Oh charity, that St. Paul preached about,
That is the thing that pays, beyond a doubt!
You have the more, the more you peddle out—
Say something nice!

Council Meeting.

At the regular council meeting on Monday evening all the members were present excepting Mr. McDowell. Street committee reported two cars of crushed limestone received and applied to the streets. The board walk of H. A. Moore at corner of Butlerwood and Maple streets was reported in bad order, and direction was given to have it renewed within fifteen days. Progress upon the sidewalks which had been ordered was reported. Nuisance committee reported bad condition of Logan alley by reason of drain from C. C. Lucas's lot, and was directed to have it abated at once. Water rent collector T. A. Pletcher asked for rates for the Robert Cooke stable, now occupied by the contractors horses, and for the section of the mattress factory, now used by the township as a school room, and was directed to charge the school two dollars for the term, and the contractors regular livery stable rates—eight dollars per year. Bids for lighting the streets were opened and read. W. H. Long proposed to furnish 20 100-watt Mazda lamps at \$25 per year each; 25 100-watt Mazda lamps at \$22 per year; 30 100-watt Mazda lamps at \$20 per year. Balsew Weber proposed to furnish 20 150 c. p. lamps at \$19 per year and additional ones at \$18 per year; 40 150 c. p. lamps at \$12.50 per year; 50 200 c. p. lamps at \$12 per year. As no one present was prepared to make a proper comparison between the two bids, and as neither specified whether the light was to be furnished only on dark nights, or every night, nor whether they were to burn only during the evening, or all night, or continuously, a motion was made and carried to hold a special meeting this Thursday, evening for further consideration of the propositions. Bids to the amount of \$54.53 were approved and ordered paid.

The third quarterly conference of Howard circuit Methodist Episcopal church will be held at the parsonage in Howard, tomorrow, Friday, Oct. 11th, at half past ten o'clock.

Miss Carrie Butler attended, in Lock Haven last Monday evening, the marriage ceremony between her relative, Miss Florence Barnard, and Mr. Lloyd Dougherty, of Cleveland, Ohio.

A bunch of our young people roaming among our mountains Saturday brought in several sprigs of wild raspberry bushes, with berries, upon them in all stages of growth, from blossoms to dead ripe ones.

Rev. E. L. Kiffer, wife and daughter Etelka, of New Castle, Pa., visited last week with Mrs. Kiffer's sister, Mrs. G. H. Bulkeley. At the recent conference of the Free Methodist church, Mr. Kiffer was transferred to Galeton, Potomac, Pa.

One of the friends who came with the body of John W. Hayes was Clyde Craft, a son of Thomas Craft, one of the well known iron makers in the palmy days of the old Howard Iron Works, and a grandson of 'quire Jacob Baker, Mrs. Craft having been Miss Ellen Baker.

John E. Mokie and little daughter took in the Fair at Milton last week. Mr. and Mrs. J. Will Mayes took Wednesday's No. 52 for New York. Mr. Mayes goes to superintend some mauseolum work in the vicinity, and Mrs. Mayes will devote her time to seeing the big town.

Mrs. C. J. Pletcher and son Fred went to Williamsport Wednesday to attend the funeral of her cousin F. B. Evans. Mr. Evans will be remembered here as the District Manager of the Woodmen of the World, who spent several weeks of the summer here, and organized a camp of that order.

Rev. M. J. Snyder was called to Loganville, in York county, last Saturday to attend the funeral of his brother, W. H. Snyder. Mr. Snyder was a teacher of long and excellent service, having given almost the whole of his

life to that work. He was sixty-eight years of age, and until quite recently had been unusually well and strong.

When Mr. Charles Anderson, the resident manager of A. L. Anderson and Co., contractors, returned to his work here last Wednesday, he looked about three inches taller than when he left for his home in Altoona two or three weeks ago. Cause why? Mrs. Stork visited his home while he was there, and left him a splendid young Mr. Anderson.

J. D. Gledhill, who was some weeks ago, transferred from the Howard tower to a place in the despatcher's office at Madera, in Clearfield county, has been again transferred and promoted, landing this time in the Despatcher's office at Tyrone. 'Duke' made of and will, in all probability be heard of in that very responsible position in the not far distant future.

A great din of whistles, begun by the big Ben of the brick works, and speedily joined in by the steam shovels and dinkey engines at the east end of the railroad worked for four o'clock Wednesday afternoon, quite excited all our people, and it was soon discovered that the small barn belonging to Prof. M. L. Pletcher was fiercely burning. The building and all its contents, consisting principally of the winter's supply of feed, Mr. Pletcher's two cows, were speedily destroyed, though the fire was kept from spreading. There was no insurance. The fire was caused by matches in the hands of a little five-year-old son of Mr. Pletcher.

John W. Hayes, who was born here forty-three years ago, and lived his schoolboy life here, died on Wednesday of last week, of appendicitis, after an operation which was undertaken when too late to be of service. For the past eight years Mr. Hayes, who was a bachelor, has been employed in the works of the American Car & Foundry Company at Berwick, Pa., and his death occurred at that place. The body was brought here and buried from the M. E. church, Saturday forenoon, pastor Dunning conducting the services. Mr. Hayes was a member of the L. O. F. and the Berwick lodge No. 246 sent a beautiful flower token of their esteem and appreciation of him. He was also an active and studious member of the Men's Bible Class in the Methodist church. He was a son of James Hayes, one of the old time citizens here.

Principal M. L. Pletcher very wisely closed his school for Thursday of last week after consultation with the directors to give his pupils an opportunity to attend Farmers' Day at the Pennsylvania State College, and went with them. Twenty-six of the boys took advantage of the opportunity, and are greatly pleased with their reception and experience. Prof. Thomas I. Mairs, who is at the head of the correspondence course in agriculture, took them in charge, and gratified them by his careful instruction. The names of the party are: Paul Wagner, Nevin Yearick, Blair Pletcher, George Foresman, Michael Pletcher, Walter Confer, Samuel Pletcher, Doyle Yearick, Russell Wagner, Pearl Pletcher, Dorothy Weber, Hilda Wagner, Marguerite Kane, Miriam Lucas, Hulda Johnson, Myrtle Pletcher, Clara Smyth, Mary Richner, Miriam Solt, Rebecca Lucas, Eva Neff, Edythe Butler, Mary Ziegler, Anna Boon and Jason Snyder.

We trust that every farmer will have a large stock of cord wood or pole wood on hand when Billy comes around and see how quickly he can "chaw" it into store wood lengths.

Recently, a fellow from Port Matilda who had imbibed too freely of corn juice, became too fresh and boisterous and was arrested and taken to Fort Potter where he spent the night all alone, by himself. In the morning the corn juice had evaporated but the fellow had no "dough" with which to pay his fine and was told to "depart in peace but don't do it again."

On evening last week about two dozen ladies of our town gave Mrs. Amanda Moran the surprise of her life. It was the nature of a "bountiful" party. Each person presented her with something useful and useful. They report having had a most enjoyable time. The affair was delightfully seasoned with ice cream and cake. I did not count them but I verily believe that more than 100 automobiles passed, up and down, through our town on last Sunday.

On last Saturday, the remains of the dear little one-year-old baby of Mr. and Mrs. Dunkle of Pittsburg, Pa., were brought here and taken directly to the upper cemetery where it was laid to rest. Mrs. Dunkle was formerly Miss Media Emerick of this place.

Rev. G. J. Kelly, of the Free Methodist church left on Wednesday with his family and household goods, for DuBois where he will be stationed as a preacher in charge for the ensuing three years. During the last three years of Mr. Kelley's pastorate in Unionville he has made many friends who are sorry to have him depart. The Rev. J. E. Collins, of Brookville succeeds Mr. Kelley at this place.

The best place to go to on next Saturday evening, Oct. 12th, is to the Grange Hall on Buffalo Run if you want to have the time of your life! Now, listen! The Ladies' Aid society of the Presbyterian church will hold a sociable at the above named place and will have home made candy, ice cream, cake and many other things too numerous to mention. It is for the benefit of the church.

Perry Moran has broken up house-keeping and had sale of his household effects on last Saturday. Of course S. K. Emerick cried the sale. Who else would? Mr. Moran has secured employment in the Bellefonte hospital.

Recently, George Calhoun, Clarence Dewalt and Lewis Dewalt, of McKeesport, left that city at three o'clock in the morning on bicycles, for Unionville and arrived here about three o'clock p. m. on Tuesday, the distance being 181 miles making an average of about 65 miles a day. And the boys are living yet.

Mr. L. F. DeBayarde and his wife and sister-in-law, Miss Carrie Cadwallader, while taking a stroll the other day across the bridge and up into Fisher's orchard, they encountered a huge black snake with head erect which they thought looked as if it intended to give battle, but the accomplished chef got a club and soon dispatched his snakeship. This representative of his Satanic majesty measured over six feet in length and was thick as a man's arm—mehdy!

COULD NOT PUT HANDS IN WATER

Red, Scaly Spots, Itched and Burned, When Scratched, Formed Into Sores, Spread Constantly, Unsightly, Cuticura Soap and Ointment Cured in Three Months.

672 Walnut St., Columbia, Pa.—"Early in the spring of last year I noticed small red scaly spots appearing on the palms of my left hand and on several fingers of my right hand. They itched and burned and when scratched or irritated in any way they formed into sores. The spots spread constantly and in a short time both hands were affected causing them to be very unsightly. After a time they became so raw that I could not even put them in water. It was pronounced eczema.

"I tried various remedies but with no relief. After three months' trial of these remedies, I noticed the Cuticura Soap and Ointment advertised and decided to try them. Every night before retiring I washed my hands with Cuticura Soap and warm water and applied a thin coat of Cuticura Ointment. I kept on with the treatment. In three months I was completely cured of my trouble." (Signed) Miss M. Katherine Carter, Apr. 20, 1912.
