### FILLMORE.

Our sleighing has all gone, but we are in hopes there is more to follow.

We are glad to say Mrs. Henry Tressler is on the mend, but there is still a lot of sickness, many people suffering from a bad cold and sore throat.

Our storekeeper, J. C. Hunter, is going to have a public sale on March 11, and close out his stock of merchandise.

Mr. and Mrs. Henry Resides went to Pittsburgh last week to attend the funeral of Mrs. Miles Barr who lived in Bellefonte, but went to that place last December to visit her parents and took sick and submitted to an operation at that place, and died on Tuesday morning of last week.

Ed. Taylor and Clark Huey made a trip to Huntersburg on last Tuesday with some live stock. They told us sleighing was very good down that way.

Frank Lohr drove to Snow Shoe on last Tuesday to see his brother Saul, and to bring a load of coal home. Daniel Norris, of Juniata, visited at the home of his brother's, H. T. Norris, a few days last week.

On last Thursday night about twenty-five young people gathered at the home of Mr. and Mrs. Wm. Witmer's to celebrate their son, Lester's eighteenth birthday. He received many presents. There were many different games played. At 11:30 there was a table filled with refreshments and everyone enjoyed it. In the wee hours of the night all departed for home saying they had a good time and wishing Lester many more such birthdays.

Why is a dog biting his tail like a good manager? Because he makes both ends meet.

The Fillmore scribe said last week, if you wanted to know how far it was from Fillmore to Huntersburg you were to ask one of our young men, as he could tell you. He has told us this week that he didn't go that far, as the lady he was with wouldn't let him go clear home with her.

Why did the salt shaker? Because he saw the spoon hold-er!

There was a little piece in last week's issue where it said the women are so careless that the wasted so much. We think the men are that way, for when the fall work is done the plow, harrow and chimes, mowing machine, and hayrake, or whatever is used last, is left just wherever it was used last. So we think that some of the men are as bad, if not worse than the women.

Charley Lutz, William Witmer and Roy Crust loaded three carload of hay at this place last week. They tell us it is worth \$25 a ton.

Dallis Chronister, of Julian, came across the mountain last week and purchased a hundred bushels of corn from Charles Lutz. He told us that feed was scarce on that side of the mountain.

This is leap year, and the scribe has learned that some of the ladies have made their proposals. I have secured a receipt for these ladies to take care of their men. It runs as follows: A good many husbands are spoiled by mismanagement. Some women go about as if their husbands were wind bladders and bursted. Others keep them constantly in hot water; others let them freeze by their carelessness and indifference. Some keep them in a stew by irritating ways and work. Others roast them; some keep them in a pickle all their lives. It cannot be supposed that any husband will be tender and well managed this way; but they are really delicious when properly treated. In selecting your husband you shouldn't be guided by silver appearance, as in buying mackerel, nor by golden tints as if you him yourself, as tastes differ. Do not go in the market for him, as the best are always brought to your door. It is better to have none unless you will patiently learn how to cook him a persevering kettle of the finest porcelaine is the best, but if you have nothing but an earthen kettle it will do. See that the linen in which you wrap him is nicely washed and mended with the required number of buttons and strings nicely sewed on. Tie him in the kettle by a silk cord called corn-foxt, as the one called duty is apt to burn and get crusty on the edge. Make a clear steady fire with love; set him as near this so it will agree with him. If he kicks and fizzes do not be anxious as some women. Do this till they are well cooked, add a little sweet spices such as salt, sugar and ginger, but no pepper. Do not stick any sharp instrument in him to see if he becomes tender. Stir him slow and watch him so he don't become too flat and stick fast to the kettle. If he is treated in a kind way like this, no doubt he will be very kind to you and the children, and will be cheerful unless you set him out some cold night to freeze to death.

The social which was held on last Friday night at the home of Elmer School's was well attended. The amount taken in was \$15.

A very kind lady raised a sum of money for our minister last week and did not belong to the trustees of the church. We wish that there were many more such cheerful ladies like this.

Mr. and Mrs. Charles Lytle spent last week with their many friends in Altoona and Juniata and report having a nice time.

Say Harry, we would like to know what you mean by getting that new sleigh.

How far is it from February to April? A March of thirty-one days.

Mr. and Mrs. James Huey, Dallis Marshall and wife, Henry Huey and wife attended the funeral of Mrs. Margaret Chronister, of Warriors Mark, on last Tuesday. Mrs. Chronister was past 97 years old. She was an aunt of Mrs. James Huey.

Dr. Huff, of Milesburg, was called to our village at a late hour Saturday night to give medical aid to Mrs. Elizabeth Fetzer who had a very severe attack of cramp.

Owing to the inclemency of the weather Rev. Miller was unable to fill his appointment at Chestnut Grove on Sunday.

Mrs. Addie Resides spent Saturday and Sunday with friends at Runville, also took in the quarterly conference at the Friends church, at that place.

G. P. Walker and son Edward were callers at the county seat on Saturday.

Valentine day passed off very quietly. Everyone enjoyed the exchange of valentines, but the scribe was somewhat neglected.

Don't forget to read the sale notice of H. B. Walker in another column of this paper.

The majority of the Centre Democrat readers are as anxious for the paper Thursday evening as the faithful Christians are for the Bible on Sunday morning.

W. T. Kunes and wife were Unionville visitors on Sunday.

Miss Mabel Spicer, of Bellefonte, spent last week at her home, she having a healed head.

William Potter and wife, of Bush Hollow, spent Thursday night and Friday with relatives here. Mr. Potter is well read in the poultry business and gave his friend some very good and helpful talks along that line.

### ZION.

The ground hog having had control of the weather for two weeks, has sort of lost control of it, at present, as it has been moderating with light rains for several days.

Water is getting very scarce and if it don't soon rain there will be a water famine, where cisterns are the only source of water supply.

Quite a number of our people attended J. D. Miller's sale at Hublersburg on the 14th.

J. A. Reish has bought, sold and traded more horses this winter than all of his neighbors. Ad's quite a jockey.

## The Human Heart

The heart is a wonderful double pump, through the action of which the blood stream is kept sweeping round and round through the body at the rate of seven miles an hour. "Remember this, that our bodies will not stand the strain of over-work without good pure blood any more than the engine can run smoothly without oil." After many years of study in the active practice of medicine, Dr. R. V. Pierce found that when the stomach was out of order, the blood impure, and there were symptoms of general breakdown, a tonic made of the glyceric extract of certain roots was the best corrective. This he called

### Dr. Pierce's Golden Medical Discovery

Being made without alcohol, this "Medical Discovery" helps the stomach to assimilate the food, thereby curing dyspepsia. It is especially adapted to diseases attended with excessive tissue waste, notably in convalescence from various fevers, for thin-blooded people and those who are always "catching cold." Dr. Pierce's Common Sense Medical Adviser is sent on receipt of 31 one-cent stamps for the French cloth-bound book of 1908 pages. Address Dr. R. V. Pierce, No. 663 Main Street, Buffalo, N. Y.

## Business Methods!

Do not forget that up to date Business Methods are necessary these days. Your business must be small indeed if you do not have a checking account in a good bank. It helps you to save, it records your transactions and best of all, it makes you know where you can borrow money in time of need.
