

BELLEFONTE AND VICINITY

THE LOCAL HAPPENINGS IN SHORT PARAGRAPHS

-M. M. Smith, of Jersey Shore, will move and add one more family to Bellefonte.
-District Attorney D. Paul Fortney was a business visitor to Pittsburg last week.
-Miss Eva Crisman spent over Sunday in Williamsport, as the guest of Marie White.
-Dr. A. W. Hafer was a business visitor in Tyrone and Altoona the latter part of the week.
-Harry Thompson was admitted to the Bellefonte hospital last Thursday to be treated for sciatic rheumatism.
-Miss Sarah Walte, of this place, was a guest the last week of the wife of Rev. W. H. Spangler, at the U. B. parsonage in Phillipsburg.
-The home of Restaurateur Harry Bowersox was gladdened last week by the advent of a girl baby, the second to be born in the family.
-James Cornely is filling the position with the Bellefonte Steam Heating Co., recently made vacant by the resignation of Harry Taylor.
-Ex-commissioners, G. L. Goodhart and P. H. Meyer, of Centre Hall, transacted business in town on Tuesday and gave the Democrat a call.
-Miss Ella Walte, of this place, and her brother Harry, of Tyrone, spent several days last week in Hazleton, as the guests of their brother Edward Walte.
-Monday J. W. Foreman, of Curtin, was in town, being on his way with his move to the Nees farm near Farmers Mills, in Gregg township, which he recently purchased.
-Attorney W. D. Crosby, a prominent Phillipsburg member of the Bellefonte bar, was a caller in the Democrat's sanctum this week, while attending to legal business at court.
-Mrs. James Fultz and daughter Helen, departed for their home at Mill Hall on Monday evening after spending a few days at the home of her parents, Mr. and Mrs. Scott Lambert, at the Y. M. C. A.
-Bellefonte Academy basket ball team added another victory to their successful indoor ball season, by defeating Juniata Y. M. C. A. on Saturday afternoon in the local gymnasium, by a score of 44-34.
-A meeting of the Parent-Teacher Association will be held next Tuesday evening, March 12th. There will be a continuation of topics discussed at the last meeting, together with a number of new subjects. All are invited.
-The ladies of the M. E. church will hold a chicken and waffle supper in the Y. M. C. A. this evening. As this will be the occasion for the opening of the new swimming pool, why not take supper there and be on hand for the exercises that will follow.
-H. S. Taylor, Esq., moved his law office from the Garman opera house block on High street, to the third floor of Temple Court on Monday and now occupies the rooms formerly used by the Central R. R. of Penna, where his friends and clients will now find him quite comfortably located.
-Mr. and Mrs. W. H. Macker are in the eastern cities this week on business and pleasure. Before their return it is possible that they will purchase a touring car. As Mr. Macker's business makes it necessary to do a great deal of traveling over the country, a car will prove a good investment.
-The preliminary work on the new penitentiary is so far in completion that active work for the erection and other needed preparations will be over until spring—now far off—sets in, when laborers and mechanical forces will be upon the site in the work of erection, and things will be lively there during the summer and for several years following.
-Curtin, Mary and Irene Armstrong, children of the late Mrs. Carrie Armstrong, have decided to make their home with Mr. and Mrs. Irvin Taylor, and will dispose of their household furniture at public sale on Saturday next, March 9th, at their residence on south Water street, Edward Cunningham, of Oak Hall, will move to Bellefonte and occupy the house after April 1st.
-Robert, the 11-year-old son of Division Engineer James J. Rhoads, of Altoona, the latter well known in Bellefonte as the brother of Edward K. and Miss Rebecca Rhoads, had his right leg broken several weeks ago while coasting. The fact was not known definitely until last Friday when the young man was put under the X-ray at the Altoona hospital. The limb was at first thought to be only sprained, but an examination revealed a fracture, which was promptly reduced.
-Surveyor Michael Grove stopped over in the Democrat sanctum on Saturday, on his way to his home in Gregg, having been on a state surveying job in the mountains back of Williamsport. Mike seems to be getting fat from inhaling pure mountain air the past two years. We inquired whether he saw much game in his extensive travels through the mountains, to which he said that only a few were met. This may indicate that there was a cleaning-out last season by the many hunters who camped in our mountains.
-Reuben Grafmyer, who has been employed by the Penna R. R. Co. at Altoona the past month, is visiting at his home in Milesburg, and incidentally greeted friends here on Monday. "Reub" expects to resign his position with the railroad company in a few days, and will go west where he has a good job cinched with the Leonard Construction company of Chicago. He will have plenty of occasion for seeing the country as the company is carrying on structural work in all parts of the United States. He expects to be sent to Oklahoma City, Okla., on the first trip, but will visit friends in Bellefonte for a few weeks before starting.
-James H. Potter, the hardware merchant, of the Potter-Hoy Co., Bellefonte, underwent an operation for gall stones in the St. Joseph German Hospital, Baltimore, last Friday morning. The diagnosis of his ailment proved only too true, as they found that he had been seriously afflicted with it for some time past. The operation was pronounced entirely successful, and since then the condition of Mr. Potter has been encouraging to those in attendance, so that it is considered only a matter of time and careful nursing until he will be able to be about again. The operation was performed by Dr. Harrison, an eminent surgeon. His sister, Mrs. Potter and son Donald were at the hospital at the time of the operation. For some time Mr. Potter has not enjoyed good health, and recently had a nervous breakdown that is attributed entirely to this malady. The operation means that in the future he will be greatly relieved and much improved in health.

-Joseph Mosbacher, of Grass Flat, is visiting at the home of his sister, Mrs. Fred Bryan, on Thomas street.
-John Connelly, of this place, spent a few days with friends in Millheim and Lewisburg, returning home on Tuesday.
-Harold Fisher, of Unionville, was a guest at the home of Mr. and Mrs. N. R. Spangler, east High street, on Saturday.
-Edward Shields, of State College, was an over Sunday guest of his parents, Mr. and Mrs. Michael Shields, on Logan street.
-Four reels of film means an hour and a half entertainment, and in the meanwhile you are being delighted by music in an orchestra. All this at the Lyric for 5 cents.
-Joseph Fauble, formerly of this place, now a merchant in Monongahela City, was in Bellefonte last week attending the funeral of his aunt, the late Mrs. Nathan Newman.
-Mrs. William Brecker, of Philadelphia, who has been visiting in Bellefonte and Unionville, where Mrs. Brecker's mother, Mrs. Samuel Brugger, resides.
-There will be a sale of cakes, pies, candy, etc., by the Woman's Auxiliary, at the Y. M. C. A. building, Saturday, March 10th, 1912. The ladies are requested to send their donations in time for the sale, Saturday morning.
-The Friday night dances are still being held in the Logan hall, and are gaining in interest right along. If you want to spend a pleasant evening this is the place to go. Lessons given from 7 to 9, followed by square and round dancing until 1 o'clock.
-A party of seven young ladies of this place, consisting of Misses Lydie Miller, Sue Wallace, Pearl Kinsey, Adeline Rankin, Elizabeth Gammoh, Edith Payne and Elizabeth Galbraith, attended a fraternity dance at State College last Friday evening.
-The Y. M. C. A. gymnasium swimming pool will be opened this Thursday evening with simple yet appropriate ceremonies, to which the general public is cordially invited. This is a mighty fine affair for a town of the size of Bellefonte, and will afford much pleasure to our people.
-Keene, the magician, at the opera house Saturday afternoon and evening. He also presents "The Musical Males," Hoff and Horn, the neatest and most refined musical act before the public. Special bargain prices for matinee at 2:30 p. m.; children 10 cents, adults 25 cents. Night prices—25, 35, 50 and 75 cents.
-The new automatic scale beam invented by Edward McGarvey is being given a test on the railroad scales of the Bellefonte Central R. R. at Coleville. It was installed this week and its work is being carefully noted by many interested parties in this color. Later it will be taken to the Altoona yards to give the P. R. R. officials a demonstration.
-Two games of basket ball will be played by the Bellefonte Academy on the home floor this week. The first game is on Friday evening at 8:30 with the Lyric. A number of color. Later it will be taken to the Altoona yards to give the P. R. R. officials a demonstration.
-The banquet given at the Brockerhoff House on Saturday evening to the Athletic Association of the Academy proved one of the most successful held by them. The festive board was surrounded by 53 guests and the hall was in an elevated position of the town and part of Spring township that lay higher than the reservoir. Architect Robt. Cole verbally propounded the query, and stated if it is accomplished it may mean the building of at least 150 houses. The matter was referred to street committee and boro engineer for solution.
-Overseers of the poor, Badger and Morrison, by written communication, asked that the Bellefonte poor house be executed from taxes for the years 1907, 1910, 1911 and henceforth, as it was simply a "rob Peter to pay Paul" policy to continue the taxation. Referred to finance committee and boro solicitor.
-In regard to the boro's portion of the State Highway bill, asked for by the County Commissioners at the last previous session of council, by motion it was agreed to give a boro note for the amount—\$1550.40—for nine months at 5 per cent.
-As the Noonan damage case has been settled, a copy of the release, and a receipt from the Bellefonte Electric Co. was ordered filed.
-By motion the annual appropriation sums of \$250 each were ordered to be paid to the Logan and Indian Fire companies, as well as \$266.25 to the Firemen's Relief Association. This latter sum represents one-half the tax of 2 per cent. of foreign insurance on properties in Bellefonte.
-Notes were authorized to be drawn up—one for \$2500 and another for \$1000—to take up other notes and pay current bills.
-Lycoming Peach Buds.
-W. H. Branch, president of the Lycoming Horticultural society, recently with a number of assistants, thoroughly examined the hundreds of trees in his peach orchard at "Ever Glade Farm," near Muncy, and found that the extreme cold had not affected the trees in the least. Guess that would also be the case in our Centre county peach orchards.
-All the leading public sales in Centre county are found in the Centre Democrat.

WILL COUNT MAIL FOR ONE WEEK.

An Efficiency Test Will Be Put Through at Bellefonte Postoffice.
To ascertain the quantity of mail matter handled at the Bellefonte postoffice and the efficiency of the letter carriers, together with other information, a record of the business from March 9 to March 15 is to be forwarded at the department at Washington.
The number of carriers is to be given; the number of square miles contained in the territory served by carriers; the number of street letter boxes in use; the percentage of business houses provided with mail receptacles, etc.
To learn whether any loafing is done by the carriers, they are to give the time daily consumed by them on their respective routes.
They are to report the number of letters, cards and circulars handled every day by each carrier that week. To report the number of packages, magazines, newspapers and all other third-class matter handled each day of the week in each carrier. The weight of the mail handled daily that week shall also be reported to Washington.
The carrier is to report the number of stops, that is the number of places served by him, the number of miles traveled daily; the number of delivery trips made daily and the number of collections made daily.
On one day of this week a test of efficiency is to be made, for each carrier is to take note of the number of pieces a minute that he can route up that is to distribute the pieces in the cases in the postoffice connected with his route.
Auditors Adjourn.
On Saturday the auditors of Centre county completed their labors on the various accounts and adjourned. Owing to some unavoidable delays they had to postpone their final meeting for several weeks.
The statement, as usual, will be eagerly sought after by our taxpayers who want to know how the public funds have been spent during the past year. As it is a document of some length, and the tabulated accounts are difficult to handle, and absolute accuracy is demanded, we find it impossible to have the statement printed in time for distribution this week through the papers of the county selected for that purpose.
Therefore, unless something unforeseen should happen the County Auditors' Statement of the finances of Centre county will be issued next week.
A Brief Court.
Court last week, as usual, was of brief duration, two days winding up business. Years back it lasted an entire week and longer with a trial list not one week reached. This is gratifying and speaks well for the good behavior of our citizenship which has caused the criminal as well as civil list of cases to dwindle down to minimum at each term the past few years. Attorneys at the bar at present, do not have the fat birds to pick as was the good fortune of the lawyers of the bar of former years—they they all live, move and have their being. A large falling off of litigation is indicative of a spirit of fair-dealing and sound morals prevailing which have in a large measure, wiped out dishonesty, crime and strife oft unavoidable.
Child Injured.
Clair Tressler, the seven-year-old son of Mr. and Mrs. Harry Tressler, near Filmore, met with a misfortune last Sunday by losing his thumb and front part of his right hand, by placing what he thought to be a dynamite cap on his stove, that he had got at school from some of the older boys. Dr. Kidder, of State College, dressed the wounds, and the little fellow is now getting along as well as can be expected at present.
He seems to be a rather unfortunate child, as just about a year ago he fell on the ice and cut his head so badly that it required several stitches to close the wound.
Hospital Notes.
Admitted for treatment: Arthur Hodrick, student at Academy; Reuben Hipple, Fleming; Fred J. Green, Clintonale; Alexander Lucas, Milesburg.
Operations: Jacob Gahner, Scotia; Mrs. Bertha Hockey, Bellefonte; Mrs. Martha Zimmerman, Hecla Park.
Discharged Paul Schaffer of Centre Hall.
There are thirty-two patients now in the hospital.
Marriage Licenses.
Wm. E. Bathurst - - - - Howard Myrtle F. Shay - - - - Howard Floyd R. Mott - - - - State College Ethel Borst - - - - State College Wm. G. Orndorf - - - - Woodward Carrie R. Immel - - - - Aaronsburg H. S. Lambert - - - - Spring Mills Minnie D. Erdley - - - - Lewisburg Lee Fox Green Duberry Alberta, Can. Arta M. Fleming - - - - Phillipsburg

Men's Suit and Overcoat Sale

A general round up of about 380 Garments whose regular prices were \$10 to \$25, begins Saturday morning at 8 o'clock, and the balance of the following week. In a business as big as ours, and growing all the time, we're bound to accumulate a large number of small lot ends, pairs, triplets and lonely suits and overcoats. So at the tail end of the season and that's Saturday, and the balance of the following week, we take all these Suits, and Overcoats and put them all together for a Quick Clean Up, and that's the reason for this sale. This is a time of wonderful opportunities. You can't go wrong for they're suits and overcoats from our regular stock.
