#### Your Lungs and Throat.

The preparation mentioned by the Rev. Chas. Sager has been for over sixty years of incalculable worth to sufferers from consumotion, asthma, bronchitis, catarrh, grippe coughs, colds and all lung and throat diseases. and is a household remedy in many, many homes to which it has brought health and happiness.

happiness. Mr. C. A. ABBOTT, August 11, 1905. 60 Ann St., New York City. Dear Sir: I have known for over 40 years of the effects of Wilson's Remedy [Wilson's Preparation of Hypophosphites and Blodgetti] in cases of pul-monary troubles. At this point I will say to you what you have not before known of; that 49 years since, while I was a resident of N. Y. City, I was severely ill with long trouble. Physicians said I was a consumptive and my family physician told my wife that he thought I could not recover. My attention was directed to the Wilson Remedy, which I used with splendid effect. I have been on my feet and at work ever since my curz. Yours truly. REV. CHAS. SAGER. Pastor M. E. Church, Hunter, (Greene Co.,) N. Y.

The above letter shows what a great boon the Wilson Remedy was to Mr. Sager, but it is but one of thousands received testifying to the curative powers of this wonderful remedy. Write at once to Mr. Abbott at the above address and he will furnish you convincing proof of the great worth to humanity of this preparation.

## Anty Drudge and Mrs. Neverlearn.

Mrs. Neverlearn-"Well, my mother and grandmother always boiled their clothes in washing and it's good enough for us."

Anty Drudge-"Yes, and your mother and grandmother wore hoop-skirts and poke bonnets and used tallow candles, but you don't. I tell you the Fels-Naptha way of washing in cool or lukewarm water is progress and any woman who doesn't take advantage of it is years behind the times."

Fels-Naptha soap relieves your washday burden because it was made for that very purpose. With other soap, you must rub and rub to get out the dirt. But Fels-Naptha thoroughly loosens the dirt, and thus saves the back-breaking drudgery of the washboard.

Think what the Fels-Naptha way means to you:

Cool or lukewarm water. The clothes soaked thirty minutes in suds, rubbed lightly, rinsed, and then ready for the line. Fels-Naptha has dissolved the dirt-as no other soap can.

So you see, Fels-Naptha not only takes its load, but it saves your hands, your time and your strength. And it will not injure the most delicate summery fabric. As good for every department of household cleaning as for the wash. Try it, and judge for yourself.

Follow directions on the red and green wrapper.
