Almost 400 delegates in the Republican convention refrained from voting when Taft was nominated.

Leather goods and clothing will be increased in price this fall.

This week the nominee for Governor of Ohio on the Republican ticket dropped out of the race owing to the discord in the ranks that insures certain defeat in November.

Two weeks have passed by already and Hon. Chas. E. Patton has thus far failed to accept our offer of free space to explain why he refused to support the soldier's increase pension bill.

Every old soldier in Centre county can depend on it that Jim Gleason, when elected to congress, will take special pride in looking after their pension claims.

Gov. Wilson, in order to get away from the insistent throngs of admirers, had to take a sea voyage in a private yacht in order to prepare his speech of acceptance.

A liberal reward will be given for any one who can find a Republican that is hopeful of electing Taft, or is in any way enthusiastic over the prospects.

WOOL BILL PASSES.

The compromise wool tariff revision bill introduced by Senator Penrose, passed the senate by a vote of 34 to 32.

All Democrats and the rest of the Republicans voted against the Cummins bill.

Wrong. He is more Hamiltonian than Hamilton himself. No public man since the government was formed has treated constitutional limitations so contemptuously.

Can we lead the progressive republicans to the extreme that he represents? Did he not show by his conduct at Chicago that he is more interested in obtaining the office for himself than in advancing reforms?

The democratic platform contains all the progressiveness that the people are ready to accept and Governor Wilson can be trusted to carry out the platform.

THE RICHEST BABY.

The "Infant" Industry Was Fully Protected.

Face to face with the realization that a Democratic administration is coming into control of the government, and knowing that this will mean the end of the tariff protection privilege under which they have sheltered the people for nearly a score of years, the tariff trusts have let it be known that a rise in the prices of their commodities may be expected this fall.

ANTY DRUDGE. Mother—"What makes your husband get his dinner in town every Monday evening? Is he so busy he can't come home?"

DAUGHTER—"No. But he says he cannot eat with the smell of hot steam suds all through the house."

ANTY DRUDGE—"You needn't drive your husband from home, with such disagreeable smells. Buy Fels-Naptha soap, go away with scalding water, and boiling clothes, and soapy smells, and—enjoy your husband's company."

TOO MANY household cares to give over a whole day to the week's wash!

WHY should all day Monday be wash-day? Why shouldn't just Monday MORNING be "wash morning?"

AND IT CAN BE if you use Fels-Naptha soap. Because Fels-Naptha is made to do the work FOR you.

A SOAP THAT DIS-SOLVES the dirt. You soap the clothes and place them in cool or lukewarm water for thirty minutes.

AND YOU THEN find that only light rubbing is needed to make the wash ready for the line.

WHETHER white goods, flannels, woollens or colored goods, you have got the very best washday results possible, and with the least effort.

AND BECAUSE you have used cool or lukewarm water, your hands are smooth and soft.

DIRECTIONS on red and green wrapper.
