Last week the writer noticed a "Weary Willie" wending his way westward up through town. He was apparently very lame and carried in his right hand a heavy cane on which he threw his weight very heavily at every step, and by times made walking appear to be a great burden to him. As it did not look altogether genuine to me, my suspicion was aroused as to his pretended lameness, and going where I could get a good view of this "hum-bug" hobo, I kept a vigilant eye on him. After he had passed I was rewarded for my trouble by seeing this "fakir" with a quick motion, the cane from his right hand to his left, and continue his struggle on up the road with the limp reversed from the right side to the left. This type of hobo's are dangerous characters.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or intense hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; this same cure of ten cases by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars to any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases. Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly
