Deafness Cannot Be Cured by local applications, as they cannot reach the disansed portion of the ear. There is only one way to
cure deafness, and that is by constitutional remedies.
Deafness is caused by an inflamed condition of the
mucous lining of the Eustachian Tube. When this
tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be
taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases
out of teh are caused by Catarrh, which is nothing

The Best Cough Syrup is Easily Made at Home

Costs Little and Acts Quickly. Money Refunded If It Falls.

This recipe makes a pint of cough syrup, and saves you about \$2.00 as compared with ordinary cough remedies. It stops obstinate coughs—even whooping cough—in a hurry, and is splendid for sore lungs, asthma, croup, hoarseness and other throat troubles.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 21/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. Take a teaspoonful every one, two or three hours. Tastes

This takes right hold of a cough and gives almost instant relief. It stimulates the appetite, and is slightly laxa-

tive—both excellent features.

Pinex, as perhaps you know, is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and the other natural healing

pine elements.

No other preparation will do the work of Pinex in this recipe, although strained honey can be used instead of the sugar syrup, if desired. Thousands of housewives in the United States and Canada now use this Pinex and Sugar Syrup recipe. This plan has often been imitated, but the old success-

ful formula has never been equaled. Its low cost and quick results have made it immensely popular.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

SUFFERED WITH

Dandruff. Sores or Scabs Covered Top of Head. Intense Itching and Loss of Sleep. Cuticura Soap and Ointment Cured Entirely.

1357 So. Paxon St., Philadelphia, Pa. --"My son, one year old, had suffered with eczema on his scalp and occasional outbreaks on his face and body ever since he was a small baby. The first sign of any disturbances of the scalp was the appearance of dandruff. Within a week large sores or scabs had formed, covering the top of his head where the hair was thickest. His scalp was full of large watery scabs that caused intense itching and loss of sleep. He would scratch his face until blood appeared many times, and was unusually fretful during the day and cried at times both day and night, Some of his hair fell out.

"I tried some remedies that were recommended to me but these were of no help in relieving him. Through a friend I heard of Cuticura Soap and Ointment. The parts that were affected I washed in warm Cuticura Soap suds, and applied the Cuticura Ointment afterwards. In about two weeks they cured it entirely." (Signed) Mrs. S. R. Emurian, Jan. 15, 1912.

Not only are Cuticura Soap and Ointment most valuable in the treatment of eczemas and other distressing eruptions of skin and scalp, but no other emollients do so much for pimples, blackheads, red, rough and oily skins, itching, scaly scalps, dry, thin and falling hair, chapped hands and shapeless nails, nor do it so economically. Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold by druggists and dealers everywhere, Liberal cample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Strong Healthy Women

f a woman is strong and healtny in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.
