Bright, Newsy Letters From the Various Sections of the County.

**JULIAN.**  
 What a liberal amount of spring showers the "weather man" has doled out to us during the past few weeks. If "Bill Tatf" was one-third as willing to help us struggling creatures (as he promised to when elected) as he is to aid and assist in satisfying the wants and wishes of the "big grasping, cruel, never-satisfied trusts," our dollar would buy twice the amount of "turnips" and "bacon" to-day than what it does.

Since the weather has warmed up and the sap has become further advanced, it has been discovered that many grape vines, fruit trees of various kinds, etc., have been frozen during the past winter and fall to put forth their green leaves as heretofore.

If our evening passenger train had been here at 6:10 instead of 5:10 the other Sunday evening the gentleman from Port Matilda would have had ample time to have found his lady friend and had the desired social but as it was his was obliged to swing on board and return to his home town somewhat against his will (so to speak). The writer extends his warmest sympathy and donates his best wishes to a more prosperous future.

Mrs. Melinda Murray Parks, of Richmond City, Ind., dropped off our 9 a. m. limited on Friday last to circulate among relatives here for a brief period of time. She is the guest of her cousins, Vincent C. Harbridge, Miss Elva Campbell, and others.

Miss Clara Myers, one of our "bustle-up" schol mamma's, spent a day very pleasantly in Bellefonte last week. Miss Maude Wilson, who has been at State College for near a year past, has returned to "Julian City" where she will spend the summer with her parents and many friends.

During a thunder storm one day last week lightning struck a butternut tree in Geo. Gill's pasture field in which his cattle grazed. One of the cows which was a long distance off from the tree was knocked to the ground; after the cow had laid there for some time she got up and seemed to be all right apparently.

Orlanda Williams, of near Kermore, Clearfield county, spent the past week with his many old-time friends as well as relatives in Julian.

The inhabitants of our little village were greatly shocked on Thursday of last week when the sad news was circulated from house to house that Dallas Cronister, a farmer, neighbor and citizen of this township, had passed from this life of pain and sorrow to the unseen world beyond. Mr. Cronister became ill about 8 o'clock on Thursday morning, and a physician was sent for in all haste, who did everything to relieve his suffering but all in vain; at about 10 o'clock the same forenoon he was relieved of this life's miseries by death. Mr. Cronister was about 56 years of age and leaves to survive him his wife and a large family of boys and girls the names of whom I was unable to glean. Funeral from the house at 2 o'clock on Sunday afternoon, interment in the Williams cemetery east of Martha Furnace.

The P. R. R. Co., loosened up a little last week and gave Wm. Fink, our track foreman, the following recital: John Adams, John Smay and Jake Fink; now the hammer handles will be kept hot. (What yer think?) Charles Herrington was employed during the past week hauling the big logs from F. W. Dillen's woods to the J. C. Nason saw mill where they will be made into lumber for the new barn which will be erected in the near future by Mr. Dillen.

James Andrews and wife, Mrs. John Callaway and Mr. and Mrs. Jones drove over to Thaddeus on Thursday last to attend the funeral of the venerable John Houtz.

A cablegram flashed over the wires in the writer's office on Sunday from which I gleaned the following bit of news: Albert Miller and Miss Nora Gates were united in wedlock on Thursday at Port Matilda, and in order to avoid driving through Julian and having the news get out, they took the back road at Martha and came around through the ridges and out by Elk Run; however, as it was the news leaked out a knot-hole and the joke is on Mr. Miller and his new bride. At this period a big sun-fish far out at sea bit the cable wire in two and I was unable to get any further particulars. Congratulations to Mr. and Mrs. Miller, and may they be a long and happy journey through this life.

Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice. Their every ingredient printed on their wrappers. Made from roots without alcohol. Contain no habit-forming drugs. World's Dispensary Medical Association, Buffalo, N. Y.

The suggestion coming this year from the headquarters of the Grand Army of the Republic that upon Memorial day the bells on public buildings and churches be tolled for five minutes, as an additional mark of reverence for the day, is a splendid one.
