Rover, a straw shed to the barn on his farm.

Dr. Fisher and Lavin Shaffer are not convalescing.

The annual examination for pupils preparatory to entering the Township High school was held in the High school building at Huhlersburg on Saturday. There were twenty-three in the class. Fifteen passed successfully, which is a very good showing, considering the fact that there is no graded school in the township outside of Huhlersburg. C. F. Hoy, who has had charge of the Zion school for several years, has prepared more pupils for entrance to the High school than any teacher in the township. His pupils have the honor also of being better prepared than many others. At the 1911 examination Austin Hoy, of Zion, was awarded highest honor; and this year Zion Ahey had the highest average and Della Yarnell second, both of Zion. This is interesting and encouraging to both teacher and pupils.

Milk has taken another tumble downward at the condensary, but the manufactured goods are selling at the old price.

Many of the politicians of today are at a loss to know where they stand politically: Wilson, LaFollette and Roosevelt are firm, but Taft will flop this way or that way or any way in order to influence voters. Kimpport has started his position and is firm. Walker, well he talks much and says little. He's rather shaky.

It takes either a runaway, a fire, or a dog fight to bring signs of life to the town. Sometimes an occasional band concert will attract a few humans to the streets.

The Glee Club of Susquehanna University Selinsgrove, Pa., gave a concert in the town hall last Wednesday evening to a large and appreciative audience. The club was very much blessed with the gifts and with the loyal and hospitable treatment tendered them by the members of the High school, and the people in general. They expressed the desire to come back to the town in the near future. The concert was a rare treat. The singing by the club was considered the best part of the program, especially the rendition of their college song, "Susquehanna." The calls for encores were answered very heartily by the club with many selections.

The absence of Prof. Soule was not much regretted after the audience heard the numbers given by Prof. Otto. All Millheim hopes to hear the club again by another year.

We are sorry to see these people leave our town for they were kind neighbors and were always ready to help anyone that was in need; we hope they will come back to see their old friends in this neighborhood.

We think that those two gents that came out to our town from Bellefonte last Sunday night had better get two buggies next time. They found two ladies and went for a drive, but their buggy was a little small for all, so the one fellow thought he could ride the horse a while and they took turn on the horse; this is a good idea had for those town boys to do, but we suppose it could not be helped.

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It takes men strong in body, active in mind and cool in judgement.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrappers. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.
