VIEWS OF THE WEST.

Los Gatos, Cal., May 1.

Editor Centre Democrat:—I will give you a brief sketch of my trip to Los Gatos, California, I had a very pleasant trip while on the road when I left Pittsburg, Pa. There was a family in company to Los Angeles from Chicago; another family from Rochester, N. Y.; another from Rock Island, and a gentleman and his son from Iowa, and other eastern people, so we had a nice time.

I found the Mississippi river very high and the land very wet up to Kansas. The Missouri river is in patches as the water is lying every place up to Kansas. Everything is very backward; the wheat some places is good and other places frozen out; the grass does not look good. Land looks better in Kansas—no so wet and the crops look better.

Oklahoma and Texas where I went through looks like a land of the dead, as cattle are lying every place; there are car loads of dead cattle, and I saw many more in the ranches, and the crops look better.

When I passed through the plains of New Mexico and the sand deserts of Arizona it was very dry and hot; all the prairie and cactus; its pecking to the eye but an owl could not live there as there is nothing growing to eat, only where they apply water and water is scarce. When I approached the Red Land, or the land of oranges, the mountains were covered half way down with snow and the fruit and flowers were beautiful.

From Los Angeles to Los Gatos is a fine farming country—fruit and flowers are growing on the house tops, yes, and on the tree tops; everything just beautiful, and I liked it very much. The thermometer has been from 30 to 60 degrees at night and about 75 and 80 during the day. There is a damp atmosphere from the ocean and every night heavy fogs.

The orange crop is ripe and they are picking them; this is all done by cheap labor, mostly Chinese and Japs; they furnish all kinds of cheap labor.

THOMAS A. WILLIAMS.

PORT MATILDA.

LAIRD:—We are called upon to note the death of James Laird, who died at his home near Black Oak church, April 23rd, 1912, from pneumonia, aged 25 years, 1 month and 3 days. Always thoughtful toward his parents, and their support, his associates regarded him as a true friend at all times and will greatly miss him. He leaves to mourn his early demise a father and mother, three brothers and four sisters, namely: George, of Half Moon, Hughey and Chiles, at home, Mrs. Ella Milton, nearby; Maud, Lula and Maggie, at home. Interment was made in Black Oak cemetery; Rev. H. A. McKelvey performed the last christian rite. Another chair made vacant around the family hearth.
