Bright, Newsy Letters From the Various Sections of the County.

## ZION.

Harry Smith, of Williamsport, was an over Sunday visitor at his parental home.

John Love, from Altoona, was sojourning among friends and relatives the latter part of last week, and attended the funeral of his deceased wife's aunt, Mrs. S. P. Hockman, at Mingoville.

Ward Yarnell, who works in the Renovo railroad shops, was a home visitor over Sunday, and as is his custom took a trip up the pike.

John Kane and wife were Renovo visitors over Sunday, at the home of Mrs. Kane's parents.

Among the sick—Dr. Fisher is improving slowly. Lavina Shaffer's condition remains about the same. J. G. Royer is so much improved that he was able to go to Bellefonte on Saturday. Mrs. Clevenstine is convalescing in the hospital and expects to be able to return to her home before long.

Mr. and Mrs. Frank Miller were week end guests at the home of H. A. Brunard.

There is quite an attraction below town. Inventions are being perfected to dispense with that noblest of all animals, the horse, and John Adam has gone so far as to have a horseless car—it's a mule.

A disease, known as the auto fever, has developed, but not to an alarming extent. H. T. Struble came in possession of a five passenger car last week, and there are several other parties who are seriously thinking about investing some of their loose change in horseless carriages. Well, why not enjoy yourself when you have the means at hand to do so.

Charles Fisher, the shoe man from State College, took a hike down the pike one day last week and left his auto in Lock Haven, where it will undergo repairs.

Bicycle struck by auto—On Sunday afternoon A. C. Mingle, while out driving his auto, accompanied by several ladies, met a truck on the highway, which was traveling west of our village. Mr. Mingle turned to the right, as the law requires, but Alkey was on that side of the road and kept straight ahead, no doubt expecting to pass on the left, but was too close to the auto and ran into it, smashing the front wheel, and threw the rider to the ground in front of the auto. With rare presence of mind Mr. Mingle applied the reverse brake and stopped his auto just in time to prevent a serious accident. He took the boy and his broken wheel on his auto to his home. No one was hurt, and all concerned are very thankful.

A run off—On Monday morning Wm. Eby hitched his team to his wagon and started to go to work. As he drove on to the road from the alley his team started to run and became uncontrollable. He tried to keep them in the road, but they turned to the right at the Lutheran church and ran over the boardwalk and over the fence, right up against the church where they came to a sudden stop. Neither horses or driver were hurt, but the fence was smashed to smithereens. Help arrived immediately and got him out of his tangle and he went on his way thanking his lucky stars that he was more scared than hurt.

Ebon Lash and wife, from Altoona, are visitors at his grandmothers.

Memorial Day exercises will be conducted this year in the evening at 6 o'clock. The Veterans and Sons of Veterans had set the time for Millheim at 1:30 p. m. but the citizens of the town objected to having the exercises at that time. The objection seems to be a selfish one on the part of the business men. They do not want the people to be drawn away from town in the evening. Yet the objection seems to be a very sane one. On many a past Memorial Day the town was crowded in the afternoon and in the evening there were less people on the streets than one would find in one of the back alleys on a rainy day. The services of the day and evening will be enlivened by the Millheim cornet band, which is today nearing the mark of being the best band in the county.

The junior base ball team is having some troubles of its own just now. They are quarreling among themselves and are about at the point of disbanding. They are in nearly as hopeless a condition as the Detroit American team.

The home of Peter Breon has been given a coat of paint by Garrets of Rebersburg, which greatly improves the appearance of the place.

We have Sir John Hartwick this summer for mail man and as he only comes once a day we don't get very much news; and the farmers are all getting along peaceably. It's the men that drink the booze that bring the disturbance making news.

The penitentiary work has begun on a small scale but will soon begin in a large opening.

**Backache**

Is only one of many symptoms which some women endure through weakness or displacement of the womanly organs. Mrs. Lizzie White of Memphis, Tenn., wrote Dr. R. V. Pierce, as follows:

"At times I was hardly able to be on my feet. I believe I had every pain and ache a woman could have. Had a very bad case. Internal organs were very much diseased and my back was very weak. In fact, I suffered all over. This was my condition when I wrote to you for advice. After taking your 'Favorite Prescription' for about three months can say that my health was never better."

**Dr. Pierce's Favorite Prescription**

Is a positive cure for weakness and disease of the feminine organism. It allays inflammation, heals ulceration and soothes pain. Tones and builds up the nerves. Do not permit a dishonest dealer to substitute for this medicine which has a record of 40 years of cures. "No, thank you, I want what I ask for."
