MUCH ADO ABOUT NOTHING.

The Republican part of the town papers, were quite full of questions asking the Hon. Robert M. Foster for information much of which, if given amounts to nothing.

Mr. Foster was one of the Representatives from this county at Harrisburg during the Legislative session of 1897 and 1899. The session of 1899 was unusually rotten and corrupt, it was ruled by Quay and Penrose. Mr. Foster came out of both sessions with a clean record and untarnished character. His conduct, while a representative, during both sessions was such that all who desire to be represented by a clean, able, safe and careful man, can and should, with pleasure vote for him regardless of

their political affiliations. The point is, did Mr. Foster consistently and honestly vote on all questions, that had for their object the welfare of the people he represented? He certainly did and is sustained by the record.

Mr. Foster labored most assiduously to secure large appropriations for the Philipsburg hospital and the Pennsylvania State College and in these efforts he met with great success. The Bellefonte hospital was not opened for patients until sometime in 1902, but by reason of the fact that Mr. Foster had been in the Legislature and was well acquainted with many of the members, he has gone to Harrisburg during the session of the Legislature since and exercised all the influence and power he had, to secure a large appropriation for the town hospital. In this he always

helped. If the Republican papers of the town will examine their files for April, 1908, they will find Mr. Foster's position on it corresponds with his action while heaven and earth to defeat President a representative.

Before either of the Republican pa- THE PEOPLE pers of the town undertake to talk local option they had better see Mr. Penrose and ascertain whether he lature if Mr. Penrose would consent. ually fight for a principle. He is against all local option legislation now and always has been. Ask him how he will allow Mr. Gramley to vote on this question. Then ask Mr. John Corman, Billy Shaffer and Gramley who he is for, Penrose or Fred Lutz were to Lock Haven last Flinn, and has him state which boss week to see the air ship, and report he will obey. It would be well to do a good time. this, before you ask what Mr. Foster will do. He being the nominee of the had a good time all right. Gross Misrepresentations to Deceive

the Old Soldier. Some Republican office holder, fearful of losing his job by the election of Wilson has issued a picture postal card replete with misrepresentations and misleading suggestion as to what will happen to the old soldiers should the Democrats win the presidency.

The picture shows a long line of old Pension Office by a pension Examiner who says: "You are fit for manual labor." On the wall is a picture of Wilson and below is printed the following mass of false and misleading lowing mass of false and misleading

"Under the last Democratic administration, forty thousand pensioners were dropped from the rolls Tens of thousands more had their pensions reduced. All pensioners were sorely disturbed. A Democratic president spent more than \$2,000,000 in covering the land with spies upon the pension-ers. Do you want this to happen again under Wilson?"

The mendacity of the card is only equalled by its absolute lack of truth. of course 40,000 were dropped from the pension rolls during the last Democratic administration—several times 40,000. Neither Democrats nor Republicans can keep the old soldiers from dying—but the Democrats came more nearly furnishing a remedy in the Sherwood Pension Bill than the Republicans ever did. But a Republican Senate refused the remedy. Oth-er causes for removal from the rolls are re-marriage, limitation as to min-

ors, failure to claim, fraud and a transfer from one class to another. Following is a table showing the number dropped from the rolls for ten years, including the last Demo-cratic administration, 1893-97, to-gether with the number dropped for death, and the total number for other

that there was no unrest among the immense army of honest pensioners on the rolls and no cause for it whatevgiving old soldiers a dollar a day, which was mutilated and reduced by a Republican Senate.
