Think This Over.

Australia, European Russia, China, United Kingdom (including England, Scotland, Ireland and Wales) Germany and Chile, all have parcels post systems, and all carry such matter at greatly reduced rates—very much less than the United States does. Re-ighted China, heathen China, carries twenty-two pounds in one package, from any part of her great territory, (one half larger than ours) to any other part of it, for one dollar. If anyone in Howard wanted to get twenty-two pounds of anything from Bellefonte by mail the party sending it would be obliged to put it in six packages and pay three dollars and fifty-two cents postage. Germany will carry the same amount in two packages to any postoffice in the empire for twenty-four cents. Now let every farmer, and everybody else who wants just such accommodations as China and Germany, and all the other countries named, furnished by our post system, sit down and write a letter to be mailed next Monday, to his member of congress and tell him so, and tell it to him hard enough to make him wink and scratch his head. The following is the address of our congressman: The Hon. Charles E. Patton, H. R. Washington, D. C.

Final Examination.

The Teachers' Training Class, organized for the purpose of training and developing Sabbath school teachers, was established last April, and has continued its weekly Tuesday evening sessions faithfully until now, under the supervision of the pastors of the town, completing the prescribed course last Friday, when the final examination was had, at the home of Mrs. T. A. Pletcher, who has been its secretary from the beginning, as well as one of its earnest pupils. At the close of the exercises the occasion was converted into a social function, the first number of which was a delightful evening lunch, tendered by hostess Pletcher, and served by her daughters, the Misses Myrtle and Alma Pletcher, assisted by their school friends, the Misses Hilda Wagner and Dorothy Weber, followed by a long session of music and social intercourse. In the evening of tomorrow, Friday, a formal Commencement will occur, at which papers will be read, addresses delivered, and diplomas awarded after the manner of other students' commencements, and a feature of the occasion will be some excellent orchestral music.

Tahan.

That's the Indian name of the lecturer who will give the fourth and last number of the Winter's Course of Entertainments, promised at the beginning of the season, and for which season tickets were sold. One who knows and has heard him has this to say of his story:

"In the dress of an Indian Chief which he wears as a trophy of war, Tahan, (Rev. Joseph K. Griffith) presents to Lyceum audiences at his lecture on 'Things I saw and Did While a Savage,' one of the best, if not altogether the most thrilling and intensely interesting, and at the same time instructive, life stories ever told by a human being. And not only has it an educational value, but carries a moral and religious message as well."

This is a story which must interest all, particularly the boys and girls, because it is real, is a life's experience. The lecture will be given in the Evangelical church and admission as before—35c for adults and 25c for children.

Promoted.

Rev. C. L. McKinney, who has for some months been serving a mission church at Baker's Mines, has been promoted to a parish at Dudley, Huntingdon Co., and directed to proceed there at once. The cheery sound of the saw mill whistle up on the side of old Bald Eagle mountain is cheerful and business-like but, it tells a sad story of the destruction of our forests, and makes weird prophecy of the devastation which will ultimately follow the ever increasing floods of spring, and droughts of summer.

John and Mrs. Weber went to Lock Haven Friday evening to hear their daughter Lauretta in one of the Senior Recitals, given by the class of 1912. This was a longfellow evening, and Miss Weber won distinctive applause by her rendition of 'The Old Clock on the Stairs,' and reflected deserved credit upon her teacher, Miss Edith Reid, whose readings have been greatly enjoyed by our people on two or three occasions.

Uriah Barclay, aged eighty-two who had been making his home with Eber Lucas, of Howard township, the Lucas of Boggs township line, died there last Thursday. Mr. Barclay was the only surviving brother of the late Frederic Barclay, well known here, and the one sister who came on to attend his funeral in the only one left of the family. The funeral was held last Saturday from the Lucas home, and burial was made at Hublersburg.

Dr. Frank Oldring's veterinary practice has increased to an extent that has made necessary his investment in increased means of locomotion, and he has chosen to add a two-horse power "Ford" runabout to his equipment of horse and buggy, both being barely able to meet his requirements. When he shall acquire as complete a knowledge of autos as he has of horses, he will be much better equipped chauffeur than some we have known.

From the text "The kingdom of heaven is like unto a merchantman, seeking goodly pearls; who, when he had found one of great price, went and sold all that he had, and bought it." Rev. W. W. Rhoades, a former pastor of the Evangelical church, preached a stirring and searching gospel sermon in the Reformed church last night. He had a large and attentive audience, many members of which expressed themselves in terms of commendation.

The sleet, snow and rain of Tuesday was not enough to dull the ardor of a number of the ladies of the Hunter's Run congregation of Methodists who had appointed that day for a visit to their pastor and Mrs. R. S. Taylor. They had undertaken the journey and they made it just as though the weather gods had favored them, and brought with them more than three five baskets full—enough to feast themselves, and the preacher and his family, and "then some." They had a royal good social time of it beside. The names of these good sisters are: The mesdames C. B. Schenck, D. B. Schenck, W. C. Thompson, W. B. Cover, Mary Massden, D. S. Bechdel, Anna Davy, S. F. Kline, and Mrs. John W. Smith, of Shrileysburg; and the Misses Lydia Schenck and Anna Haines.

From a slip taken from a Maryland newspaper we learn that a "corps of surveyors are working west from Charleston Station, W. Md., towards the Potomac River." It is not this fact that interests us so much as the fact that there are three of our progressive, push-ahead young men in that corps of railroad surveyors, namely: James B. Holtzworth, Chas. C. Holtzworth and John Rowan; and also that the superintendent of the W. M. was a former Unionville boy. All are forging to the front. We are proud of you, boys. It's better than loafing in stores or at railroad stations. Don't it.

Brady Belight and Wm. Kerin, two progressive model farmers of Snow Shoe township, came across the mountains last Friday to transact some legal business and "lay in" a little supply of corn, as their crop was a partial failure last season on account of the prolonged drought. They are a good pair of boys and behaved nicely during their stay at the county capitol.

Here's one off a bargain counter from Julian. It little rosy cheeked kitten into a well, would a box of Bell Ointment draw it out? Now, Julia, get on your nighties; it is time to go to bed.

Mustn't forget Howard! If he was ever increasing floods of spring, and droughts of summer.

The remains were brought here on Friday and interment made in the Julian cemetery where his wife and two daughters are buried. Brief services were held at the Grove conducted by Rev.
