The people of this place were very much surprised on Sunday when they learned of the death of John L. Shaffer of Jacksonville, Mr. Shaffer was born and raised in the vicinity of Zion. When he had grown to maturity he went west and lived almost two years in Illinois. The place not being to his liking, he returned home. In October 1883, he was married to Miss Emma Vonada. LEMONT.

Norris Martz is the only farmer in these parts who has sown oats, and by the way it has been raining there will be no more sowed during April. Jacob Herman took a load of pigs to Philipsburg last week to sell. Last week brought several heavy frosts and in fact the ground was frozen on Thursday and Sunday morning and the thermometer stood at 23 degrees. Mrs. John Fisher, who has been very ill for some time, is no better at this writing. George Herkimer, one of Houserville's hustling farmers, is quite ill at his home. The trees are very slow in coming into leaf and it looks as though the heavy freezing of last winter has put everything back, even spring. Mrs. Isaac Armstrong is very ill at present. During the past week, two men claiming to hail from Jefferson county, have been looking over several farms in this neighborhood, and trying to purchase some. They claim that they wish to get out and farm as their health was poor and thought the open air would help them.

PINE CREEK.

Adam Martin, wife and daughter, from East Pine Creek, enjoyed themselves at the residence of William Winkler last week. Arthur Everett has returned from Fleming. The school he taught closed last week. Herbert Stover, from Brushvalley, Sundayed at Samuel Boyer's. There are certain people making a laughing stock of themselves by foolish talk and underhand work, and if it isn't stopped they will learn that this neighborhood has just as smart people as they are. John Musser, from Booneville, visited in this section last week.

ROMOLA.

The people of this place are now busy making garden. Chas. Young, of Romola, seems to be making quite a few trips up the line; how about it Charles? Wm. Bowes, of Elmira, N. Y., was seen passing through our town Monday this week; he left April 30th for Durand, Mich., where he has accepted a job with the Grand Trunk Railroad Co. We all wish him success. Miss Hannah Boone, of Lone Haven, is visiting her parents at Howard. Emanuel Bowes and son made a business trip to Philadelphia this week. Mon McCloskey, of this place, has been doing some sporting around. I guess he is looking for a housekeeper. How about it, Malon? Lewis Boone, who has been laid up since being kicked by a horse, is getting along as well as can be expected.

Normal.

A select school will open in Howard, on May 6th to continue for a term of eight weeks. Special attention will be given those who wish to prepare for teaching and for those wishing to continue their study in the common branches or review same. 15x18 R. M. DECKER, Teacher.

Stimulate Children?

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's Sarsaparilla as a strong and safe tonic for the young. Not a drop of alcohol in it. Always keep a box of Ayer's Pills in the house. Just one pill at bedtime, now and then, will ward off many an attack of biliousness, indigestion, sick-headache. How many years has your doctor known these pills? Ask him all about them. Made by the J. C. AYER CO., Lowell, Mass.

JACKSONVILLE.

On Sunday morning at one o'clock the death angel again visited our town and killed our midst J. L. Shaffer, who has been a sufferer with that dread disease, tuberculosis, for some time and to him death was a welcome guest. His wife, who so faithfully waited on him has the sympathy of the community. Those who are still on the sick list are: Mrs. John Yearick, who has been suffering from pneumonia most of the winter, is still in a critical condition. Mrs. Henry Antis, who has suffered with rheumatism and dropsy most of the winter without getting relief, has decided to go to the Bellefonte hospital to be cared for; hope she may find the right treatment that will bring her back to her normal good health. Miss Lizzy Orndorff, who has been suffering for about a year, is still under the doctor's care. House cleaning is about over and garden making has been the go for a few days, but the weather keeps wet and cold and farmers are becoming discouraged, as they can not get their spring crops out as fast as they would like. Just have patience, summer will come again.

Sunday, the 28th, was a loveable day and the pleasure seekers made good use of it in bicycling and in autoing; but we are afraid many forgot the command: "Remember the Sabbath day to keep it holy." It would have been better had they been tending worship in the sanctuary.

Miss Carrie Bennet spent Sunday with Florence Lucas. Miss Florence Lucas spent Saturday evening at Mrs. A. J. Lucas' at Fairview. Mrs. A. J. Lucas is on the sick list. Mr. and Mrs. J. B. Lucas spent Saturday at their son-in-law's, Fred Haines, of Howard, attending a party for the Haines; he was 26 years old. About thirty guests were present. BEATS DIGGING BAIT. Something That Appeals to the Tired Fisherman. Col. "Bill" Sterett, for many years a Washington newspaper correspondent, who foretook journalism to become Game Warden to the Commonwealth in his home State of Texas, gave out plans for a labor-saving device in gathering fishworms. Explaining his fishworm apparatus, Col. Sterett said: "You take a broom handle three and one-half feet long and drive it into a spot likely to be inhabited by anglers. Leave an end sticking up about six inches. Then take a rough broom handle. This rubbing will cause a vibration of the earth, and the worms, angry and disturbed, will work their way out of the ground. A fellow can get a pail full of worms in a short time." "But, Colonel," asked a reporter, "doesn't it take work to rub the board on top of the stick?" "Get a negro to rub the board," explained the Colonel.

LIVONIA. Miss Jessie Adams has returned from a two weeks' visit at Greenburg. Communion services were held in our church Sunday and a grand sermon was preached by Rev. Stauffer on the "Use of Talents." Prof. Kahl is kept quite busy at present attending to a large number of pupils at this place and in Sugar valley where he has been compelled to refuse some pupils as he has more work than he can do. Nathan Hough lost a horse by choking last week; he also lost a cow a few weeks ago. M. W. Adams spent last Sunday at Geo. Stover's. Parties from Millburg are engaged in building another club house in the Narrows east of this place. The average woman will feed her yard in spite of the increased cost of living.

TWO PROFITS FROM THE SAME LAND AT THE SAME TIME. THE more fertile your land, the greater its value and the larger the crop. Farm land is made fertile by evenly spreading the proper quantity of stable manure. Therefore, the farmer who uses an IHC manure spreader collects a double profit. He markets heavier crops and his land is made more valuable. To find out how this is done, see your local dealer and have him show you an IHC Manure Spreader Kemp 20th Century Corn King or Cloverleaf. The local dealer will show you why an IHC spreader does the best work—why it makes the most of the manure it spreads. The service he can render you is worth dollars to you and it costs you nothing. Buy an IHC manure spreader from your local dealer and collect a double profit from your farm.

Germs Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery. Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash with its years of misery. A 25c bottle will prove this to you.

We have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D. D. D. Prescription. Instant relief from the very first application. We are so confident that D. D. D. will reach your case that it will cost you nothing if the very first full size bottle fails to make good every claim. If you have skin trouble of any kind we certainly advise you to drop in and investigate the merits of D. D. D. anyway. We know that D. D. D. will help you.

Combine Economy with Good Taste in Selection

Advertisement for A. C. Mingle shoes. Includes an image of a shoe and text: "We do not deplore the fact that a great many men are very particular in buying shoes. Nor do we feel sorry that others are very economical... But it is too bad that the economical ones do not always get all they should for their money. Men who buy foot wear at Mingle's always get new fashions and always dress their feet in the best of taste. This and economy make a combination hard to beat. Now it's these: Our Own at \$8.00, Cornets at 8.50, Regals and Just Wright 4.00, Regals and Just Wright 4.50, BLACK and TAN, Bals and Oxfords. A. C. Mingle." The savings will, therefore, average more than half of the usual prices. Conditions have helped us to provide for OPPORTUNITY DAY tomorrow, the greatest collection of bargains that was ever offered at this time of the year. Unfavorable weather has left manufacturers and importers with heavy excess stocks, and we have been able to secure brand-new, up-to-date merchandise, for personal and household use, at an enormous sacrifice. We've also added, as usual, all BROKEN LOTS, ODD ENDS AND ACCUMULATIONS FROM OUR STOCK. We have no remembrance of any sale ever held in Bellefonte so early in the season, that offered such a wonderful collection of wanted merchandise at such extraordinarily low prices as OPPORTUNITY DAY will provide tomorrow. EVERYTHING IN THIS GREAT OFFERING IS OF A THOROUGHLY WORTHY QUALITY AND CAN BE BOUGHT WITH OUR ASSURANCE THAT IT WILL PROVE SATISFACTORY.

This is a very important consideration for the man or woman who is trying to overcome the high cost of living by purchasing to the best advantage. Remember, it isn't the low price alone that makes a thing worth buying. It is LOW PRICE COUPLED WITH HIGH QUALITY that makes a worth-while bargain. And that's why everything in this sale is worth buying, because everything is as good as it is cheap. This occasion is so unusual that it will be worth coming from any distance to take advantage of it. Take our advice and buy as much as you can, for the more you buy now the more you will be in pocket later on. We cannot promise to fill all orders, because many of the lots are small, but we'll do the best we can for those who are unable to come to the store; but make every effort to get here; it will help you.
