ELECTION POSSIBILITIES.

A. B. KIMPORT, Chairman.

James Carson ... Belleionse Arthur Rothrock .. Pl. Gap Arthur Rothrock ... Bellefonte

upon in the article, and from the

not be elected and that Taft cannot at least that is what is frequently inwill have a majority in the Electoral College, and what might happen if no candidate have a majority there is dwelt upon at considerable length. He holds that if the election be thrown into the House of Representatives no Twenty-nine at Meeting That Incandidate for the Presidency would be dorses Congressional Nominee. candidate for the Prsidency would be elected, for none would have a majority of the States. In that event Senate would become President. Thus Sherman, the regular Republican can-didate for Vice President, might suc-Haas, whom he defeated for nominaceed Taft. Other possibilities are al- tion, so considered.

Neither Taft nor Roosevelt can win. A vote for Roosevelt is a vote for vote of 17 to 12. Sherman. A vote or Wilson is a vote for Wilson." That is about as straight was held in a law office, gives some as anything that has been said on the idea of the popularity of the indorsesubject. It might be added that a ment." vote for Wilson is a vote by the peo-

If you want to embarrass Cephas half-bred Bull Moose. Gramley ask him the plain, straight question whether he will vote for will not be bound by this conspiracy Taft or Roosevelt. He might just as They claim that the only way Patwell tell what he is going to do. The et is by a regular and orderly methman who wants votes has a right to od, and not by a trick. state his position on all prominent is-

The Editor of the North American Review says: Roosevelt can not be Penrose as a "briber," and up to this elected and Taft is out of the ques- time he has not made an effort to detion. He feels sure that Wilson can fend his honor. Is he guilty? Here win. That is the feeling that is is the unanswered charge as it appeardown in the boots of every independent thinking man you can meet on your hands; the mark of corporate Roosevelt has scuttled the Republican bribery is on your forehead, and your ship, and she might just as well go into the dry dock for repairs for the of me will be unsuccessful. You next four years.

the Bull Moose people to support him tion of your present title to admission in this district. Might just as well and legal guilt as Lorimer's. If an vote for Jim Gleason who will be able authorized tribunal of the senate will to represent the district and be of hear the testimony the North Amerisome use to the people. Gleason is a can will produce the evidence that you strong man who began at the lower rung of the ladder and has climbed.

Patton was born with a silver spoon man—an ordinary man with red blood in your yeins—you will ask the senate in his mouth and comes from an aris-

acter of the contributions to the former presidential campaigns. Penrose is all besmirched with Standard Oil grease, and some others are liable to become involved. If any Democrats have been getting grease from the Standard Oil Company let the facts be known. There is no difference in the degree of the crime whether committed by a Democrat or a Republican. Let the full truth be known.

Possibly the largest attendance ever seen at the Williams grove picnic was w. J. Bryan's 'Commoner' \$1.50 rublished weekly every Thursday morning.

Subscriptions will be continued, unless otherwise directed.

We employ no collector. You are expected to send or bring the money to this office.

dressed the farmers. The auditorium could not accommodate one-fourth of those who scrambled to gain an entrance and he found it necessary to speak from different points of the grounds to satisfy the great throng. His plain, sincere, thoughtful, practical talks to the people won him approval on every side, and was a fair index. dressed the farmers. The auditorium index of the popular drift of sentiment for New Jersey's successful governor to occupy the White House.

> For weeks there has been a running controversey between Roosevelt, Penrose and the Standard Oil Company over the amounts of money that were spent in former campaigns, and who got it. The whole affair is scandal on the official life of the nation, and plainly shows that giver and receiver are not worthy of public confidence. Vast sums of money were spent for the election of Roosevelt and now he apologizes for it on the ground that he did not know anything of the affair, and concludes every utterance by calling Penrose or some one else a fabricator or a vile falsifier. The Ananias club is growing every day.

James Gleason, the hustling young attorney of Clearfield, who is a candidate for congress in this district, was here the past week greeting friends and attending a few gatherings. He reports things looking exceedingly bright in his county for his candidacy, and reports that the endorsement of Patton by a handful of politicians as the Bull Moose nominee, will not carry much weight. Patton has announced that he will vote for Taft, and that will not give much satisfaction to the average follower of Roosevelt. How can a consistent Roosevelt man take that dose, who stands, on principle, for Roosevelt's progressive ideas. It won't mix. from that body.

A Distinction With a Difference

JOU may not always get what you pay for. It takes a good judge of values to do that, but if there is one sure rule in business it is—you pay for all you get. You may not be able to see the difference between engines of similar appearance at different prices, but if you buy from a reputable firm you may be sure the difference in quality is there.

IHC Oil and Gasoline Engines

cost more than some others because they are more carefully made, and more thoroughly tested. Skillful designing, better material, better workmanship, more careful assembling, and more thorough testing, tell in the long run. Given equal care an I H C engine costs less per year of service than any other engine you can buy. If an I H C engine is given all the work it will do, pumping, sawing wood, running the grindstone, feed grinder, hay press, silage cutter, repair shop machines, cream separator, churn, washing machine, etc., etc., it will pay for itself in a very short time in money and labor saved.

I H C engines are made in every stylehorizontal, vertical, air and water-cooled, stationary, portable and mounted on skids, to operate on gas, gasoline, kerosene, naphtha, distillate or alcohol, in sizes from 1 to 50 H. P. Kerosene-gasoline tractors, 12, 15, 20, 25 and
