## VACATION ALL YEAR ROUND.

Half the benefit of a vacation is its effect upon your mind. Very often your body seems run down simply because your mind has not had a rest Unfortunately people have an idea that they can overwork for eleven and one half months and then, in a week the country that, in the future, all the or a two week's vacation, make up what health they have lost. This is what health they have lost. This not enough. You must have vacation all year round.

This is not as difficult as it sounds.

A vacation is nothing more than a change of occupation. You have a Not only on the cars now being marksplendid opportunity for vacation every Saturday and Sunday. Mr. Harper ter was not acted upon to any conclusion, but it brought up the subject of fixing a speed limit at which automobilists may run through the town. Much complaint has been made of the high speeding indulged in by certain drivers of cars, and while a number of arrests have followed these offenses, Bellefonte is behind other towns in posting public notices giving the rate of speed at which cars may run over the streets. Referred to street committee for report.

The Misses Blanchard, Meek and Aiken, three members of the Civic Club, were present to seek council's also inquired as to whose duty it was, council's or property owners', to keep down the weeds along streets. She also stated that complaint had been made of a bad sewer at the rear of the Logan House.

The subject of removing the fournch strip from the dam above the High street bridge, was brought up by the appearance of C. T. Gerberich and G. M. Gamble in the council at the home of her daughter, Mrs. W. the first place. In substance, he stat-ed that in September, 1883, it was mill, Mr. Hale and himself, to build a new dam, which was placed below the old breastworks. Later it developed that the new dam had sunk considerably, and permission was grantplace a four-inch strip, or splashboard, on the dam in order to secure additional fall. Mr. Gerberich stated hart, Mrs. Daniel Daup and as high as the old one, which had been demonstrated to the satisfaction of members of council at that time. However, as will be remembered, last May council by motion ordered that the owners of the dam remove the strip, but the request had never been carried out, and today the creek below the dam presents a very unsightly appearance by reason of the scant amount of water running over the breast. After some argument Mr. Brockerhoff offered the following: Whereas, it was doubtful whether any council had the power to grant the splash-board privilege in the first pation he was a farmer, a temporary privilege, it is moved engineer be directed to remove same.

On motion of Mr. Judge the owners of the following properties were to be applied to repair pavements: R. Bishop street; D. Garman estate, sidewalk on High and Spring streets.
