Anty Drudge tells Mary how to Save Her Hands for Piano Playing.

Husband—"Why don't you play my favorite songs on the piano any more, Mary? I miss them."

Mary—"My hands are so sore and stiff, I can't. I no sooner get them cured from one wash day until they are cracked up and sore again the next Monday."

Anty Drudge—"Why do you crack your skin and make your hands tender by using scalding water and rubbing and scrubbing the old way? Get Fels-Naptha soap and save your hands."

Fels-Naptha soap saves time, saves fuel, saves the hands, saves the temper, saves the clothes.

It's the greatest economizer of energy, because it actually does the work for you.

All the drudgery of the washboard becomes a thing of the past.

You simply soap the clothes with Fels-Naptha, roll and place them for half an hour in cool or luke-warm water.

Fels-Naptha soap loosens all the dirt, and only light rubbing and rinsing are necessary. It means too, the cleanest, whitest wash.

For every kind of household cleaning, Fels-Naptha is the one best soap for you to use. Try it once, and be convinced. Follow directions on red and green wrapper.

Combine Economy with Good

Taste in Selection

We do not deplore the fact that a great many men are very particular in buying shoes. Nor do we feel sorry that others are very economical...

But it is too bad that the economical ones do not always get all they should for their money.

Men who buy foot wear at Mingle's always get new fashions and always dress their feet in the best of taste. This and economy make a combination hard to beat. Now it's these:
