His subject was "Palestine, a country of southwestern Asia." He told how this country became the theater of those great events which form the foundation of christianity, told of the inhabitants, their customs, and modes of life. His talk was plain and practical, and was delivered in such a way as to give his hearers a plain understanding of this historical country, which has been the theatre of the greatest events in the history of the world.

Only through Providence alone, he was not killed. If the wheels of the auto had not been locked the auto would have run over him. It slid and pushed him some distance, injuring his left shoulder and arm and left side, besides other bruises, and cut an ugly gash in his lip. He became very sick and the doctor was called. Mrs. C. A. ABBOTT, August 11, 1905. 60 Ann St., New York City. Dear Sir: I have known for over 40 years of the effects of Wilson's Remedy (Wilson's Preparation of Hypophosphites and Biotin) in cases of pulmonary troubles. At this point I will say to you what you have not before known of, that 45 years since, while I was a resident of N. Y. City, I was severely ill with lung trouble. Physicians said I was a consumptive and my family physician told my wife that he thought I could not recover. My attention was directed to the Wilson Remedy, which I used with splendid effect. I have been on my feet and at work ever since my cure. Yours truly, REV. CHAS. SAGER, Pastor M. E. Church, Hunter, (Greene Co.), N. Y.

Mrs. Mary Young, who has been on the sick list for some time, is about the same. The U. B. Picnic, held in Chaney's grove on Saturday, was fairly well attended.

HECLA PARK. We noticed in last week's issue an account of how easily Rebersburg ball team defeated our Hecla nine. We concede that they have a good pitcher in Mr. Kidder, and that the team in general is fair. However it seemed that their umpire, Mr. Morris was more effective for their team, than the team itself. Roosevelt lost to Taft; Hecla lost to Rebersburg—cause synonymous. Saturday evening, August 10th, the Hecla Park Athletic Association will hold a festival for the benefit of the ball team. Everybody should turn out to see the sham battle that will be fought on the lake which will be a treat to anyone that may be present. Free dancing all evening. Come and have an evening's enjoyment.

Wm. Zimmerman beautified his home by a fresh coat of paint. Time will tell what these environments will cause, as we believe that some nice bird could be nested in this cage. Verna Dunkle visited with friends at State College, over Sunday. FILLMORE. Oats harvest is just about over. It is very short in straw, but well filled. The oats is headed from the ground up. Anty Drudge's Way the Only Way. Mrs. Dainty—"I feel like crying, Anty! Look at these fine little white frocks I made the baby. They are literally eaten through by the strong stuff my wash-woman puts in the water to bleach the clothes." Anty Drudge—"Have your washing done at home with Fels-Naptha soap, and you need have no fear of the daintiest, sheerest articles being spoiled. And they will be pure and white, too."

Save the clothes by using Fels-Naptha soap. Half the life of clothes goes in the wash-tub under old-fashioned washday methods. It is hard rubbing that wears out the fabric. Just as scuffing on the floor makes holes in the youngster's stockings, the friction of the washboard wears out the clothes. The week's darning shows you the effect on the boy's stockings. The wear of the washboard is not so easy to detect. But it is just as certain.

Why waste your strength wearing out the week's wash? Think how Fels-Naptha soap saves the clothes. The wash is soaked in cool or lukewarm water for 30 minutes while Fels-Naptha loosens every particle of dirt. Light rubbing and rinsing make the clothes clean, and sweet and white. Follow directions on the red and green wrapper.
