JULIAN.

Ah, there! readers. As I was unable to send in my weekly items last week, I figured as how you would have more time to digest those "Mud-Lick-Hollow" jots which come in under the head of Julian.

Edward Good and family, of Jersey Shore, came up to our prosperous little village last week to spend a few days with the former's mother, Mrs. Susan Bodle.

Harry Chaney is one of Port Matilda's dexterous and ambitious gentlemen, who has the contract of renovating the Bald Eagle Valley road from Port Matilda to Unionville, preparatory to the building of that long talked of, and much needed State Road, which has been in the "pot" all ready to boil over for several years past. When this road is completed, which may not be very soon, we will have the pleasure of knowing that we can go to market and return without losing our rubbers in the mire.

On Wednesday of last week the stork arrived at the home of Mr. and Mrs. John Milton and upon its departure left a little girl.

Miss Reecy, of Johnstown, was an over Sunday guest with her friends, Misses Mabel and Pearl Gray, of Julian.

A school meeting was held on Saturday evening at which time the day was set for the reopening of our schools for the coming winter term. The date was fixed for September 23rd. Our teachers do not approve of the date, as it is more convenient to begin early in the fall and close sooner in the spring and avoid so much mud.

MILESBERG.

Our annual Sunday school picnic was held at Hecla Park, Wednesday, the 24th. We had everything that goes to make a good time, excepting sunshine. Most of our young people were there, also the young people of other years, all joined together for a good time. Out-door games were impossible, so to break the monotony, we sang, played games and "Kiss in the Ring," or something like it. They all were so contented that no one even tried to stop it from raining. Everything seemed so homelike, it made me think of the days when "you and I were young, Maggie." We had hot rides and rides on the merry-go-round.

Talk about fishing, an old friend and I were fishing one day for suckers; we got lots of them and they devoured our bait as though it were honey. I saw the crimson on John's face and knew he meant business. Some fishermen, like Tom Hugg and William Walker will wreathe a trout for an hour or more before landing it; but not so with John. Faint?

Have you weak heart, dizzy feelings, oppressed breathing after meals? Or do you experience pain over the heart, shortness of breath on going up-stairs and the many distressing symptoms which indicate poor circulation and bad blood? A heart tonic, blood and body-builder that has stood the test of over 40 years of cures is

Dr. Pierce's Golden Medical Discovery

The heart becomes regular as clock-work. The red blood corpuscles are increased in number—and the nerves in turn are well fed. The arteries are filled with good rich blood. That is why nervous debility, irritability, fainting spells, disappear and are overcome by this alternative extract of medicinal roots put up by Dr. Pierce without the use of alcohol. Ask your neighbor. Many have been cured of scrofulous conditions, ulcers, "fever-sores," white swellings, etc., by taking Dr. Pierce's Discovery. Just the refreshing and vitalizing tonic needed for excessive tissue waste, in convalescence from fevers or for run-down, anemic, thin-blooded people. Stick to this safe and sure remedy and refuse all "just as good" kinds offered by the dealer who is looking for a larger profit. Nothing will do you half as much good as Dr. Pierce's Golden Medical Discovery.
