A THRILLING EXPERIENCE.

Rev. Harnish, With Horse and Sleigh Land in Spring Creek.

A severe rain storm passed over this section on Wednesday night of last week. It was accompanied by vivid flashes of lightning and peals of thunder that are unusual for this season of the year. That night Rev. Harnish was driving in a sleigh from Buffalo Run church where he had been holding services, to his home at Lemont. He drove along Court convened on Monday morning the road that passes along Spring Creek, and when in the vicinity of Rock Mills there was a bright flash of lightning in the darkness at which his beast took fright and began to back the sleigh. Despite his efforts the animal became unmanageable and it continued to back unally refused to move and the only thing that the Rev. could do was to wade to the bank, and from there he went to the nearest house for help. He succeeded in rousing D. F. Houser, who lives near by, and he came down. Seeing the animal in the middle of the stream that was over waist high, he went back to his stable and got a horse and rode into the stream, and in that manner succeeded in leading the poor animal the sleigh to the bank.

After considerable work they managed harness and the sleigh on the road, neither being badly damaged. In the use and his drenched clothing rewas able to proceed to his home at Lemont.

Tower at Bald Eagle Destroyed. About 7:20 o'clock Thursday morning, 22nd, when the wind was traveling at a great rate, the tower at Bald Eagle caught fire and in a short time the building was a heap of ashes, says the Tyrone Herald. The damage was caused by an overheated stove. R. M. Roth-rock, of Tyrone, was the operator in charge, and his efforts to check the flames were utterly unsuccessful. While trying to save the tower he neglected getting his coat, overcoat, hat and gold watch out of the building and of course the above articles went up in smoke.
