If you want to see anyone eat 25 cents' worth of candy in 16 minutes, call on Carl Marks, he is the fellow that can do it. But Ed Taylor had the candy to pay for. Seven mills for county purposes! Corn 82c a bushel at vendues! Oats 60 cents! Hay \$24 a ton! Potatoes \$1.25 a bushel! Crop failure last year! No wonder the taxpayers are sick under the ribs! They are studying the Auditor's report to learn what the last Board of County Commissioners did. One series of items alone illustrates the whole. Take the case of Bert Delige, the kinky-headed murderer, for example. Besides the costs of arrest, trial and conviction which figure in the court costs, we have these items in the Auditor's report, as allowed by the late Board of County Commissioners:

Commonwealth's cost, G. G. Pond, Ex. B. Delige's clothes \$500.00
Sher. Hurley, execution Delige 25.00
Sher. Hurley, mileage and expenses to purchase rope in Philadelphia 67.00
Sher. Hurley, cost of rope 15.00
Cost of straps and cap for the hanging 4.50
Cost of 12 jurors to see him hung 36.00
Cost of physician to say he was hung 25.00
Cost of serving extra meals to B. Delige 5.00
Total.....\$677.50

No wonder the German immigrant exclaimed: "Mein Gott! Vor a guntry, vot a beepies!"

Joseph Gephart and Mr. Schroyer's sale on Saturday was attended by many people from three valleys, and they realized good prices for everything. Corn brought 83 cents per bushel and other things in proportion. They set a generous luncheon before the sale opened, and that put everyone in a good humor.

This is a poor spring for maple sugar. There has been only a few days that maple sap has run at the taps.

Geo. H. Smull, of Smulltown, had a heavy loss last week in the death of his horse "Cap," well known through all these valleys where Mr. Smull was taken by the noble and sagacious animal, on business and pleasure, for years. His last service was on behalf of the people of Brushvalley in the telephone contest, and many are the expressions of sympathy Mr. Smull receives by letter and otherwise. Mr. Smull is satisfied that some malicious person poisoned him. When he first gave symptoms of distress a veterinarian was called in and he immediately pronounced it a case of poisoning. He hastily sent some of Dr. Daniel's medicine, which was administered in small doses as an antidote. But all the symptoms of strychnine poison were present and when the local veterinary surgeon arrived he pronounced the same poisoning. An examination made after "Cap" died proved this correct. The poisoning of a domestic animal is made a very serious offense by the criminal code and Mr. Smull is disposed to invoke it, when the case is ripe. "Cap" was a great favorite, and known over a large territory and to many friends of Mr. and Mrs. Smull, who feel the loss very poignantly.

Addison wrote: "How has kind Heaven adorned the happy land, And scattered blessings with a wasteful hand? But what avail her unexhausted stores, Her blooming mountains and her sunny shores, With all the gifts that Heaven and earth impart, The smiles of nature and the charms of art, While proud oppression in her valleys reigns, And tyranny usurps her happy plains?"

This may well apply to our country today, as it did to the lands of which Addison wrote in his day.

ZION.

The ground-hog has seen his day, and his name has gone into history as a vindicator of his prophecy.

Spring-like weather prevails much to the gratification of everybody, after a long, cold and severe winter.

Harry Smith, from Williamsport, and Joel Shaffer from Altoona, were over-Sunday visitors at their parental homes.

Michael Shaffer, from near Centre Hall, was circulating among old acquaintances last week.

Quite a number of our people are free lunching it, at public sales.

About two years ago, a village in the Elidge Gap, known as the McMillville sprung up as if by magic. It was a busy little town. The saw mill and stove mill gave employment to quite a number of men. The lumber job has been completed, and on the thirteenth the houses, stables and sheds passed under the auctioneer's hammer and will be dismantled by the several purchasers, and the village will be no more.

Sam'l Yeager will move from Merrill Showers' house at the station to — Henry Laird, from C. Decker's tenant house, to where Yeager lives; and Roy Hoy will begin housekeeping where Laird lives. Mrs. Vonada's house in the village will be occupied by Jas. Kane as soon as it is completed. James Mackey will move from the Brockerhoff farm in the Gap to Emanuel Garbrick's farm below Jacksonville.

Our village has eighteen dwellings and eighteen voters. Within the last quarter century there have been eighteen deaths and eighteen wills written in the village—quite a coincidence. Not all of these wills, however, have been executed, as some of the testators are still living. These dwellings, except one, are occupied by their owners, and are all free of debt or nearly so. If women had the right of suffrage, we could add twenty more votes to our list, as there are just that many ladies between twenty-one and ninety years old in our little burg. Politically, our town is very lopsided as Democracy prevails in a ratio of fifteen to three. That is fifteen for Wilson and two for Taft and one T. R. If there is another village in the county that can give a better showing, let it be heard.

The old American hen went on strike about six months ago, but has gone back to work at greatly reduced prices. Now if the sugar trust had a like respect for the poor, the laborer could enjoy a good meal at a nominal cost and have it well sweetened.

A little attention to the public roads at present would be a big saving of taxes later on.

They will be ready for use by the first of April.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants.
