Edna Crispin was a Bellefonte visitor one day last week.

There is a young man from Snow Shoe, who has a rubber-tire buggy comes to Clarence and takes another young man's girl out driving. If he doesn't stop it he will hear something some night.

Your Lungs and Throat.

The preparation mentioned by the Rev. Chas. Sager has been for over sixty years of incalculable worth to sufferers from consumption, asthma, bronchitis, catarrh, grippe, coughs, colds and all lung and throat diseases, and is a household remedy in many, many homes to which it has brought health and happiness.

REV. CHAS. SAGER, August 11, 1905. 64 AN ST., NEW YORK CITY.

Dear Sir: I have known for over 40 years of the effects of Wilson's Remedy (Wilson's Preparation of Hypophosphites and Bismuth) in cases of pulmonary troubles. At this point I will say to you what you have not before known of; that as years since, while I was a resident of N. Y. City, I was severely ill with lung trouble. Physicians said I was a consumptive and my family physician told my wife that he thought I could not recover. My attention was directed to the Wilson Remedy, which I used with splendid effect. I have been on my feet and at work ever since my cure. Yours truly,

Pastor M. E. Church, Hunter, (Greene Co.) N. Y.

The above letter shows what a great boon the Wilson Remedy was to Mr. Sager, but it is but one of thousands received testifying to the curative powers of this wonderful remedy. Write at once to Mr. Abbott at the above address and he will furnish you convincing proof of the great worth to humanity of this preparation.

A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles.

Every woman ought to know that she may obtain the most experienced medical advice free of charge and in absolute confidence and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wider practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

The many and varied symptoms of woman's peculiar ailments are fully set forth in Plain English in the People's Medical Adviser (1008 pages), a newly revised and up-to-date Edition of which, cloth-bound, will be mailed free on receipt of 31 one-cent stamps to pay cost of mailing only. Address as above.

A Sensible Sentence. A dispatch from Buffalo, N. Y., says: Warren House, who caused the death of Valentine Lukowski, a fellow workman, a few months ago while playing a practical joke, will begin at once to serve an unusual sentence imposed by Justice Martin in the state supreme court here. The sentence places House in charge of a probation of-

ficer for an indefinite period and compels him to pay \$3 a week toward the support of the family of the dead man until the children are able to support their mother. It is estimated that the fine will cover a period of about ten years, amounting in all to more than \$1,500. House turned a compressed air hose on his fellow workman in fun. The pressure was so great that Lukowski was instantly killed.

Little Bo-Peep washes her sheep With Fels-Naptha and cool water, That's why they're quite so snowy white As they come trailing after.

Remember this about Fels-Naptha Soap: It's not only distinct from other soaps in name but different in action.

Most soaps have the distinction without the difference. But Fels-Naptha is different in this—it's a totally new way of washing.

Fels-Naptha is the only soap that will satisfactorily wash clothes in cool or lukewarm water, without boiling or hard rubbing.

That's the difference. No boiling or scalding clothes to weaken them, no back-breaking rubbing over nauseous hot suds.

Washing done in one-half the time with one-fourth the labor; clothes last longer and are cleaner and sweeter than any other method of washing will make them.

Do you prefer the different way? You will when you've tried it.

In using Fels-Naptha Soap in Winter or Summer, follow directions on the red and green wrapper.
