Reformed—Pastor E. F. Faust will preach at Jacksonville at ten o'clock, at Marsh Creek at half past two, and at Howard, (Children's Day service) at half past seven.

Evangelical-Pastor M. J. Snyder will preach in Howard at half past ten, and at Jacksonville at half past seven.

Memorial Day. The weather gods were most pro-Sunday. pitious in their arrangements for the celebration of what is fast becoming our most important national holiday, the rains of Wednesday having ef-fectually laid the dust and cooled the know who does. A short delay in starting the air. parade was caused by waiting for the gers, Wednesday, Eagleville delegation, upon the arrival of which a prompt start was made in the following order :- Howard band; Miss Emma Weber. a squad of boys in uniform ,who had been drilled for the occasion by Milford Myers, who has had six years' experience; Grove Brothers Post G. summer Maud, at Birmingham. A. R., thirteen in number; Sons of Veterans, under command of Burgess George H. Leathers; Red Men, of with his relatives here. Eagleville; P. O. S. of A., of Eagle-ville; P. O. S. of A., of Howard; I. O. O. F., of Howard, followed by citizens on foot. After marching and countermarching through our streets, halt was made at the cemetery where the following programme was carried out: Reading by Commander H. C. Holter; prayer by Chaplain Joshua R. Pheasant; roll call of the dead; decoration by comrades; dirge by Howard band; son. decoration by committee. Repairing to the church the meeting was called to order by presiding officer Rev. E. F. Faust, followed by prayer by Rev. M. night. J. Snyder, when president Faust introduced Rev. R. S. Taylor as the orator of the day. The reverend gentlemen's address was a masterful Valley. presentation of the need at this present time, of valor, honesty of purpose and patriotism in guarding the country against the pleadings of the self-seeker and the wiles of the dematwisted knee. gogue, quite as great as that display ed by the hoary veterans in the front seat who risked their blood and lives to crush out the destructive efforts of Sumner Wolf. the disunionists of half a century ago. The general interest in the observance of the day seemed greater than formerly, and the town was more profusely decorated with the national colors than ever before. Council Meeting. The council met on Monday evening at the appointed hour, with all members present. Minutes were read a detailed and pleasing report of progress made in the repairs and improvements to streets and sidewalks during the past month. Five car loads or two hundred and eighty-one tons of crushed limestone had been purchased and placed upon the streets at a total cost of \$318.33. The street committee was directed to purchase and apply six more car loads of crushed limestone. Brick crossings were directed to be placed on good streets and a concrete one across the alley at the Evangelical parsonage. Councilman C. M. Fox urged the placing of a crossing over Main street between his residence and that of Mr. John B. Wetzel. Referred to street committee. The Leathers Brothers were granted permission to put a crossing at their own expense on Grove street between the homes of Fredric and A. E. Leathers. Dr. Mc-Entire requested permission to lay a tile underdrain in front of his property on the south side of Black street. Referred to street committee. It was suggested by Burgess that the alley running the length of the town, south of Main street be made public from the post office to Grove street. Held for consideration. Nuisance over committee reported a complaint from C. M. Smith that the Monday wash water from the home of T. A. Pletcher was so disposed of as to be a nuisance to him, and Mr. Pletcher was directed by the president to remedy the evil. T. A. Pletcher stated that in prepar-ing for the concrete sidewalk put down before her residence, Mrs. W. P. Lucas had caused the large roots on the north side of the very tall silver maple trees which border it to be cut, thus weakening their hold upon the soil and rendering them liable to be blown over upon his house on the opposite side of the street, and claimed phia, taking a teacher's course, gradthe protection of the borough. Council directed that Mrs. Lucas be notified that if danger should occur from this cause, the borough would look to her for indemnity. The hour of meeting was fixed at eight o'clock, sharp, er attended the interesting commence-for the hot months. After passing ment exercises. and ordering paid bills amounting to \$318.33. Council adjourned. Council is to be complimented upon the display of an unusual degree of business like care and sense in the dis-cussion and disposal of questions concerning the maintenance and improvement of the streets and sidewalks A Birthday. In the evening of Memorial Day, after a rowing party on the dam pool, a number of Miss Woodward's young friends secured her absence from home by conspiring with a member of her family and a neighbor, and took possession of her house in force; and then obtained her prompt presence by a hurry call over the 'phone, greeting her with a preconcerted shout as she entered. The "surprise" was in honor of her xteenth birthday which had occurred the day before, the parhad occurred the day before, the par-ty having been postponed for the ad-wantages of the holiday, on which more of them could be present. On last Saturday Mr. and Mrs. Dr. Holland, with their accomplished daughter Miss Adeline of DuBois, and Miss Bessle Senser, the pretty daughter of Mr. and Mrs. Curt Senvation ser, of Reynoldsville, left DuBois in the doctor's new touring car at 10 o'clock a. m. and arrived in Unionville

at 4 o'clock p. m. They stayed over Sunday at the home of Mrs. Holland's mother, Mrs. Malissa Bing, and on Monday morning they continued their two- week's tour, going via of St. David, a suberb of Philadelphia, where they will visit a sister of Mrs. Hol-land, Mrs. Mary McLear. Then to Philadelphia where another sister lives, Mrs. Clyde Lever; from thence to Atlantic City, and from there to New York City. It is a purely pleasure excursion and the happy party will no doubt see as much of elephant as they possibly can. While coming in from DuBois the doctor broke a spring on his machine and it took Harry Lindemuth all day on Sunday to repair the damage. Harry says he didn't mind working on Sun-day to help a man out of a bad scrape, but he hated to miss church and Sun-

day school. W. O. Bennett, one of the most efficient engineers of the State Highway Department, started from Bellefonte on last Wednesday with a corps of ten men to locate the state road rom that place to Tyrone and from Port Matilda to Philipsburg.
