh Crider has his large Mat-tewson car in operation again. The car stood during the first cold spell and the water jacket over the cylinders was cracked and the radiator damaged. It was an expensive experience.
-The flushing of the paved streets with the fire hose on Wednesday morning has given the streets a bright and clean appearance, very much more inviting to strangers than the quarter-inch covering of mud heretofore hiding the brick.
-The advantages of brick paving in Bellefonte was quite evident this week. The business portion of the legheny street remained in excellent shape while those streets covered with the limestone screenings were abominable and crossing covered with deep mud.
-James Swabb, Esq., was in Bellefonte on Tuesday and informed us that the penitentiary site would finally be located in the vicinity of Linden Hall, and there was no doubt about it, as he had some inside information. That is why he had a confident smile on his face.
-A matinee will be given in the opera house next Thursday at 2:30 on the occasion of the visit of the "Beauty Spot" to Bellefonte. This will give those who intend to use the special train to Pennsylvania an opportunity to witness this big production. The prices will be 25 and 50 cents.
-Harry Auman, formerly clerk at the Brockert's office, now living in Altoona, spent Sunday with friends and relatives in this place. Harry has charge of the Fraternal Order of Eagles club house at Altoona, which position carries with it a handsome salary and living expenses furnished free.
-The Centre County students of the Pennsylvania State College will hold their annual Christmas dance in the Bush Arcade, on Thursday, Dec. 23th. The committee in charge include Norman Kirk, chairman, Harold Gardner, Harry Duvine, Richard Weston, Horace Hartman and Robert Walker.
-Prof. Walter H. MacIntire, instructor in astronomy, of State College, who accepted a professorship of astronomy in the University of Tennessee, which is located at Knoxville, will leave for the south next spring. Mrs. MacIntire was a daughter of the late Hon. J. C. and Mrs. Meyer of Bellefonte.
-Mrs. Minnie Underwood, graduate of Lock Haven Hospital, has accepted the position as Superintendent of the Spangler Hospital, to take the place vacated by Miss Anna E. Broderick, of Philadelphia. Mrs. Underwood was Miss Minnie McNerny, and on different occasions was engaged on cases in this community.
-The long list of National fraternities, at State College, was further supplemented when on Friday last the Phi Tau fraternity was taken under the fold of the Delta Upsilon. The installation was marked with impressive ceremonies. Haris Olewine and Prof. Irvin Noll, both of this place, are members of this new order.
-Reuben Grafmeyer, familiarly known to his friends as "Deacon," who for the past three and a half years has been employed by the Chicago Construction company in Illinois, is visiting his father, William Grafmeyer, at Milesburg, and looking up old acquaintances in and around Bellefonte. Reub and prosperity have been on friendly terms of late years.
-We saw robins around these premises on Monday. They left, as usual, in the fall, and their schedule for spring is, and has been, in the return. Their breasts were just as red as ever. Perhaps the fine weather fooled them to appear so long before the time in the spring. Perhaps, too, they did not fare well in the South, and prefer Centre county grub. Welcome, dear red-breast, get on the housetops and sing a pretty song-you are just as welcome here as the eight western governors are in Philadelphia.
-Dr. Thos. Stites, of the State Health Department of Harrisburg, will give two interesting and instructive lectures in the High school auditorium tomorrow, on the subject of Tuberculosis. In the afternoon the doctor will talk to the pupils taking as his subject "Little Things in the Fight Against Tuberculosis." In the evening Dr. Stites will talk on "Pennsylvania's Campaign Against Tuberculosis." Every citizen in Bellefonte is invited and urged to attend the lecture tomorrow night, and learn to what extent the crusade against tuberculosis is being carried on. The lectures will be held under the auspices of the Parent-Teacher Association and will be illustrated.

A WOODSMAN TALKS OF CHESTNUT BLIGHT
HOW HE WOULD DEVELOP OUR CHESTNUT TIMBER.
CRITICISES THE DEPARTMENT
RIDICULES "EDUCATED" FORESTERS-THINKS MORE WORK SHOULD BE DONE WITH AXE AND SAW-ASSIST NATURE-CUT AWAY SPROUTS.
Since the State Forestry Commission has inaugurated a campaign in Pennsylvania to stamp out the disease known as "Chestnut Blight" it has aroused interest among our people. We this week received an interesting communication from a well known lumberman, who has some decided views on the best manner of reclaiming our vast areas of de-nuded forest lands. On the question of "Chestnut Blight" he does not seem to take much stock and gives little credence to the necessity of such a movement. But he has some decided views on how to improve the growth of young chestnut timber, that sounds practical:

Wolfs Store, Centre Co., Pa., Dec. 12, 1911.
Wolfs Store, Pa., Dec. 12, 1911.
Editor Centre Democrat:-
I noticed the item in your paper relative to the "Chestnut Blight" and I feel that as we are the average taxpayer, I have worked in Chestnut timber for years and have noted two matters detrimental to the growth of chestnut timber.
First, there is a grey bug deposits the egg in the bark and the offspring is the "sawyer" worm which bores the tree full of holes and destroys the quality of the timber. This bug, I notice, does not attack thrifty growth.

Second, where the chestnut timber is cut by the axman, or burned by fire, numerous sprouts will appear at the base of the stump and grow a number of years and then die, blight or no blight. In some cases, a few take new roots and live. The majority will die, when the virgin stump and roots have exhausted their sap supply.
I firmly believe if Mr. Frances would give those two chaps an axe and trimming saw and send them into the woods in some old chopping and have them trim all the sprouts away from the stumps of but one or two, he will have no trouble to solve the chestnut blight-he will find the result wonderful. I have experimented by cutting all the sprouts away from the chestnut stumps all but one or two, they grow rapidly, and by the time the old stump and its roots lose the sap supply, the young trees take root, and thriving timber is the result. I have seen several years I have urged the forestry commission to put men in the woods with axe and saw, to assist nature to re-forest the state land and protect the same against fire.

Education and such is all right, but it will take more than having men sitting around drinking "coffee water" out of a black bottle to re-forest the state land. Where the virgin timber is erased, either by fire or the axe, new dense growth springs up. Reason why teach any one who knows, that it takes nature too long to accomplish the desired results. It is up to the nation, if it cares for timber, to assist nature along this line. Where the spruce timber is destroyed the growth on the remaining is trebble.
Like Rome, the Americans must be amused. The hunting sports have destroyed the deer chase and have come to stay. If the underbrush has been destroyed the deer chase would be no more. The underbrush is the seed bed of all damages. Wonderful would be the results if the forest authorities could be induced to spend the \$270,000 by putting men in the woods to assist nature in re-foresting. No doubt some good would come there the 17-year locust.
NATHAN HOUGH.

WELAND:-Mr. and Mrs. Scott Wieland, for several years residents of Bellefonte, are mourning the death of their oldest child, Joseph Lynn Wieland, who died at their home in Williamsport on Monday morning, Dec. 11, 1911. The child, who reached the age of six years last September, and his death, following a short illness with pneumonia, has been a severe blow to the parents. Surviving are two other children, Isabel and Ruth. Funeral services will be held at the Shiloh church on Friday morning at 10 o'clock.

Surviving are two other children, Isabel and Ruth. Funeral services will be held at the Shiloh church on Friday morning at 10 o'clock.

WERTZ:-John Calvin Wertz, one of Bellefonte's oldest and most highly esteemed residents, died at his home on Sunday evening at 7:45 o'clock, of asthma. Mr. Wertz was the son of Samuel and Sarah (Kelly) Wertz, pioneer residents of Centre county, and was born March 18, 1832. He was in the Civil war broke out he enlisted in Company M, Third Pennsylvania, Heavy Artillery, and engaged in the battles of Drury's Bluff, Deep Bottom and the siege of Petersburg. The close of the war he was mustered out of the service on November 9th, 1865, at Fortress Monroe, Va. After the war he went to the vicinity of Bellwood, where he secured employment in the Halfpenny Woolen Mills, then a leading industry.

GENTZEL:-Death has again removed one of our country's best known farmers-citizens in the person of Henry E. Gentzel, who passed away at his home about two miles west of Zion, on Friday last. Several years ago Mr. Gentzel had an attack of typhoid fever, which possibly was the cause of several subsequent strokes of paralysis, ending in his demise. Deceased was the son of Mr. and Mrs. Henry Gentzel, and was born near Bellefonte, July 22, 1847; he was therefore in his 64th year at the time of his death. He was united in marriage with Miss Ellen Struble, who survives together with two sons and one daughter: Epiet, and Mrs. H. E. Gerbrich, of near Bellefonte, and Henry, of Juniata; also two brothers and one sister are left to mourn: Perry and Benjamin, of Bellefonte and Mrs. Amelia Neese, of Coburn. The funeral services were held from his late home on Monday morning at 10 o'clock conducted by Revs. Stonecypher and Meredith.

SHAWLEY:-John Shawley, after an illness of about four weeks with dropsy and heart trouble, was further prostrated when on Friday he was taken at his home on Halfmoon hill, Tuesday morning at 2 o'clock, aged 68 years. Mr. Shawley was an industrious man, and was always found employed when his health permitted. His kindly nature won him many friends. He was a veteran of the Civil War, having received an honorable discharge for three month's service in Co. F, 19th Regt., Penna. Vols. He was born at Barre, Millsburg county, and when a young man he was married to Miss Louise Wall, who survives together with one son and a daughter, namely: Harry Shawley, of near State College, and Mrs. Chas. Dan, who resides on Halfmoon hill. There are also left to mourn three brothers and two sisters: David, of Creekman; Joel, and Daniel, of Spruce Creek; Mrs. Susan Bubeimer and Mrs. Cal Brooks, of near Tyrone. Funeral services will be held this afternoon at 2 o'clock at his late home, conducted by Rev. C. W. Winey, of the United Brethren church. Interment will be made in Union cemetery.

FRANTZ:-Abraham Frantz, a native of Centre county, and a Civil War veteran, died on Wednesday evening of last week at his home at Tyrone, after an illness of several months with dropsy. Abraham Frantz was born on his father's farm, back of Port Matilda, Centre county, January 24, 1841. He grew to young manhood on the farm and received a splendid common school education in the county schools throughout. About thirty-seven years ago he moved to the Mountain Orchard farm, near Van Scoyoc, and resided there for many years. He also spent eight years of his life in Pittsburg, and located in Tyrone borough in 1908, and embarked in the mercantile business. His honest straight forward business dealings with his fellowmen won the esteem and respect of the business men of
