EDITORIAL.

Democrats, keep your eye on Penrose's Democratic "annex" in Centre county.

Any man who has courage and convictions can not pose as the friend of Penrose and at the same time be for Bill Flinn and his candidate.

Penrose has instructed his Republican followers in Centre County to take to Gramley. Penrose's Democratic "annex" here has been booming Gramley for some time.

R. M. Foster is not traveling the county trying to line up the religious organizations in his behalf. He does not believe in mixing the two, and for that reason he is deserving of credit.

Remember it is the votes that are cast on next Tuesday that count. We have been talking a long time and arguing. The harvest is ripe; it would see to it that we get what belongs to us next Tuesday.

Sam Wigton is a good fellow, and one who believes in a square deal. For that reason he did not appreciate the lemon that was handed out at the primaries last spring, especially by his supposed friends.

The satisfaction of electing a Democratic President should arouse in every Democrat a desire to go to the polls and vote. See to it that every Democrat in your neighborhood goes to the polls and votes on Tuesday.

Gramley had a taste of twelve years of public office as Superintendent of Schools, and during the recent census had another fat job with the census bureau in this district. Cephas has been well cared for in the line of public recognition.

Go to the polls next Tuesday early. If you live in the country, hitch up in the spring wagon and take a load of other neighbors with you. In that way you can contribute to the success of the ticket. That is the kind of work that counts the most.

Pennsylvania voters will revolt at \$50,000,000 bonds for good roads should Bill Flinn become the boss in this state through the Roosevelt move. We favor good roads but we don't want Bill Flinn on that \$50,000,000 job. This is the time to dispose of both Flinn and Penrose.

Charles E. Patton voted with Taft and the Trusts all through congress. Everything in Taft's administration, that is denounced by Roosevelt, Patton supported. In the face of this record Bull Mooers in Bellefonte talk of supporting Patton. This is the rankest form of inconsistency.

The next president will be a Democrat and his name is Woodrow Wilson. All fair minded men now concede that much. Why not let the man have a Congress and Senate that will be in harmony with the president. Don't hamper him with a hostile congress. For that reason vote for Gleason; he will co-operate with the president. Patton would only vote as the bosses tell him. That was what he did in the last session.

The Democracy of Centre county might just as well recognize the fact now as later. Penrose has a little "annex" in the Democratic party of Centre county that he can call on whenever it is needed. This time Penrose's Democratic "annex" is working for the election of Cephas Gramley for the reason that Cephas will vote for Penrose for re-election to the United States Senate. Watch Penrose's Democratic "annex" for it is doing business at the old stand.

The ballot to be voted on Tuesday is quite complicated and everybody should carefully study the sample ballot to be found on the inside page of this issue, which is a part of the Sheriff's election proclamation. It is simply a reduced form of the official ballot. In order to avoid making mistakes most Democrats will put their X in the large square at the side of the ballot. Those in favor of Taft will vote in the party square, while the Bull Moose friends of Roosevelt will be sure to make their X after the Bull Moose square.

The New York Herald, the New York American, and the New York World—three of the largest papers in the country—made election forecasts in their last Sunday editions. Each one finds that the election of Taft is hopeless, and that while Roosevelt is out of the question, Wilson will make a sweep of the country. Pennsylvania is considered one of the doubtful states that Wilson will likely carry, but with Roosevelt stronger than Taft. That

means that the Bill Flinn crowd will down Penrose, in which case there will be only a change of bosses.

Wilson is sure of being elected. Why then should he be hampered with a hostile United States Senate? It were better that the Democracy be given a chance to inaugurate their policies and that they have a full opportunity to put into practice and test those things that they have so long advocated. No man can accomplish anything with a balky team. A vote for Patton for Congress or a vote for Gramley for Assembly means that you are throwing obstructions in the way of the next president, who certainly will be a Democrat. If you want a change, vote right.

C. L. Gramley has the Penrose endorsement for Legislature. He was endorsed in a back room, at the Brockers' House, without resolutions, by Horton Ray's Bull Moose society. Gramley boasts that the temperance people will be for him, while Horton Ray expects to handle the Bull Mooers. Penrose's Democratic "annex" in Bellefonte has sent out word over the county to also support Cephas who, like Stern said, is carrying "two waters on one shoulder." With all that, men like a man to be consistent and courageous, and for that reason the people will turn this political acrobat and trimmer down. He stands for everything and for nothing in particular, but expects that everybody should vote for him.

"WILSON AND SOLDIERS."

"Governor Wilson, the Democratic nominee for President, in a review of the administration of President Cleveland, on page 180, volume 5, 'History of the American People' says: 'What most attracted the attention of the country, aside from his action in the matter of appointments to office, was the extraordinary number of his vetoes. Most of them were uttered against pension bills, great and small. Both Democratic House and Republican Senate were inclined to grant any man or class of men who had served in the Federal armies during the Civil War the right to be supported under the National Treasury, and Mr. Cleveland set himself resolutely to check their extravagance. He deemed it enough that those that had been actually disabled should receive pensions from the Government and regarded additional gifts for mere service, both an unjustifiable use of the public money and a gross abuse of charity.'

The above is cut from the Keystone Gazette of the 25th inst., and the Gazette argues that candidate Woodrow Wilson endorses it. He does no such thing. It is simply a statement of what Cleveland did as an historical fact. A matter of history, and it is just what Cleveland did. Gov. Wilson does not approve of it nor does he repudiate it, nor should he. He is writing history.

It is impossible to get this Republican editor to state anything fairly that relates to old soldiers or pensions. Every Act of Congress, beginning with the arrears Pension Bill in 1878, that has been in any way liberal with soldiers' pensions, has come from a Democratic Congress.

AN OLD SOLDIER.

Every vote for Woodrow Wilson is a vote for progressive government. Every progressive vote against Woodrow Wilson is a vote thrown away or worse than thrown away.

Mr. Roosevelt cannot be elected. As between him and Mr. Taft the contest is merely a question of which will run third. This may be interesting but it is not important to the welfare of the American people. Even if Mr. Roosevelt could by any possible chance be elected, his victory would result only in a deadlocked government. He would have a hostile congress to deal with, which did not recognize his leadership and which would not work with him. His election would mean merely four years of turmoil without profit to the country.

Gov. Wilson can be elected and he will be elected. But this is not enough. He should be elected by a majority so great that there can be no mistake as to the meaning of the people's mandate. He will go into office with a Democratic house, and if his majority is large enough he will have a Democratic senate as well. This will make President Wilson the leader of a united party in full control of both branches of congress and in a position to carry out all the progressive policies to which it is pledged.

The country will have immediate revision of the tariff to reduce the cost of living, with as little disturbance to legitimate business as possible. It will have an honest enforcement of the law against predatory trust and monopolies.

There will have a free government emancipated from boss rule and from corporate rule. It will have a sane, progressive administration of public affairs from the day of Woodrow Wilson's inauguration.

That is what the great mass of American people want, whether they call themselves Democrats or Republican Progressives. That is what they will get if they act intelligently. The way to get it is to give Gov. Wilson a majority so overwhelming that it will be indeed the voice of the people.

Why waste your vote?—N. Y. World.

STANDS FOR NOTHING.

Can any one understand why either Dr. Bernshof, of Bradford, and W. T. DeHaas, of Clearfield, two men just as able if not superior in ability to Charles E. Patton, who were willing to take the Bull Moose nomination for Congress in this District and come out with an absolute, positive declaration in favor of T. R. and his principles, were turned down, regardless of the will, wish or rule of the people and the endorsement of this party given to a man who—to get it—promised neutrality in face of a mediator, vote dodging, standpat record in Congress? Neither for Taft nor against his policies and neither for Roosevelt's policies or against Roosevelt himself, is Mr. Patton a Flinn-Taftite or Taft-Flinnite? Where does he stand? Write him, and find out whether he intends voting for Taft or Roosevelt in November.

THE DUTY OF THE HOUR.

National Committeeman Palmer and George W. Guthrie, chairman of the Democratic State Committee, have issued the following urgent appeal to the Democratic voters of Pennsylvania:

"A careful canvass gives promise of victory on November 5 for your candidates and the cause of liberty, good government and progress in both the State and nation.

"The people are tired of a government of arbitrary power and special privilege—a government which has been perpetuated by machine methods and the misuse of money and patronage and has overridden the liberties of the people and ignored their needs.

"In this State, the Republican machine—that criminal conspiracy which masquerades under the name of the Republican party—is disrupted.

"The struggle of the bosses lies your opportunity. There are no hills in Pennsylvania for which this machine and these bosses are not responsible.

"Experience has shown that there is no hope of honest government or of true progress under the rule of this machine, no matter who is the boss.

"It must be destroyed before you can hope for good government.

"Enough earnest and sincere Republicans who place public good above partisanship are ready and willing to unite with you and redeem the State.

"The opportunity is here; the power is in your hands.

"Do not be alarmed by the false prediction of panic, by which partisans are at the eleventh hour seeking to frighten you from the assertion of your rights.

"Even the head of the Steel Trust himself has publicly declared to his associates that we are enjoying an era of unsurpassed prosperity which is not due to any political policy or efforts, but has come in spite of them—because nothing could prevent.

"Contrast this deliberate declaration of a responsible business leader, with the 'calamity howling' of political partisans seeking only a continuance of their own power.

"Be true to yourselves and have confidence in the result of a just and righteous cause.

"Stand for self-government against machine rule and arbitrary power.

"Stand for justice and the square deal for all against special privilege.

"Stand upon the principles upon which this government rests, that all its powers belong to the people and must be used for equal good of all.

"You can now, if you will, recover the power of self-government and secure that legislation and administration necessary to restore Pennsylvania to her proper place in the sisterhood of States and free her from the shame which has been brought upon her.

"Your country calls you to duty; your country demands your services.

"Give at least one day to your citizenship.

"Go to the polls and vote with good men of all parties who stand ready to assist you and place Pennsylvania's name again on the keystone of the arch, which stands for liberty and justice to all men.

"In conclusion, we desire to express our deep appreciation of the faithful and efficient services of the officers and committees of your party, and of your confidence and co-operation in their work.

"Upon you and your committees rests the final duty of seeing that the vote is polled and honestly counted and returned.

"Give the vote to your country, your liberties and your rights.

"A MITCHELL PALMER, National Committeeman of Pennsylvania.

"GEORGE W. GUTHRIE, Chairman Pennsylvania State Committee."

QUESTIONS FOR MR. PATTON.

1. In the 62nd Congress, how did you vote on the bill called the Farmers' Free List? For the farmer or in favor of the trusts?

WILSON WAY IN LEAD.

Indications Are That He Will Carry Pennsylvania.

With the presidential election only five days off and the campaign entering its final and perhaps vital stage, indications are, according to the New York Herald's national canvass, that Governor Wilson has a big lead in the battle for the presidency.

For second place a desperate battle is on between the president and Mr. Roosevelt, with the latter leading.

In several sections of the country it appears, according to the Herald correspondents' most recent reports, that a "drift" has set in for President Taft.

This is not reflected by the straw vote, it is possible that it developed after the last ballots, which figure in this week's computations, had been cast.

Up to the present time 270,925 test ballots have been taken in 35 states by the Herald. They range from the Pacific coast to Maine and from Missouri to South Dakota and Montana.

Of this total Governor Wilson has received 110,923. Mr. Roosevelt has received 82,575. Mr. Taft has his credit 54,427.

Of the 35 states in which these votes were taken Governor Wilson leads in 26, Mr. Roosevelt in five—California, Michigan, Washington, Idaho and Illinois—and President Taft in four—New Hampshire, Rhode Island, Utah and Wyoming.

The recent court decision excluding the progressive electors from the regular ballot in Idaho is generally expected to transfer that state from Mr. Roosevelt to President Taft.

The 36 states from which the test ballots have been taken Mr. Roosevelt runs second in 21, Governor Wilson in nine and the president in five. The latter five are Massachusetts, New Mexico, Wisconsin, Ohio and Colorado.

Mississippi, Pennsylvania, West Virginia, Maryland, Virginia, North Carolina and South Carolina has a plurality on the test vote of 17,700 thus far, and the state is considered in doubt by the Herald.

No test votes were taken in the solid south as that was deemed useless.

The New York World and the New York American on Sunday made forecasts that were similar, in which they claimed Wilson's election as an absolute certainty. In fact this has been conceded long ago, if the Democrats are left to the polls and cast their nominal vote.

Gov. Wilson displays the same feeling and now is appealing to Democrats to watch the vote for Legislature—that is the next important move.
