

Correspondence

(Continued)

UNIONVILLE.

Prof. J. S. Fox, who has taught our grammar school for the four last terms, was again re-elected to teach the coming term, and Miss Harriet Turner will teach the primary school. The Union township teachers recently elected are as follows: Plum Grove, A. R. Everett; Maple Grove, Miss Bessie Lansberry; Belle Grove, Robert Lannen; Bush Grove, Miss Mary J. Boyle; Cherry Grove, Ivalu B. Way.

Harold Griest, of Philipsburg, and Wm. H. Rumberger, Jr., of DuBois, two noted violinists, are visiting in Unionville. Of course, the fish in Bald Eagle creek are being rapidly diminished.

Miss Ella Nora Hoover, one of Altoona's loveliest young girls, a daughter of the late Willis Hoover, is visiting her grandparents, Mr. and Mrs. Wm. A. Peters.

Mrs. James M. Veggan with her happy family, consisting of her son Joseph, and daughters Mary and Catherine, of South Bethlehem, was a pleasant week's visitor at the home of her sister, Mrs. P. J. McDonnell.

Don't forget the great Resides reunion at Hunter's Park on Saturday, the 27th. This will be one of the "loudest" days of the season and everybody ought to attend. The Buffalo Run Presbyterians will hold a festival on the ground all day and in their church in the evening. It's going to be great! Come!

The ladies of the M. E. church will hold an "exchange" in Mrs. Moran's ice cream parlor from 4 to 8 p. m. on Saturday, July 20th. Bread, pies, cakes and other bakery goods on sale, all home made. Proceeds for benefit of church. Everybody invited. Come and have a nice social time and help push the good work along.

Here's a belated item. A fellow who had been entirely too intimate with John Barleycorn drove up from the intersection and carried on in high dudgeon, driving around town at breakneck speed, upsetting his buggy and "spilled" himself out. When constable Potter thought it was time to interfere with his boisterous escapade, he arrested him and placed him in the 8 by 10 mansion on stilts, situated on High street where he registered for a night's lodging. The next morning he was taken before Burgess Holtzworth who fined him \$4, including costs. The poor fellow begged that the matter should not be made public as he declared it was the first time that "it ever happened him." He paid his fine and left, a poorer but it is hoped, a wiser man.

There is a family living at Lake Helen, Florida to whom buttermilk is a delicious rarity. So, one morning, instead of using the quart of milk for the coffee and other culinary purposes, the good mistress concluded to churn it. It is said, "necessity is the mother of invention," as is proven in this case. The quantity of milk being too small to churn in a large churn, she simply put down into the quart measure a revolving egg beater and presto! change! in a jiffy the butter came. And oh how she and her husband enjoyed the delicious hand made buttermilk. If I thought Mr. and Mrs. Lew James wouldn't get "mad" about it I'd "give them away."

That wonderful horned colt of Brennie Tibbens has shed his horns and has grown to be a beautiful horse, and Brennie says that he is worth \$500.

Lost, stolen, or strayed: One of our most popular young ladies. She is about 5 feet 5 inches tall, of prepossessing appearance, wears glasses, weighs about 120 lbs. It is presumed she is visiting friends at Pittsburg, McKeesport and Pitcairn. She left home two weeks ago. Notice is hereby given to all young men to keep within speaking distance only. Her name is Miss Ruth Parsons and she has simply gone away to recuperate her wasted energies. Poor, dear Ruth has worked hard and she is well deserving of a few weeks' vacation.

SPRING MILLS.

Dr. Robert VanValzah, formerly of this place, now located in Wisconsin, was a welcome visitor at the home of Wm. Allison's last week.

Mary Siegal, a nurse in the Lock Haven hospital, is home spending her two weeks' vacation.

Mrs. Robert Miller and children, of Tyrone, are spending this week with her parents.

Wm. Smith and family, U. A. Moyer and family and E. S. Ripka and family, of Centre Hall, are spending two weeks at Paddy Mountain camping.

C. G. Decker has purchased the Mrs. C. E. Zeigler home.

Bruce Hagan, after spending two weeks with his parents, returned Monday to Lancaster, where he will again resume his studies in the Penna. Business College.

Ivy W. Bartges returned Tuesday morning to Akron, Ohio, after spending Sunday with his family; he was accompanied by his niece, Blanche Bartges, who will spend some time in Akron.

H. Wood, of Jersey Shore, was a caller in our town one day last week.

Margaret Weaver, of Millheim, spent Sunday with her mother, Mrs. Wm. Myer; they both left Monday morning for Milesburg, where they will spend several days.

Walter Waife is spending this week in Sunbury with his sister Mrs. George Rachau.

HALFMOON TWP.

At this writing the farmers are all through with their hay, and a goodly part of the wheat is cut. John Beck, wife and two children, Ralph and Isabel, spent Sunday at the home of their parents.

Calvin Morrison, who had been at home for a few weeks, returned to his work at Orviston last week.

Bush Davidson spent Saturday and Sunday in Unionville.

There will be communion services in the Lutheran church on July 28th in the morning, preparatory service Saturday evening preceding.

Miss Mamie Ewing, who has been at home for a month or so, went to Tyrone last Thursday where she is employed.

Eimer Taylor and wife, nephew and sister-in-law from Altoona, came down in their auto to visit his parents, and on his returning home he took his father, Wm. Taylor, along with him.

Miss Dorothy Morrison spent a couple of days last week in Tyrone visiting her little friend Beatrice Thompson.

ABOUT YOUR VACATION.

Just about now you are making plans for your vacation. See to it that you go to a healthful place. Don't tolerate conditions that you would not endure in your own home. Many people who are very particular about their drinking water and their milk when they are at home are careless about both when they go away.

Last summer a number of persons who had been at a certain resort returned home with typhoid fever. Don't make the mistake they did, but inquire about the water and milk supply of the place you expect to visit. If you have small children with you, it is especially important that you be particular about the milk. Dirty milk may bring the germs of tuberculosis to the child who is very susceptible to that disease. Be as particular about the boarding house or the hotel where you will spend your vacation as you would be in renting or buying a new house in which to live.

Don't swim or bathe in dirty water. You are almost sure to get some of it into your mouth and if typhoid fever germs are present you will probably contract the disease. Above all things select a vacation place from which you will not return physically and mentally tired, but from which you will come back with a refreshed mind and a sound body.

COBURN.

A representative of the Anti-Sabon league will be in the pulpit Sunday afternoon in the United Evangelical church.

W. H. Witmyer and wife of Bellefonte, arrived here Saturday morning and with John Witmyer and family drove to Sugar valley to visit the gentlemen's father, who resides near Logan.

Rachel and Lodie Hosterman are spending this week with their uncle, J. C. Krumrine, a progressive farmer at Welkert.

Z. A. Weaver is building an addition to his house to be used as a kitchen.

Superior Roofing.

Our readers have no doubt noticed the advertising of the Cortright Metal Roofing Company, 50 N. 23rd Street, Philadelphia, Pa., which has been appearing in our columns for several months with a change of cuts each week, and we hope that those of our subscribers who have been in need of such material have communicated with this Company, as they offer a System of Roofing possessing every point of superiority—absolute weather-tight, fire-proof, ornamental in appearance, durable easily applied and low first cost. This Company has local agencies established at many places, some of whom carry the goods constantly in stock but where they are not so represented, are always pleased to get in direct communication with the prospective buyer; if in any way interested in roofing, write them for literature and further particulars.

The members of the United Evangelical church of Upper Marion will hold a festival on the church lawn, Saturday evening, July 20th, to which the public is invited to come and help a good cause along. The proceeds are for the benefit of the pastor and church.

OPPORTUNITY.

This I beheld or dreamed it in a dream: There spread a cloud of dust along a plain, And underneath the cloud or in it raged

A furious battle, and men yelled, and swords Shocked upon swords and shields, A prince's banner

Wavered, then staggered backward, hemmed by foes. A craven hung along the battles edge And thought, "Had I a sword of keener steel—

That blue blade that the King's son bears—but this Blunt thing!"—he snapped and flung it from his hand,

And lowering crept away and left the field. Then came the King's son—wounded, sore bested,

And weaponless—and saw the broken sword, Hilt buried in the dry and trodden sand,

And saw and snatched it and with battle shout Lifted afresh, he hewed the enemy down

And saved a great cause that heroic day. —Edw. Rowland Sill.

Invented New Tanning Process. Raymond Oberfell, employed as chemist in a big tannery of West Virginia, has invented a tanning process which will tan leather in ten days and save months of time spent in the methods now used.

The company which employs Mr. Oberfell believes the process is good and a plant is being specially equipped for experiments. Leather which has been tanned by the new method stands all tests and seems superior to that made by other and longer process. It is believed that the new process will result in cheapening the price of production.

Next week being the last week of reduction sale at Alkena, the spring and fall suits will be sold at \$5.00.

Cash Paid for Butter & Eggs

18 lbs Sugar \$1.00
