The women of today sometimes marvel that the men of today have any respect left for women as a class.

Where have all the old-fashioned modest girls gone to? There are some left, I am glad to admit, but they certainly seem in the minority.

In the country and in the city, the one aim of the girls of today apparently is to attract attention, both by clothing and actions.

If the mother doesn't actually assist in this effort she at least does little to check it. What can the mother of this large and growing class be thinking of?

The girls may be excused on the plea of youth, but the mother cannot. They surely know that clothes and manners are the marks of our street magdalenae.

Do they wish their daughters to ape the class that let alone the danger of their eventually joining of it? Not many years ago it was the custom for the men in the country to do the courting, but lately things have been reversed.

It is disgusting the way boys in city and country girls misuse the telephone in this regard.

Girls will call up men they have only been introduced to, for a phone conversation. Why can't they realize that if the man wishes to pursue the acquaintance he will do the calling up.

A telephone conversation is only one form of social call, and because the conversations are conducted over a wire a few miles in length should not cause it to be regarded as anything else.

Few men have standards and ideals higher than that which their wives, mothers, or sisters possess. The women always have been and should be the inspiration for the higher things of the race.

It is one of the most depressing things of this age that so many women seem to forget this and have lowered their ideals.

Your Lungs and Throat.

The preparation mentioned by the Rev. Chas. Sager has been for over sixty years of incalculable worth to sufferers from consumption, asthma, bronchitis, catarrh, grippe, coughs, colds and all lung and throat diseases, and is a household remedy in many, many homes to which it has brought health and happiness.

REV. CHAS. SAGER, August 11, 1905. Me. C. A. ABBOTT, 65 Anson, New York City.

Dear Sir: I have known for over 40 years of the effects of Wilson's Remedy (Wilson's Preparation of Hypophosphites and Biocetyl) in cases of pulmonary trouble. At this point I will say to you what you have not before known of, that as years since, while I was a resident of N. Y. City, I was severely ill with lung trouble. Physicians said I was a consumptive and my family physician told my wife that he thought I could not recover. My attention was directed to the Wilson Remedy, which I used with splendid effect. I have been on my feet and at work ever since my cure. Yours truly,

Pastor M. E. Church, Hunter, (Greene Co.) N. Y.

The above letter shows what a great boon the Wilson Remedy was to Mr. Sager, but it is but one of thousands received testifying to the curative powers of this wonderful remedy.

Write at once to Mr. Abbott at the above address and he will furnish you convincing proof of the great worth to humanity of this preparation.

REBERSBURG.

Orvis Walker's, of Pittsburg, are visiting at the home of Thomas Walker's.

Rev. Aurand and Rev. Rearick, formerly preachers of the Lutheran church of this place, attended the soldiers' picnic.

All the names of those visiting at Rebersburg are too numerous to mention, but those from western states are: Erastus Burkett, and George Corman, members of Company A; Mr. and Mrs. Greninger, Samuel Strayer and Miss Helen Wolfe.

Rebersburg can boast of a dandy auto bus, owned by Victor Walker, running from this place to Coburn. We need no longer be roused from our sweet slumbers at 4 o'clock. This was quite an improvement to our town.

What a large livery bill would be saved if the boys of Rebersburg would go to see the Rebersburg girls and the boys of Millheim the Millheim girls, instead of changing so. What will be the difference anyhow in 100 years from now?

The celebration of the 50th anniversary of the enlistment of Company A 148th regiment P. V., which was held in C. H. Small's grove one-half mile west of Rebersburg was a decided success. The services began in the morning about 10 o'clock in front of C. E. Long's hotel, at the place where the enlistment was held 50 years ago. The first thing on the program was the parade. Next was

the roll call which was very much enjoyed. Col. H. S. Taylor, of Bellefonte, had to sign before they went to war. The people then proceeded to the grove and got their dinners. After dinner we were entertained by some interesting speeches. About 3:30 there was a very interesting ball game between Rebersburg and Centre Hall. The latter beat the former by a score of 16 to 8. This was because Rebersburg's pitcher, Lee Kidder, could not play on account of a boll on his arm. The celebration was kept up till about 11 o'clock at night.

Chas. Mallory and children, of Pittsburg, are visiting at the home of Willis Coal of this place.

Mr. Jordan, of Chicago, is visiting at the home of W. S. Miller.

Tom, Tom, the Piper's son, stole the washboiler for a drum,

But his Mother laughed—she washed today, Without any boiling, the Fels-Naptha way,

And found it so easy and quickly done, Tom can have the boiler for his fun.

Some "don'ts" for women who have their washing "done out."

Don't blame your washwoman if your clothes come home yellow or streaked and bearing a nasty odor.

The responsibility is yours.

She may not have heard of the Fels-Naptha way of washing in cool or lukewarm water which makes clothes whiter, and clean and sweet.

You have.

She may be boiling the life out of them, rubbing till her back nearly breaks with the ordinary old-fashioned kind of soap because she doesn't know any other way.

It is your duty to tell her; to see that she uses Fels-Naptha soap.

Then your clothes will come home as snowy and fresh as you could wish and they'll last longer.

And your washwoman will thank you for making her work easier.

Just see that she gets Fels-Naptha soap and tell her to follow the simple directions on the red and green wrapper.

Housework Druggery

Housework is druggery for the weak woman. She brushes, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of heat, possibly dizzy feelings. Sometimes rest in bed is not refreshing, because the poor tired nerves do not permit of refreshing sleep. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription.

It Makes Weak Women Strong and Sick Women Well.

This "Prescription" removes the cause of women's weaknesses, heals inflammation and ulceration, and cures those weaknesses so peculiar to women. It tranquilizes the nerves, encourages the appetite and induces restful sleep.

Dr. Pierce is perfectly willing to let every one know what his "Favorite Prescription" contains, a complete list of ingredients on the bottle-wrapper. Do not let any unscrupulous druggist persuade you that his substitute of unknown composition is "just as good" in order that he may make a bigger profit. Just smile and shake your head! Dr. Pierce's Pleasant Pellets cures liver ill.
